**Reflexology** V. M. Bekhterev, 2017-11-30 Vladimir Mikhailovitch Bekhterev was a pioneering Russian neurologist psychiatrist and psychologist A highly esteemed rival of Ivan Pavlov his achievements in the areas of personality clinical psychology and political and social psychology were recognized and acclaimed throughout the world Publication of the complete text of Collective Reflexology brings to the English speaking world this brilliant scientist's final theoretical statements on how reflexological principles which he had been developing over a quarter century can be extended far beyond analysis of the individual personality Bekhterev's work grows out of his interest in group psychology and suggestion This concept of the reflex is much broader than Pavlov's It is applicable to every variety of life Bekhterev compared his own analyses to those of other European thinkers such as Comte LeBon and Sorokin Such analyses strained against the official Marxist Leninist doctrines of the era Bekhterev died in 1927 allegedly of poisoning by Stalin's henchman As with many scientists during the Soviet era his legacy was suppressed In the normal course of events his name would have been as well known as that of Freud Pavlov or more lately B F Skinner This first publication of Bekhterev's great work in English fills a void in the fields of psychology sociology and the history of science V M Bekhterev was director of the Military Medical Academy in St Petersburg and founded there its Psychoneurological Institute Among his many books are Suggestion Its Role in Social Life available from Transaction and The Subject Matter and Goals of Social Psychology Lloyd H Strickland is professor of psychology at Carleton University He is the author of numerous journal articles and editor of Directions in Soviet Social Psychology and Soviet and Western Perspectives in Social Psychology Bekhterev 1857 1927 is a formidable figure and his work continues to deserve careful study Canadian Psychology **Psychiatry and Psychology in the USSR** Samuel Corson, 2012-12-06 This book is aimed at a professional audience of psychiatrists psychologists and educators as well as Slavic studies scholars and teachers and intelligent lay readers It would be presumptuous to attempt to cover the entire field

of Soviet psychiatry and psychology in one modest volume During the past several decades there has been a remarkable flourishing and diversification of research in psychology and psychiatry in the USSR What we have attempted to do in this symposium is to present a constructive critical overview of certain limited areas by arranging an interchange of observations and ideas between several American scientists knowledgeable in these fields and a psychologist and psychiatrist who obtained their education and working experience in the USSR We hope to be able to expand such symposia in the future so as to cover other important areas of these disciplines This monograph presents an eyewitness account of Pavlov by W Horsley Gantt one of three surviving students of Pavlov and to the best of my knowledge the only American who actually studied and worked with Pavlov It is a measure of Dr Gantt's devotion to the development of scientific psychiatry that he went to the USSR to spend six years in Pavlov's laboratory at a time of extreme economic hardship and political turmoil in that country and in the face of having to master a difficult language In his presentation Dr

**The Crisis in Modern Social Psychology (Psychology Revivals)** Ian Parker, 2013-10-18 In the late 1960s a crisis erupted in social psychology with many social psychologists highly critical of the old paradigm laboratory experimental approach Originally published in 1989 The Crisis in Modern Social Psychology was the first book to provide a clear account of the complex body of work that is critical of traditional social psychological approaches Ian Parker insisted that the crisis was not over showing how attempts to improve social psychology had failed and explaining why we need instead a political understanding of social interaction which links research with change Modern social psychology reflects the impact of structuralist and post structuralist conceptual crises in other academic disciplines and Parker describes the work of Foucault and Derrida sympathetically and lucidly making these important debates accessible to the student and discussing their influence He assesses the responses from both mainstream social psychology and from avant garde textual social psychology to the influx of these radical ideas and discusses the promises and pitfalls of a post modern view of social action
