Round Buildings, Square Buildings, Buildings That Wiggle Like a Fish Philip M. Isaacson, 2005-04 What do we see when we look at a building Isaacson answers this deceptively simple question when he takes us on a personal tour of buildings around the world from the classical Parthenon in Greece to the simple fishermen's shacks in New England to the post modernist Pompidou Center in France Along the way he discusses the many elements that give buildings their flavor and character incl materials form color ornamentation placement in the landscape and the way that light strikes them When this book was first pub in 88 critics hailed it as the book to introduce all ages to architecture Now repub in this handsome hardcover edition the book re invites us to look at buildings as we have never before and to savor what we see Color photos Juv aud

Round Buildings, Square Buildings, and Buildings that Wiggle Like a Fish Philip M. Isaacson, 2016-02-10 What do we see when we look at a building From the classical Parthenon in Greece to the simple fisherman's shacks in New England to the post modernist Pompidou Center in France Philip Isaacson explores what gives buildings their character From the materials form color ornamentation placement in the landscape and the way the light strikes them there are so many elements that contribute to shaping architecture into art This is a perfect introduction to the complexities and wonders of architecture for children and adults This wonderful book will change the way you see buildings forever New York Newsday The photographs are marvelous and the text clear and interesting The New Yorker Isaacson's book could be the beginning of a lifelong love of architecture The Chicago Tribune A Boston Globe Horn Book Honor Book Nonfiction a Notable 1988 Trade Book in the Field of Social Studies and winner of the Scientific American Young Readers Award
