The Law of Nisi Prius, Evidence in Civil Actions, and Arbitrations and Awards: with an Appendix, Etc Archibald John STEPHENS (Q.C.), 1842 [Rescue and Remembrance](#) Kobi Kabalek, 2025-01-07 In *Rescue and Remembrance* Kobi Kabalek examines how the rescue of Jews during the Holocaust has been understood and represented in Germany from the Nazi period to the present In many regions outside Germany a small number of known Holocaust rescuers are often held up as exemplars of broad pro Jewish sentiment among that country's population during World War II thereby projecting an image of national moral virtue Within Germany by contrast rescuers are often presented in both scholarship and public commemoration as a small minority their examples condemn the majority by showing what Germans could have done but did not do Kabalek argues that such simplistic depictions of the majority versus minority obscure the complex motivations and situations that led people in Nazi Germany to help persecuted Jews Against the view that the rescuers were forgotten after the war he shows that portrayals and interpretations of helping Jews appeared in various media and social discourses in East West and unified Germany and were used to actively debate questions of collective morality *Rescue and Remembrance* analyzes the varied and changing depictions of rescue in the distinct German polities from the Nazi period examining how the very notions of majority and collective were articulated and reformulated
