Guide to Methods for Students of Political Science Stephen Van Evera, 1997-09-04 Stephen Van Evera's Guide to Methods makes an important contribution toward improving the use of case studies for theory development and testing in the social sciences His trenchant and concise views on issues ranging from epistemology to specific

Government (political Science), 2002

The Nelson Guide to Research and Writing in Political Science Lucille Charlton, Mark Charlton, 2012-11-28 The Nelson Guide to Research and Writing in Political Science is a short handbook that helps Political Science students at the university or college level begin to think and write as Political Scientists Updated to include expanded instruction on writing in the online environment and plagiarism this guide provides students with writing instruction specific to the Political Science discipline

Thinking Like a Political Scientist Christopher Howard, 2017-03-06 There are a plethora of books that aim to teach the research methods needed for political science Thinking Like a Political Scientist stands out from them in its conviction that students are better served by learning a handful of core lessons well rather than trying to memorize hundreds of often statistical definitions Short and concise the book has two main parts Asking Good Questions and Generating Good Answers In the first section one chapter each is devoted to the three fundamental questions in political science who cares what happened and why These take up among many other topics crafting a literature review creating hypotheses measuring concepts and the difference between correlation and causation The second section of the book has chapters about choosing a research design choosing cases working with written documents and working with numbers All of these are essential skills for undergraduates to have when reading published work and conducting their own research Every chapter ends with several exercises where students can read examples from published work and develop their own skills as researchers Finally unlike most research methods books Christopher Howard's sprinkles humor and surprising analogies throughout

Research Guide to the Library for Political Scientists Constance McCarthy, Northwestern University (Evanston, Ill.). Library. Reference Department, 1973

Empirical Research and Writing Leanne C. Powner, 2014-11-04 Students can easily misstep when they first begin to do research Leanne C Powner's new title *Empirical Research and Writing A Student's Practical Guide* provides valuable advice and guidance on conducting and writing about empirical research Chapter by chapter students are guided through the key steps in the research process Written in a lively and engaging manner and with a dose of humor this practical text shows students exactly how to choose a research topic conduct a literature review make research design decisions collect and analyze data and then write up and present the results The book's approachable style and just in time information delivery make it a text students will want to read and its wide ranging and surprisingly sophisticated coverage will make it an important resource for their later coursework

Political Science William J. Crotty, 1991 In this volume the study of legislatures has traditionally been a central preoccupation of political scientists Legislatures provide good laboratories for testing theories and methodologies of significance in the discipline and more broadly for contributing to an understanding of how representative government works

A Manual for Writers of Research Papers, Theses, and Dissertations, Eighth Edition Kate L. Turabian, 2013-04-09 A little more than seventy five years ago Kate L Turabian drafted a set of guidelines to help students understand how to write cite and formally submit research writing Seven editions and more than nine million copies later the name Turabian has become synonymous with best practices in research writing and style Her Manual for Writers continues to be the gold standard for generations of college and graduate students in virtually all academic disciplines Now in its eighth edition *A Manual for Writers of Research Papers Theses and Dissertations* has been fully revised to meet the needs of today's writers and researchers The Manual retains its familiar three part structure beginning with an overview of the steps in the research and writing process including formulating questions reading critically building arguments and revising drafts Part II provides an overview of citation practices with detailed information on the two main scholarly citation styles notes bibliography and author date an array of source types with contemporary examples and detailed guidance on citing online resources The final section treats all matters of editorial style with advice on punctuation capitalization spelling abbreviations table formatting and the use of quotations Style and citation recommendations have been revised throughout to reflect the sixteenth edition of *The Chicago Manual of Style* With an appendix on paper format and submission that has been vetted by dissertation officials from across the country and a bibliography with the most up to date listing of critical resources available *A Manual for Writers* remains the essential resource for students and their teachers

A Manual for Writers of Research Papers, Theses, and Dissertations, Ninth Edition Kate L. Turabian, 2018-04-27 When Kate L Turabian first put her famous guidelines to paper she could hardly have imagined the world in which today's students would be conducting research Yet while the ways in which we research and compose papers may have changed the fundamentals remain the same writers need to have a strong research question construct an evidence based argument cite their sources and structure their work in a logical way *A Manual for Writers of*

Research Papers Theses and Dissertations also known as Turabian remains one of the most popular books for writers because of its timeless focus on achieving these goals This new edition filters decades of expertise into modern standards While previous editions incorporated digital forms of research and writing this edition goes even further to build information literacy recognizing that most students will be doing their work largely or entirely online and on screens Chapters include updated advice on finding evaluating and citing a wide range of digital sources and also recognize the evolving use of software for citation management graphics and paper format and submission The ninth edition is fully aligned with the recently released Chicago Manual of Style 17th edition as well as with the latest edition of The Craft of Research Teachers and users of the previous editions will recognize the familiar three part structure Part 1 covers every step of the research and writing process including drafting and revising Part 2 offers a comprehensive guide to Chicago's two methods of source citation notes bibliography and author date Part 3 gets into matters of editorial style and the correct way to present quotations and visual material A Manual for Writers also covers an issue familiar to writers of all levels how to conquer the fear of tackling a major writing project Through eight decades and millions of copies A Manual for Writers has helped generations shape their ideas into compelling research papers This new edition will continue to be the gold standard for college and graduate students in virtually all academic disciplines Bestselling trusted and time tested advice for writing research papers The best interpretation of Chicago style for higher education students and researchers Definitive clear and easy to read with plenty of examples Shows how to compose a strong research question construct an evidence based argument cite sources and structure work in a logical way Essential for anyone interested in learning about research Everything any student or teacher needs to know concerning paper writing *Research Guide for Undergraduates in Political Science* [by] Carl Kalvelage, Morley Segal [and] Peter J. Anderson Carl Kalvelage, 1972 **Librarian's Guide to Writing for Professional Publication** Marta Mestrovic Deyrup, 2018-12-04 Professional publication can take your career to the next level Use this guide to learn the best ways to share your expertise and show commitment to the profession through publishing Even if you're not yet confident about your experience ideas or writing skills more than likely you're ready to consider publishing This practical guide will supply the encouragement and direction for you to effectively communicate using the written word and start publishing which will likely serve to boost your career It explains the difference between traditional and self publishing supplies advice on picking a publisher and working successfully with a publisher and provides useful information on copyright open access publishing and contract signing While geared to all librarians this book also includes text intended specifically for librarians on the tenure track and those who wish to experiment with new media The book supplies writing templates that make it simple to write various types of communication such as a letter to the editor effective emails and memos or compelling letter of recommendation a news release newsletter or feature story and conference proceedings peer reviewed articles technical manuals or brochures You'll also learn how to write a proposal for a

book or journal article to submit to a publisher and how to turn your master's thesis or doctoral thesis into a published work
Any librarian who is serious about advancing their career will find this an invaluable resource
