Knowing the exact time of birth is crucial for an accurate horoscope. An incorrect birth time can result in the wrong Ascendant, Midheaven and more. The Complete Book of Chart Rectification may be the first book ever to offer modern astrological methods for rectifying questionable or unknown birth times. Once regarded as rocket science for astrologers, chart rectification is still considered advanced in our technology age. But this groundbreaking book makes the process easy. Learn how to find a consistent pattern where astrological indicators correspond with life events. These techniques will help you link dramatic life events with aspect hooks to narrow birth time parameters. Tebbs' easy-to-follow rectification methods are highlighted by case studies featuring biographies and chart analyses of Elizabeth Taylor, Johnny Cash and Jimmy Swaggart.
