The Pigheaded Soul presents a series of witty intelligent and sometimes controversial essays in which talented newcomers and avowed masters alike find themselves within the literary crosshairs of acclaimed poet and critic Jason Guriel Guriel does not shy away from the negative review nor does he begrudge praise where praise is due He applauds the innovative and evocative rails against the lazy and the imprecise and critiques the hipster mentality of so called avant gardists who use the same tired tricks as shortcuts to perceived innovation But far from providing only reviews and critical readings The Pigheaded Soul serves up amusing insider anecdotes about the poetry community from intelligent examinations of inspiration and imagination to gonzo reportage of high profile and occasionally absurd literary events Wry engaging and astute Guriel writes with a confidence and panache that enlivens the often dry and dusty field of literary criticism *The Blanchard system of physical culture* Virgil W. Blanchard,1877 Suicide is unlawful, for every affliction is a karmic necessity

Olympiodorus the Younger, Thomas Taylor, Helena Petrovna Blavatsky,2018-01-12 When the truly worthy man is placed in difficult circumstances yet not of such a magnitude as to prevent him from energizing intellectually in this case it is not lawful for him to commit suicide for the affliction is from Divinity and is analogous to the castigation of a son by his father For according to the Platonic philosophy everything afflictive in life either exercises or corrects or punishes And the most worthy men sometimes require for the health of their souls severe endurance in the same manner as the most athletic require great exercise for the health of their bodies Thomas Taylor
