What Rough Beast? David Penchansky, 1999-01-01 A number of texts in the Hebrew Bible consistently command attention and yet defy easy explanation Why did God try to kill Moses Why did God kill the man who touched the ark to keep it from falling Why did God put a tree in the middle of the Garden David Penchansky tackles these tough questions and in so doing opens up for readers a new understanding of how the Hebrew Bible portrays God Penchansky examines six biblical narratives that depict God negatively outlining their social political and theological ramifications He believes the stories provide an important key to the Israelites understanding of their God He also believes the stories provide a structure for understanding experiences of evil and suffering within our own century and for accepting the ambiguity that permeates all human existence Christian Book Center

Rough Beasts Jack Fennell, 2019 This book looks at Irish Gothic and horror texts in both English and Irish from the beginning of the nineteenth century to the end of the twentieth Each selected work is considered in its historical context to illustrate the historiographical role of horror and monstrosity in Irish fiction

Rough Beast Gary Goshgarian, 1995 A genocidal experiment by the government went horribly

wrong with tragic and terrifying results for the Hazards a normal unsuspecting family in a small Massachusetts town Every day their son gradually became more of a feral uncontrollable and very dangerous thing The government was determined to do whatever was necessary to eliminate the evidence of their dark secret and protect the town But it's already too late

Rough Beast Gary Goshgarian, 1997 A genocidal experiment by the government went horribly wrong with tragic and terrifying results for the Hazards a normal unsuspecting family in a small Massachusetts town Every day their son gradually became more of a feral uncontrollable and very dangerous thing The government was determined to do whatever was necessary to eliminate the evidence of their dark secret and protect the town But it's already too late What Rough Beasts? Irish and Scottish Studies in the New Millennium Shane Alcobia-Murphy, 2008-12-11 What Rough Beasts presents an innovative and diverse collection of new research papers which investigate key literary and historical issues in Irish and Scottish Studies providing a view onto the range of current research interests both within and across the two disciplines From a selection of papers presented at an AHRC sponsored conference held at the University of Aberdeen the volume showcases original material by both emergent and established scholars Opening up illuminating conversations between often diverse areas of study this book covers issues including poetry and violence film and drama history and historiography ethnography and literature the politics of representation What Rough Beast? Jefferson Highe, 1954 Harraga Boualem Sansal, 2015-01-13 Harraga The term means to burn and it refers to those Algerians in exile who burn their identity papers to seek asylum in Europe But for Boualem Sansal whose novels are banned in his own country there is a kind of internal exile even for those who stay and for no one is it worse than for the country's women Lamia is thirty five years old a doctor Having lost most of her family she is accustomed to living alone unmarried and contentedly independent when a teenage girl Ch rifa arrives on her doorstep Ch rifa is pregnant by Lamia's brother in exile Lamia's first indication since he left that he is alive and she'll surely be killed if she returns to her parents Lamia grudgingly offers her hospitality Ch rifa ungratefully accepts it But she is restless and obstinate and before long she runs away out into the hostile streets leaving Lamia to track her fearing for the life of the girl she has come improbably to love as family Boualem Sansal creates in Lamia an incredible narrator cultured caustic and compassionate with an ironic contempt for the government she is utterly convincing With his deceptively simple story Sansal delivers a brave indictment of fundamentalism that is also warm and wonderfully humane

What Rough Beast? Highe Jefferson, 2016-06-23 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy Yeats's Poetic Codes Nicholas Grene, 2008-06-12 Nicholas Grene explores Yeats's poetic codes of practice the key words and habits of speech that shape the reading experience of his

poetry Where previous studies have sought to decode his work expounding its symbolic meanings by references to Yeats's occult beliefs philosophical ideas or political ideology the focus here is on his poetic technique its typical forms and their implications for the understanding of the poems Grene is concerned with the distinctive stylistic signatures of the Collected Poems the use of dates and place names within individual poems the handling of demonstratives and of grammatical tense and mood certain nodal Yeatsian words dream bitter sweet and images birds and beasts dialogue and monologue as the voices of his dramatic lyrics The aim throughout is to illustrate the shifting and unstable movement between lived reality and transcendental thought in Yeats the embodied quality of his poetry between a phenomenal world of sight and an imagined world of vision *Reflections on a Simple Twist of Fate: Literature, Art, and Parkinson's Disease* Dean Scaros, 2018-06-21

What happens when our lives are suddenly disrupted by chronic or terminal illness Of course science family faith and friends are there to help But as author Dean Scaros demonstrates in this elegantly written and affecting book all the issues we face as a result of illness have been expressed through human artistic sensibility We have been seeking meaning and solace and have often found it ever since we painted figures on the walls of our caves This book considers through the lens of great literature and art issues that are important to us as we struggle to come to terms with progressive debilitating illness issues such as personal dignity courage fear hope love time chance fate and friendship to name just a few These issues are not physical or clinical Rather they concern the ways in which we think and feel about our experience Reflecting on them affords us an opportunity to better understand our experience and even gain a measure of wisdom from it Vision, Reality and Complex Thomas Singer, 2020-11-09 Vision Reality and Complex brings together a rich selection of Thomas Singer's scholarship on the development of the cultural complex theory and explores the relationship between vision reality and illusion in politics and psyche The chapters in this book discuss the basic principles of the cultural complex theory in various national and international contexts that span the Clinton Bush Obama and Trump eras Each chapter grounds this theory in practical examples such as race and healthcare in the United States or in specific historical and international conflicts between groups whether they be ethnic racial gender local national or global With chapters on topics including mythology leadership individuation revolution war and the soul Singer's work provides unique insights into contemporary culture activism and politics This collection of essays demonstrates how the cultural complex theory applies in specific contexts while simultaneously having cross cultural relevance through the reemergence of complexes throughout history It is essential reading for academics and students of Jungian and post Jungian ideas politics sociology and international studies as well as for practicing and trainee analysts alike **The Films of Steven Spielberg** Douglas Brode, 2000 This pictorial study puts Steven Spielberg's career in focus from his first feature *The Sugarland Express* through his phenomenal blockbusters including *Jaws* *Jurassic Park* and *Schindler's List* Photos *What Rough Beast* Mark Benney, 1939 **Carl Jung and Soul Psychology** Donald Lathrop, E Mark Stern, Karen Gibson, 2014-02-04 Psychotherapy is profoundly indebted to Carl Jung who

Levine,2009 Stephen K Levine s new book explores the nature of traumatic experience and the therapeutic role of the arts and arts therapies in responding to it It suggests that by re imagining painful and tragic experiences through art making we may release their fixity and negative hold on our lives and resist the temptation to assume the role of the victim Among the many concerns that the book addresses is the damage done by the tendency to adopt stock methods of understanding and superficial explanations for the depths complexities wonders and exasperations of human experience The book explores the chaos and fragmentation inherent in both art and human existence and the ways in which memory and imagination can find meaning by acknowledging this chaos and embodying it in appropriate forms The book builds on the important theories of Stephen K Levine s previous book *Poiesis The Language of Psychology and the Speech of the Soul* also published by Jessica Kingsley Publishers It challenges dominant psychological perspectives on trauma and provides a new framework for arts

therapists psychotherapists psychologists and social scientists to understand the effectiveness of the arts therapies in responding to human suffering *The Mammoth Book of Dieselpunk* Sean Wallace, 2015-04-02 Dieselpunk an emerging retro futuristic sub genre similar to steampunk based on the era between the First World War and the start of the Atomic Age merging elements of noir pulp and the past with today s technology and sometimes a dash of the occult Award winning editor Wallace presents a cutting edge collection of twenty five vibrant stories that explore the possibilities of history while sweeping readers into high powered hydrocarbon fuelled adventures Join us in an era when engines were huge fuel was cheap and plentiful and steel and chrome blended with the grit and grease of modern machines Praise for The Mammoth Book of Steampunk World Fantasy Award winning editor Wallace has compiled an outstanding anthology sure to satisfy even the most jaded steampunk fans and engage newcomers and skeptics Each story exemplifies steampunk s knack for critiquing both the past and the present in a superb anthology that demands rereading Publishers Weekly
