Professional Chaplaincy and Clinical Pastoral Education Should Become More Scientific Larry Van De Creek, 2013-04-03

Does the scientific process belong in pastoral counseling Professional Chaplaincy and Clinical Pastoral Education Should Become More Scientific Yes and No examines the widespread ambivalence among pastoral caregivers and educators over the growing inclusion of science in pastoral care and counseling methodologies Twenty three seasoned professionals in the field give candid and sometimes emotional accounts of their interest in and reservations about the role scientific research plays in their profession Some authors look at the issue from a historical perspective others voice additional concerns A few make concrete proposals on how chaplaincy can become more scientific The result is a unique insight into the relationship between the secular and the religious The question of whether science belongs in pastoral care and counseling is moot pastoral care already makes extensive use of psychological testing and psychotherapeutic skills all products of scientific thinking But as technology becomes more dominant and health care delivery reflects a more corporate perspective pastoral caregivers and educators are divided on whether the changes represent the significant opportunity to improve a ministry or the surrender of the ministry's very essence The essays collected in Professional Chaplaincy and

Clinical Pastoral Education Should Become More Scientific Yes and No go a step farther breaking down the issue of faith versus science into more specific questions for pastoral caregivers such as Can what you do be measured Do you have an obligation to embrace the challenge of change Is becoming more scientific a necessity for staying in touch with your health care peers How cost effective is the pastoral care you provide if it doesn't include the scientific process Could a reluctance to incorporate science into your counseling cost you your job Professional Chaplaincy and Clinical Pastoral Education Should Become More Scientific Yes and No presents thoughtful and thought provoking debate that is a must read for all pastoral caregivers and educators *The Discipline for Pastoral Care Giving* Larry VandeCreek, Arthur M. Lucas, 2014-01-02

Structure your ministry to start with patients needs hopes and resources and to be clear what difference your ministry can make Hospital chaplains value who they are and what they do as contributions to patients and families healing and well being And they are continually stretching to enhance their ministries Hospital administrators and other professionals on the care teams however often need help to grasp those same values in outcome oriented observable documentable changes for the better terms The Discipline for Pastoral Care Giving Foundations for Outcome Oriented Chaplaincy offers a powerful new paradigm for enhancing supportive effective spiritual care for patients and families as well as communicating substantive outcomes to leaders and clinicians alike This is all the more important in these times when every possible resource must be well used for the good of our patients and their families By evaluating the pastoral care you offer you can become more aware of the discrete skills you exercise in the assessment planning intervention and reflection process Such evaluation efforts highlight the discrete differences excellent spiritual care makes This can help you track contributions you are making in terms of the patient's healing and well being Having a sound replicable way to make the process more conscious also helps you communicate your assessment strategies and contributions more clearly to other care team members Furthermore consistently using The Discipline over time will enable you to discover patterns of spiritual dynamics in how people live with different health care challenges in their lives These patterns translate into valuable insights as your care for others The process discussed in The Discipline for Pastoral Care Giving calls on the chaplain to identify the patient's spiritual needs hopes and resources construct a patient profile through identifying the individual's sense of the holy sense of meaning sense of hope and sense of community design the desired outcome's you hope your care will contribute for example a person who has suffered a spinal cord injury integrates the effects of their injury in their sense of identity and meaning a person living with cystic fibrosis healthfully grieves the loss of others in the CF community a patient disabled by the absence of her support community regains use of her personal resources for coping and self care develop and share a plan for the patient's spiritual care choose interventions which may range from facilitating a life review to compassionate confrontation to reading Scripture to active listening to arranging a family care conference measure outcomes identifying and communicating the difference your care has made in terms of the patient's healing and well being The Discipline for Pastoral Care Giving offers

case studies personal experiences helpful figures and charts and suggestions for dealing with patients experiencing unique complex health care challenges including adults living with cystic fibrosis and violent victims of violence The wise advice and practical suggestions in this book will help you recognize and document the solid value of your hospital ministry **Biblical Counsel** ,1993 **Professional Chaplaincy** Larry Van De Creek,2020-03-24 Choose innovative strategies for ministering to patients families and staff in a time of change In the scramble to cut health care costs and the need to make every penny count the hospital chaplaincy program is at serious risk for being trimmed or eliminated Professional Chaplaincy What Is Happening to It During Health Care Reform offers a clear look at the current situation and positive suggestions for showing administrators just how essential chaplaincy is This essential volume includes original research showing the specific consequences of the new emphasis on economic rationalism as well as moving firsthand accounts of the effects of downsizing and budget cuts An Australian case study catalogs and analyzes the outcomes of a drive for cost efficiency in a hospital chaplain department A thorough literature review provides opportunities for chaplains and administrators to investigate the value of pastoral care in hospital settings Professional Chaplaincy includes practical suggestions for ways to respond to budget cuts such as redefining the scope of your ministry strengthening community ties ministering to staff worried about health care reform efforts offering new programs to enrich spiritual life documenting pastoral care visits researching the value of chaplaincy to the well being of patients and families Professional Chaplaincy offers positive ways that hospital chaplains can take action in response to the new health care paradigm This informative book will assist you in developing future plans for maintaining and improving your hospital ministry **Contract Pastoral Care and Education** Larry Van De Creek,2014-01-02 Create the Pastoral Care Center that your flock needs Contract Pastoral Care and Education The Trend of the Future provides clergy of all faiths and pastoral care students with insight into the shifting role of chaplains in today s health care environment and explains why many of these positions are disappearing Examining alternatives to working at hospitals and health care agencies such as establishing independent contract centers that are commissioned by health care organizations this book examines the many questions that chaplains are more frequently asking about the stability of their profession Comprehensive and current Contract Pastoral Care and Education offers suggestions and models to help you plan your own pastoral care center and continue serving individuals with spiritual care This honest and informative book contains discussions with chaplains and educators about nine of these care centers in operation as well as the responses of five chaplains who offer compliments and constructive criticism of these organizations Exploring the reasons for the decrease in opportunities for pastoral caregivers such as the decrease of rural populations and the increase of community based services Contract Pastoral Care and Education provides you with tips and suggestions that other centers use in order to be effective and successful including raising funds from the community state and government for operational fees appointing internal structure diversified board members who serve without compensation and officers and memberships with specific terms and

functions responding to the growing numbers of patients by training lay persons under clinical supervision generating support groups consisting of patients and family members from multiple bereavement groups or organizations to offer comfort and care to others Full of insight and immediately useful techniques Contract Pastoral Care and Education will help you keep serving patients and assist you in pursuing a growing facet of the pastoral care field

Spiritual Needs & Pastoral Services Larry VandeCreek, 2010-11-01 What do spiritual needs health care pastoral services religious resources statistics and quantitative research methods have in common Traditional literature in the pastoral care counseling and education movement probably would say Not a great deal Indeed the pastoral arts and sciences have tended to be high on art especially praxis but relatively low on science especially quantitative research That s too bad claims Dr Larry VandeCreek who has gathered together a sample of previously published but widely scattered research reports which he hopes will inform hospital chaplains congregational pastors hospital personnel and theological students on ways in which knowledge gained from carefully designed research can enhance their project of care Selecting only quantitative research reports the volume explores such topics as the role of spirituality in terminally ill hospitalized patients the demonstrated helpfulness of prayer in health crisis the possible impact of hope among women with breast cancer the role and impact of chaplaincy services in general hospitals as well as other studies demonstrating a variety of relationships between spirituality and health care

A Primer in Pastoral Care Jeanne Stevenson-Moessner, Based on her twenty years of teaching and on her own experience in pastoral care Jeanne Stevenson Moessner has written a basic pastoral care text to assist in the emotional and spiritual preparation of pastoral caregivers Stevenson Moessner expands on her key notion of pastoral care as seen through the interconnection and interplay of love of God love of neighbor and love of self Her brief book is meant to engender confidence and caring in the initiate and to assuage the fear and anxiety that naturally occur when one accompanies people in life changing pain and travail Through skilled use of the parables of the Good Samaritan and the Good Shepherd along with stories from her own experience Stevenson Moessner imparts genuine wisdom and meaningful support to those who courageously dare to offer caregiving ministry in whatever situation or through whatever method or paradigm Her work unfolds in six chapters 1 Introduction The One Room Schoolhouse 2 Pointers and Precepts The Grammar of Care 3 The Prism of Pastoral Care Scripture Refracted 4 Paradigms in Pastoral Care The Community as Classroom 5 The Open Classroom Places of Care 6 Conclusion An Alphabet of Grace

Ministry of Hospital Chaplains Marjorie A Lyon, 2014-01-02 Evaluating the success of hospital chaplaincy has been a difficult task but finally an effective approach has been developed Ministry of Hospital Chaplains Patient Satisfaction presents the Patient Satisfaction Instrument for Pastoral Care PSI which measures the quality and character of spiritual care and can contribute to the establishment of professional norms To find out whether specific changes in pastoral practices lead to increased satisfaction among patients this test can be used periodically As you will see this allows managers and department heads to identify and monitor specific functions and areas

in which improvement is needed Ministry of Hospital Chaplains will help you analyze the background variables that are associated with patient satisfaction the styles of pastoral care that are linked to better hospital outcomes and the usefulness of different pastoral activities In the end you will be able to use empirical evidence to demonstrate to hospital administrators that patients appreciate pastoral care and that chaplains are helping patients recuperate experience an easier time at the hospital and get home more quickly Besides discussing how to evaluate the effectiveness of chaplains this insightful book explores enacting continuous improvement efforts pastoral care characteristics that predict a patient's readiness to return home how attention to details can build protocols that respond to patients questionnaire responses from 2 000 discharged hospital patients in the U S and Canada why the need to evaluate the benefits of pastoral care exists the aspects of pastoral care most important to patients Chaplains in general and those in psychiatric hospitals hospital administrators managed care directors and seminary professors of pastoral care will be glad to know that a technique for evaluating pastoral services has finally arrived The guessing game is over Now you will know what your patients think of the services your hospital offers and you can measure alternative approaches to pastoral care delivery when discontent is registered *The Chaplain-Physician Relationship* Larry Van De Creek, 2014-01-14 Learn how to establish and maintain effective relationships with physicians with this authoritative new book Chaplains will discover a wealth of information and insight into the often strained chaplain physician relationship and will learn practical steps they can take to strengthen the ties between two very different professions Each chapter written by a chaplain with a history of successful collaboration with physicians features important examples of interdisciplinary cooperative effort in various settings including obstetrics geriatrics and outpatient cardiac rehabilitation centers Hospital chaplains especially those who wish to improve their relationships with physicians and hospital administrators will find this to be an invaluable book as will pastoral counselors not presently involved with hospitals who desire to work with physicians in health and illness settings Highlights of the book include an inside view of medical education and practice with a description of the dilemmas of medical practice which are very different from those in ministry A constructive look at doctor bashing in which many chaplains engage often unknowingly a description of pastoral care efforts in discrete patient care areas that involve close relationships to physicians with an emphasis on friendship and informal contacts an overview of a program in which the chaplain's role is expanded to that of a behavioral medicine consultant *Oxford Textbook of Spirituality in Healthcare* Mark Cobb, Christina Puchalski, Bruce Rumbold, 2012-08-09 The relationship between spirituality and healthcare is historical intellectual and practical and it has now emerged as a significant field in health research healthcare policy and clinical practice and training Understanding health and wellbeing requires addressing spiritual and existential issues and healthcare is therefore challenged to respond to the ways spirituality is experienced and expressed in illness suffering healing and loss If healthcare has compassionate regard for the humanity of those it serves it is faced with questions about how it understands and interprets spirituality what resources it should make

available and how these are organised and the ways in which spirituality shapes and informs the purpose and practice of healthcare These questions are the basis for this resource which presents a coherent field of enquiry discussion and debate that is interdisciplinary international and vibrant There is a growing corpus of articles in medical and healthcare journals on spirituality in addition to a wide range of literature but there has been no attempt so far to publish a standard text on this subject Spirituality in Healthcare is an authoritative reference on the subject providing unequalled coverage critical depth and an integrated source of key topics Divided into six sections including practice research policy and training the project brings together international contributions from scholars in the field to provide a unique and stimulating resource
