Modern Chinese Writers Helmut Martin, Jeffrey C. Kinkley, 2016-09-16 This volume gathers personal reflections on life and literature by 44 of China's leading authors It aims to illustrate how Chinese society and its creative writing have supported, competed and fought with each other for the past 40 years and more Much of what is revealed here is mundane but the pressure of bringing art to social and political causes indeed the universal pressure to survive forges this collection into a very human document The strengths and weaknesses of these essays offer a window on those of modern Chinese literature itself Realism was the favoured literary doctrine of the day and reflecting this most of these essays speak for themselves about war, revolution, betrayal and commitment

Policy Conflicts in Post-Mao China: A Documentary Survey with Analysis John P. Chinese and Western Literary Influence in Liu Cixin's Three Body Trilogy Will Peyton, 2021-07-30 Chinese and Western Literary Influence in Liu Cixin's Three Body Trilogy examines Liu Cixin's acclaimed trilogy a Chinese science fiction epic whose translation is exceedingly popular in the Western world Will Peyton argues that the ingenuity of Liu's writing is found in its conscious engagement with translated Western

fiction rather than as one might expect in Chinese language science fiction of the past The book illustrates how contemporary Chinese fiction since the economic opening of China in the late 1980s is deeply and complexly influenced by various strains in Western literary and intellectual thought an area that scholars of Chinese literature have tended to neglect Providing a lucid and succinct close reading and textual analysis of Three Body trilogy the book also makes reference to broader ideas and themes in modern Chinese and Western intellectual history Dialogics of the Oppressed Peter Hitchcock, 1993-01-01 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible to scholars students researchers and general readers Rich with historical and cultural value these works are published unaltered from the original University of Minnesota Press editions The books offered through Minnesota Archive Editions are produced in limited quantities according to customer demand and are available through select distribution partners *Hunger Trilogy* Wang Ruowang, Kyna Rubin, Ira Kasoff, 2015-03-04 This autobiographical novella was written in 1980 by one of China's leading dissidents who was released from jail in late October 1990 again after being imprisoned as a pro democracy activist in the wake of the Tiananmen incident of spring 1989 Wang recounts three episodes of extreme hardship in his life incarceration in a Guomindang jail during the 1930s for his communist activism on the run from Japanese troops during the 1940s in a bleak part of Shandong Province and imprisonment as a rightist in Shanghai during the 1960s cultural revolution The central theme of the three stories is extreme deprivation and Hunger The Uses of Literature Perry Link, 2021-03-09 Why do people in socialist China read and write literary works Earlier studies in Western Sinology have approached Chinese texts from the socialist era as portraits of society as keys to the tug of war of dissent or more recently as pursuit of pure art The Uses of Literature looks broadly and empirically at these and many other uses of literature from the points of view of authors editors political authorities and several kinds of readers Perry Link author of Evening Chats in Beijing considers texts ranging from elite misty poetry to underground hand copied volumes shouchauben and shows in concrete detail how people who were involved with literature sought to teach learn enjoy explore debate lead control and resist Using the late 1970s and early 1980s as an entree to the workings of China's socialist literary system the author shows how that system held sway from 1950 until around 1990 when an encroaching market economy gradually but fundamentally changed it In addition to providing a definitive overview of how the socialist Chinese literary system worked Link offers comparisons to the similar system in the Soviet Union In the final chapter the book seeks to explain how the word good was used and understood when applied to literary works in such systems Combining aspects of cultural and literary studies The Uses of Literature will reward anyone interested in the literature of modern China or how creativity is affected by a socialist literary system

Occidentalism Xiaomei Chen, 2002 This revised and expanded edition of the first comprehensive study of Occidentalism in post Mao China includes a new preface foreword and chapter on Chinese diaspora writings in the Chinese language

Xiaomei Chen offers an insightful account of the unremittingly favorable depiction of Western culture and its negative characterization of Chinese culture in post Mao China since 1978. She examines the cultural and political interrelationship between the East and West from a vantage point more complex than that accommodated by most current theories of Western imperialism and colonialism. Going beyond Edward Said's construction in *Orientalism* of cross cultural appropriations as a defining facet of Western imperialism, Chen argues that the appropriation of Western discourse, what she calls Occidentalism, can actually have a politically and ideologically liberating effect on contemporary non Western culture. She maintains that simplistic allegations of Orientalism frequently found in current critical discourses seriously underestimate the complexities of intercultural and multicultural relationships. Using China as the focus of her analysis, Chen examines a variety of cultural media from Shakespearean drama to modernist poetry to contemporary Chinese television and popular fiction. She thus places sinology in the general context of Western theoretical discourses such as Eurocentrism, postcolonialism, nationalism, modernism, feminism, and literary hermeneutics, showing that it has a vital role to play in the study of Orient and Occident and their now unavoidable symbiotic relationship. Occidentalism presents a new model of comparative literary and cultural studies that reenvision cross cultural appropriation. It will be indispensable to future discussions of Orientalism, Occidentalism, and postcolonialism, as well as subaltern studies, Asian studies, comparative literature, cultural studies, and non Western drama.

The Sword, the Book, and the Nation John Christopher Hamm, 1999. *Fictional Authors, Imaginary Audiences* Bonnie S. McDougall, 2003. The authors and audiences for 20th century Chinese literature, especially fiction, are examined in a fresh light. While modern Chinese fictions are imaginary in that they do not constitute reliable portraits of Chinese life, they offer insights into the writers themselves and their implied audiences.

Nativism Overseas Hsin-sheng C. Kao, 1993-07-01. This book examines five of the most influential Chinese-born women writers of the post-war era: Nie Hualing, Yu Lihua, Chen Ruoxi, Li Li, and Zhong Xiaoyang. They have become a dominating force in Chinese literature today, although they presently reside outside their homeland. This book raises a clear and consistent voice in line with the literature of exile and self-discovery. As these writers talk of the root, the self, and their social, cultural, and historical identities, their varied voices share the unique characteristics of the literature of exile. These women, who continue to write in their native language, envision themselves as the literary mediators between their lost past and their newly adopted homeland. They compare each of these worlds in terms of the demons with which they have wrestled for identity recognition and freedom. The book is of interest not only to those with a particular interest in the phenomenon of these Chinese exiled intellectuals and their role in the influence on the development of Chinese literature, but to those

who seek to understand the development of women s studies and world literature as a whole and the influence of East West literary relations in particular *American Journal of Chinese Studies* ,1999
