Ghostly Encounters Dennis Waskul, 2016-06-10 Dennis Waskul writes these lines about his first hand experience with the supernatural in the introduction to his beguiling book Ghostly Encounters Based on two years of fieldwork and interviews with 71 midwestern Americans the Waskul's book is a reflexive ethnography that examines how people experience ghosts and hauntings in everyday life The authors explore how uncanny happenings become ghosts and the reasons people struggle with or against a will to believe They present the variety and character of hauntings and ghostly encounters outcomes of people telling haunted legends and the nested consequences of ghostly experiences Through these stories Ghostly Encounters seeks to understand the persistence of uncanny experiences and beliefs in ghosts in an age of reason science education and technology as well as how those beliefs and experiences

Doubting Ghosts Michele Hanks, 2025-04-28 Based on ethnographic research in England Doubting Ghosts explores the paradoxes faced by paranormal investigators or ghost hunters in spite of spending significant time observing and documenting what they suspect to be paranormal phenomena in a scientific secular and rational fashion many paranormal investigators remain skeptical about the existence of the paranormal What then does it mean to regularly see ghosts and yet to not believe ghosts are real Examining the manner in which the scientific approach adopted by investigators produces profound doubts about the existence of the paranormal the meaning of science and the nature of modernity the author demonstrates that doubt itself is central to experiences of secularity and that doubt can constitute a foundation for long term engagements with the paranormal Thus paranormal investigators are able to sustain a relationship albeit an uneasy one with the paranormal while maintaining a commitment to a scientific secular and rational worldview A contribution to understandings of doubt science religion and disenchantment this book will appeal to scholars of sociology and anthropology

Sensing Spirits Marc A. Eaton, 2020-10-15 Based on ethnographic research this book examines the paranormal investigation subculture in the US Presenting interviews with investigators as well as extensive field observations it explores their reasons for getting involved their use of different investigative methods the interpretive processes by which they individually and collectively sense spirits the ways in which these processes are influenced by small group power dynamics and what paranormal investigation ultimately means to those who participate While focusing on the practices by which investigators sense spirits in small groups the author also situates paranormal investigation within a broader cultural context and attends to how investigators attempt to legitimize their practice despite being marginalized by both science and religion A fascinating study of ghosts as an inherently social phenomenon Sensing Spirits will appeal to sociologists with interests in ethnography interactionism cultural studies and subcultures

Chambliss, 2011-05-03 *Crime and Criminal Behavior* delves into such hotly debated topics as age of consent euthanasia and assisted suicide gambling guns internet pornography marijuana and other drug laws religious convictions and terrorism and extremism From using a faking I D to assaulting one's domestic partner to driving drunk a vast

array of behaviors fit into the definition of criminal. The authors of these 20 chapters examine the historical contexts of each topic and offer arguments both for and against the ways in which legislators and courts have defined and responded to criminal behaviors addressing the sometimes complex policy considerations involved. Sensitive subjects such as hate crimes are addressed as are crimes carried out by large groups or states including war crime and corporate crime. This volume also considers crimes that are difficult to prosecute such as Internet crime and intellectual property crime and crimes about which there is disagreement as to whether the behavior harms society or the individual involved, gun control and euthanasia, for example.

The Series The five brief issues-based books in the SAGE Reference's Key Issues in Crime Punishment Series offer examinations of controversial programs, practices, problems, or issues from varied perspectives. Volumes correspond to the five central subfields in the Criminal Justice curriculum: Crime, Criminal Behavior, Policing, The Courts, Corrections, and Juvenile Justice. Each volume consists of approximately 20 chapters offering succinct pro/con examinations and Recommended Readings conclude each chapter, highlighting different approaches to or perspectives on the issue at hand. As a set, these volumes provide perfect reference support for students writing position papers in undergraduate courses spanning the Criminal Justice curriculum. Each title is approximately 350 pages in length.

Religion in Personality Theory Frederick Walborn, 2013-12-03 Religion in Personality Theory makes clear the link between theory and research and personality and religion. Presently, most personality texts have a limited discussion of religion, and reference few theorists other than Freud and Maslow in relation to the subject. This book reviews the theory and the empirical literature on the writings of 14 theorists. Every chapter concludes with a summation of the current research on the theorist's proposals.

Reviews Frederick Walborn has written an excellent text that explores the degree to which classical personality theorists were personally influenced by and focused upon religion in developing their personality theories. Each theorist is presented in sufficient detail so that their personal views of religion are seen to influence the theories they developed. In addition, the current status of the empirical evidence in the psychology of religion is explored in the context of the theorist and theory to which the data is most relevant. Current and up-to-date, this text is appropriate for either a course in Personality or as an introduction to the Psychology of Religion.

The author's own comprehensive theory of religion and spirituality creatively integrates the positive contributions of the classical personality theorist to the contemporary psychology of religion.

Ralph W. Hood Jr. Professor of Psychology, University of Tennessee at Chattanooga. In this interesting and accessible book, Frederick Walborn thoughtfully probes the place of religion and spirituality in the writings of a broad range of classical psychological thinkers and offers an insightful critique of current empirical research on the complex relation of religion and spirituality to individual well-being.

Michele Dillon Ph.D. Professor and Chair, Department of Sociology, University of New Hampshire Durham, New Hampshire. Identifies what major personality theorists say about religion. Investigates whether evidence supports or refutes predictions made by different theories. Concludes with a comprehensive integrative theory on religion and

The Top Books of the Year Round Trip To Hell In A Flying Saucer The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the engaging narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Round Trip To Hell In A Flying Saucer : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
