Requiem Variations On Eighteenth Century Themes

John T. Bookman

Requiem Variations On Eighteenth Century Themes:

Requiem Forrest McDonald,1988 *Requiem* Forrest McDonald, Ellen Shapiro McDonald, 2021-10-08 In eleven provocative essays Forrest McDonald and his wife Ellen Shapiro McDonald cover a wide range of the intellectual political military and social history of the eighteenth century to present both a picture of the age in which our Constitution was crafted and commentary on developments that have caused American government to stray from the Founders principles Appearing here in print for the first time is Forrest McDonald s widely acclaimed 1987 NEH Jefferson lecture *The Intellectual World of the Founding Fathers* In other essays the McDonalds examine such topics as the writing of the Constitution the central role of such little known Founders as John Dickinson the most underrated of all the Founders and the constitutional principles of Alexander Hamilton Also presented is an exploration of the ritualistic aspects of eighteenth century warfare and an analysis of Shays Rebellion as a tax revolt In chapters focusing on the separation of powers the political economy and the death of federalism the McDonalds argue the urgent need to return to limited government under law *The Good, the Bad and the Ancient* Sue Matheson, 2022-11-03 Although Americans are no longer compelled to learn Greek and Latin classical ideals remain embedded in American law and politics philosophy oratory history and especially popular culture In the Western genre many film and television directors such as John Ford Raoul Walsh Howard Hawks Anthony Mann and Sam Peckinpah have drawn inspiration from antiquity and the classical values and influences in their work have shaped our conceptions of the West for years This thought provoking first of its kind collection of essays celebrates affirms and critiques the West s relationship with the classical world Explored are films like *Cheyenne Autumn* *The Wild Bunch* *The Track of the Cat* *Trooper Hook* *The Furies* *Heaven s Gate* and *Slow West* as well as serials like *Gunsmoke* and *Lonesome Dove*

Aristocratic Souls in Democratic Times Richard Avramenko, Ethan Alexander-Davey, 2018-05-07 Great statesmen and gentlemen men of honor and rank seem to be phenomena of a bygone Aristocratic era Aristocracies which emphasize rank and value difference quality beauty rootedness continuity stand in direct contrast to democracies which value equality autonomy novelty standardization quantity utility and mobility Is there any place for aristocratic values and virtues in the modern democratic social and political order This volume consists of essays by political theorists historians and literary theorists that explore this question in the works of aristocratic thinkers both ancient and modern The volume includes analyses of aristocratic virtues interpretations of aristocratic assemblies and constitutions both historic and contemporary as well as critiques of liberal virtues and institutions Essays on Tacitus Hobbes Burke Tocqueville Nietzsche as well as some lesser known figures such as Henri de Boulainvilliers John Randolph of Roanoke Louis de Bonald Konstantin Leontiev Jose Ortega y Gasset Richard Weaver and the Eighth Duke of Northumberland explore ways of preserving and adapting the salutary aspects of the aristocratic ethos to the needs of modern liberal societies **The Mythology of American Politics** John T. Bookman, 2008-07 Demystifies some of the most pervasive myths about American politics The Cost of Liberty

William Murchison, 2023-06-27 *The Cost of Liberty* offers a sorely needed reassessment of a great patriot and misunderstood Founder. It has been more than a half century since a biography of John Dickinson appeared. Author William Murchison rectifies this mistake, bringing to life one of the most influential figures of the entire Founding period: a principled man whose gifts as writer, speaker, and philosopher only Jefferson came near to matching. In the process, Murchison destroys the caricature of Dickinson that has emerged from such popular treatments as HBO's *John Adams* miniseries and the Broadway musical *1776*. Dickinson is remembered mostly for his reluctance to sign the Declaration of Independence. But that reluctance, Murchison shows, had nothing to do with a lack of patriotism. In fact, Dickinson immediately took up arms to serve the colonial cause, something only one signer of the Declaration did. He stood on principle to oppose declaring independence at that moment, even when he knew that doing so would deal the finishing blow to his once great reputation. Dubbed the Penman of the Revolution, Dickinson was not just a scribe but also a shaper of mighty events. From the 1760s through the late 1780s, he was present at and played a significant role in every major assemblage where the Founders charted America's path, a claim few others could make. Author of the landmark essays *Letters from a Farmer in Pennsylvania*, delegate to the Continental Congress, key figure behind the Articles of Confederation and the Constitution, chief executive of both Pennsylvania and Delaware, Dickinson was, as one esteemed historian aptly put it, the most underrated of all the Founders. This lively biography gives a great Founder his long overdue measure of honor. It also broadens our understanding of the Founding period, challenging many modern assumptions about the events of 1776 and 1787.

American Cicero Bradley J. Birzer, 2023-06-20
Aristocrat, Catholic Patriot, Founder. Before his death in 1832, Charles Carroll of Carrollton, the last living signer of the Declaration of Independence, was widely regarded as one of the most important Founders. Today, Carroll's signal contributions to the American Founding are overlooked, but the fascinating new biography *American Cicero* rescues Carroll from unjust neglect. Drawing on his considerable study of Carroll's published and unpublished writings, historian Bradley J. Birzer masterfully captures a man of supreme intellect, imagination, integrity, and accomplishment. Born a bastard, Carroll nonetheless became the best educated and wealthiest Founder. The Marylander's insight, Birzer shows, allowed him to recognize the necessity of independence from Great Britain well before most other Founders. Indeed, Carroll's analysis of the situation in the colonies in the run up to the Revolution was original and brilliant, yet almost all historians have ignored it. Reflecting his classical and liberal education, the man who would be called *The Last of the Romans* advocated a proper understanding of the American Revolution as deeply rooted in the Western tradition. Carroll even left his mark on the U.S. Constitution, despite not assuming his elected position to the Constitutional Convention by inspiring the creation of the U.S. Senate. *American Cicero* ably demonstrates how Carroll's Catholicism was integral to his thought. Oppressed because of his faith, Maryland was the most anti-Catholic of the original thirteen colonies. Carroll became the only Roman Catholic to sign the Declaration of Independence and helped legitimize Catholicism in the young American republic. What's more, Birzer

brilliantly reassesses the most controversial aspects of Charles Carroll his aristocratic position and his critiques of democracy As Birzer shows Carroll s fears of extreme democracy had ancient and noble roots and his arguments about the dangers of democracy influenced Alexis de Tocqueville s magisterial work Democracy in America American Cicero reveals why Founders such as John Adams assumed that Charles Carroll would one day be considered among the greats and also why history has largely forgotten him

Law as a Social System Niklas Luhmann,2004 However unlike conventional legal theory this volume seeks to provide an answer in terms of a general social theory a methodology that answers this question in a manner applicable not only to law but also to all the other complex and highly differentiated systems within modern society such as politics the economy religion the media and education This truly sociological approach offers profound insights into the relationships between law and all of these other social systems

The Founding Conservatives David Lefer,2013-06-13 It is not only the cause but our manner of conducting it that will establish character John Dickinson 1773 A nation at war and widespread mistrust of the military A financial crash and an endless economic crisis A Congress so divided it barely functioned Bitter partisan disputes over everything from taxation and the distribution of wealth to the role of banks and corporations in society Welcome to the world of the Founding Fathers According to most narratives of the American Revolution the founders were united in their quest for independence and steadfast in their efforts to create a stable effective government But the birth of our republic was far more complicated than many realize The Revolution was nearly derailed by extremists who wanted to do too much too quickly and who refused to rest until they had remade American society If not for a small circle of conservatives who kept radicalism in check and promoted capitalism a strong military and the preservation of tradition our country would be vastly different today In the first book to chronicle the critical role these men played in securing our freedom David Lefer provides an insightful and gripping account of the birth of modern American conservatism and its impact on the earliest days of our nation Among these founding conservatives were men like John Dickinson who joined George Washington s troops in a battle against the British on July 4 1776 and that same week drafted the Articles of Confederation James Wilson a staunch free market capitalist who defended his home against a mob of radicals demanding price controls and in the process averted a bloody American equivalent to Bastille Day Silas Deane who mixed patriotism with profit seeking while petitioning France to aid America and Robert Morris who financed the American Revolution and founded the first bank and the first modern multinational corporation in the United States Drawing on years of archival research Lefer shows how these and other determined founders championed American freedom while staying faithful to their ideals In the process they not only helped defeat the British but also laid the groundwork for American capitalism to thrive The Founding Conservatives is an intellectual adventure story full of gunfights and big ideas It is also an extraordinary reminder of the punishing battles our predecessors fought to create and maintain the free and prosperous nation we know today

The Complete Writings and Selected Correspondence of John Dickinson John Dickinson,2020-06-10

The Complete Writings and Selected Correspondence of John Dickinson vol 1 inaugurates a multivolume documentary edition that will for the first time ever provide the complete collection of everything Dickinson published on public affairs over the course of his life The documents include essays articles broadsides resolutions petitions declarations constitutions regulations legislation proclamations songs and odes Among them are many of the seminal state papers produced by the first national congresses and conventions Also included are correspondences between Dickinson and some of the key figures of his era This edition should raise Dickinson to his rightful place among America s founding fathers rivaled in reputation only by Benjamin Franklin before 1776 Dickinson was celebrated throughout the colonies as well as in England and France as the great American spokesman for liberty and the documents in this edition evidence his tireless political work and unmatched corpus Distributed for the University of Delaware Press

A Chief Justice's Progress David Robarge, 2000-02-28 Widely regarded as America s most important Chief Justice John Marshall influenced our constitutional political and economic development as much as any American He handed down landmark decisions on judicial review federal state relations contracts corporations and commercial regulation during a thirty four year tenure that encompassed five presidencies a second war of independence the demise of the first American party system and the advent of Jacksonianism and market capitalism This is the first interpretive study of Marshall s early life that emphasizes the formative influences on him before he joined the Court By that time his character and attitudes were fully formed through his childhood in the Virginia gentry his service in the state militia and Continental Army and his work as a prominent lawyer a Federalist and a diplomat Drawing heavily on Marshall s own writings this study views his pre Supreme Court life as a cumulative experience that formed the identity and value system that he brought to bear on his experiences as Chief Justice Robarge examines Marshall s social and political education in the unique milieu of late 18th century Virginia for its own intrinsic interest as well as for its relationship to his profound contribution to the Court The events and situations that shaped Marshall s personality and attitudes directly influenced his leadership style They also had a deep impact upon his efforts to establish an independent judiciary to unify the nation through territorial expansion and a legal common market and to revive the moribund Federalist party as a balance to the dominant Republicans led by the cousin he detested Thomas Jefferson

Righteous Anger at the Wicked States Calvin H. Johnson, 2005-08-01 This book is a history that explains the adoption of the US Constitution in terms of what the proponents of the Constitution were trying to accomplish The Constitution was a revolutionary document replacing the confederation mode with a complete three part national government supreme over the states The most pressing need was to allow the federal government to tax to pay off the Revolutionary War debts In the next war the United States would need to borrow again The taxes needed to restore the public credit proved to be quite modest however and the Constitution went far beyond the immediate fiscal needs This book argues that the proponents anger at the states for their recurring breaches of duty to the united cause explains both critical steps and the driving impetus for the revolution Other issues were less

important Secession, State, and Liberty David Stove, 2017-09-29 The political impulse to secede to attempt to separate from central government control is a conspicuous feature of the post cold war world It is alive and growing in Canada Russia China Italy Belgium Britain and even the United States Yet secession remains one of the least studied and least understood of all historical and political phenomena The contributors to this volume have filled this gap with wide ranging investigations rooted in history political philosophy ethics and economic theory of secessionist movements in the United States Canada and Europe **American Conservatism** Bruce Frohnen, Jeremy Beer, Nelson O. Jeffrey, 2014-05-20 A must own title National Review Online American Conservatism An Encyclopedia is the first comprehensive reference volume to cover what is surely the most influential political and intellectual movement of the past half century More than fifteen years in the making and more than half a million words in length this informative and entertaining encyclopedia contains substantive entries on those persons events organizations and concepts of major importance to postwar American conservatism Its contributors include iconic patriarchs of the conservative and libertarian movements celebrated scholars well known authors and influential movement activists and leaders Ranging from abortion to Zoll Donald Atwell and written from viewpoints as various as those which have informed the postwar conservative movement itself the encyclopedia s more than 600 entries will orient readers of all kinds to the people and ideas that have given shape to contemporary American conservatism This long awaited volume is not to be missed **Money and Banking** George Edward Durell Foundation, 1995-03-21 Today interest in monetary history has been revived Economists are examining the structure of money and banking what is money and what are banks With new technologies overwhelming market forces and changes in law and regulation the answers that had been taken for granted have been revealed to be inadequate Money and Banking spans the period from the founding of the country to the present The unifying theme is the consideration of the legal and economic underpinnings of money and banking during the several monetary regimes found in the history of the United States Contributors Clifford F Thies Kevin Dowd Richard H Timberlake J Huston McCulloch Gregory B Christainsen Jeffrey Rogers Hummel Eugene N White James A Dorn Gary M Pecquet Tyler Cowen George A Selgin and Lawrence H White Richard Sylla Robert L Greenfield and Hugh Rockoff Joesph T Salerno Anna J Schwartz Charles W Calomiris Ronald W Batchelder and David Glasner Michael D Bordo Mark Toma Larry Schweikart Dwight R Lee **Stumbling Towards the Constitution** J. Chu, 2012-04-14 Jonathan Chu explores individual economic and legal behaviors connecting them to adjustments in trade relations with Europe and Asia the rise in debt litigation in Western Massachusetts deflation and monetary illiquidity and the Bank of North America Race and the Politics of Fear J. Noel Hubler, 2025-05-16 Race and the Politics of Fear is a study of the role of race in American political history It takes a novel approach by using Aristotle s theory of the mixed regime to analyze the American system Aristotle s mixed regime containing elements of oligarchy and democracy was well known to the Founders who used it to design the Constitution Accordingly American political history has unfolded as a struggle between oligarchic and democratic forces

Oligarchs have frequently used race to divide the people and maintain power This book traces the oligarchic construction of race from its creation in the Colonial period and through a study of four major figures James Madison helped formulate the Constitution to provide protection for the Southern oligarchies and was a founder of the Democratic Republican party dominated by Southern interests John C Calhoun s theory of the concurrent majority provided a blueprint for the South s political strategy in the Jim Crow era Ben Tillman redefined race primarily as a feeling as an excuse for the South s violent oppression of the black community Ronald Reagan retooled the traditional racist myths and made them palatable to a national audience Readable yet extensively documented it is appropriate for general audiences and scholars **A**

Revolution in Favor of Government Max M. Edling,2003-09-18 What were the intentions of the Founders Was the American constitution designed to protect individual rights To limit the powers of government To curb the excesses of democracy Or to create a robust democratic nation state These questions echo through today s most heated legal and political debates In this powerful new interpretation of America s origins Max Edling argues that the Federalists were primarily concerned with building a government that could act vigorously in defense of American interests The Constitution transferred the powers of war making and resource extraction from the states to the national government thereby creating a nation state invested with all the important powers of Europe s eighteenth century fiscal military states A strong centralized government however challenged the American people s deeply ingrained distrust of unduly concentrated authority To secure the Constitution s adoption the Federalists had to accommodate the formation of a powerful national government to the strong current of anti statism in the American political tradition They did so by designing a government that would be powerful in times of crisis but which would make only limited demands on the citizenry and have a sharply restricted presence in society The Constitution promised the American people the benefit of government without its costs Taking advantage of a newly published letterpress edition of the constitutional debates *A Revolution in Favor of Government* recovers a neglected strand of the Federalist argument making a persuasive case for rethinking the formation of the federal American state *Cicero and Modern Law* Richard O. Brooks,2017-07-05 Cicero and Modern Law contains the best modern

writings on Cicero s major law related works such as the Republic On Law On Oratory along with a comprehensive bibliography of writings on Cicero s legal works These works are organized to reveal the influence of Cicero s writings upon the history of legal thought including St Thomas the Renaissance Montesquieu and the U S Founding Fathers Finally the articles include discussions of Cicero s influence upon central themes in modern legal thought including legal skepticism republicanism mixed government private property natural law conservatism and rhetoric The editor offers an extensive introduction placing these articles in the context of an overall view of Cicero s contribution to modern legal thinking

Foundations of Public Service Douglas F Morgan,Douglas F. Green,Richard T Green,Craig W Shinn,Robert K Robinson,2015-07-17 Designed to serve as a basic text for an introductory course in Public Administration this innovative

work provides students with an understanding of the basic management functions that are covered in all standard textbooks with two important differences First it is written to address the needs of both the experienced practitioner and the entry level public servant Case examples bridge the content rich environment of practitioners with the basic principles of public administration sought by pre service students Second the discussion of basic management practices is grounded in the political and ethical tensions inherent in the American constitutional form of governance This reflects the authors belief that public administration operates as an integral part of the country s political traditions and thereby helps define the political culture The book provides a framework for understanding American political traditions and how they inform public administration as a political practice Key Changes in the Second Edition include A new introductory chapter that explains what the authors mean by a constitutional approach and why that is important An expanded discussion of the role of civil society in promoting the common good A new section in chapter 5 on New Public Governance Updated exhibits that incorporate up to date census data and revenue figures chapter 10 A new section in chapter 14 that recognises the importance of maintaining accountability in contract and networked systems of governance Significantly rewritten chapters to add emphasis on the relevance of the chapter material to nonprofit organisations A significantly revised bibliography which incorporates new bodies of research that have appeared since the first edition

Requiem Variations On Eighteenth Century Themes Book Review: Unveiling the Power of Words

In a global driven by information and connectivity, the ability of words has become more evident than ever. They have the capacity to inspire, provoke, and ignite change.
