*Lethal Shot* Robert Driscoll, 2019-05-30 Rob Driscoll former sergeant with 42 Commando Royal Marines served tours in Iraq Kuwait and Kosovo A born leader of fighting men he also endured three tours in Afghanistan The third of those will go down in history as one of the UK military s darkest hours for it marked the first time a British serviceman has been tried for a murder on the battlefield since the Second World War That man was Marine A Sergeant Alexander Blackman Rob Driscoll s friend and fellow NCO in 42 Commando and on the day in question they were commanding patrols within a few hundred yards of each other Few men know what really went on that day in Helmand Province Rob Driscoll is one and like Blackman knew only too well the privations and frustrations of fighting an ubiquitous and tenacious enemy without sufficient resources and support Yet *Lethal Shot* is more than a compelling insight into one of the most controversial and divisive cases in recent military history It is a clear eyed account of life on active service with the Royal Marines of incursions into war torn countries where chaos and anarchy ruled and of men risking their lives daily only too often to find that they would not be backed up by politicians at home In charting its author s career as a Royal Marine Commando it unflinchingly demonstrates the real life horrors of engaging at close quarters with enemies such as the Taliban Rob Driscoll received a Mention in Despatches for his last tour of Afghan the citation reading He never bows to fatigue or danger and there is no doubt that his remarkable acts of selflessness saved a number of lives for which he deserves significant formal recognition

*Logistics in the Falklands War* Kenneth L. Privratsky, 2016-08-15 A military logistics expert analyzes the detailed coordination employed by the British during the Falklands War in 1982 While many books have been written on the Falklands War this is the first to focus on the vital aspect of logistics The challenges were huge the lack of preparation time the urgency the huge distances involved and the need to requisition ships from trade to name but four After a brief discussion of events leading to Argentina's invasion the book details the rush to re organize and deploy forces dispatch a large task force the innovative solutions needed to sustain the task force the vital staging base at Ascension Island the in theatre resupply the set backs and finally the restoring of order after victory Had the logistics plan failed victory would have been impossible and humiliation inevitable with no food for the troops no ammunition for the guns no medical support for casualties etc The lessons learned have never been more important with increasing numbers of out of area operations required in remote trouble spots at short notice The Falklands experience is crucial for the education of new generations of military planners and fascinating for military buffs and this book fills an important gap With inadequate training little intelligence no contingency plan a politically driven rush and at 8 000 miles it is not surprising that logistics during Op CORPORATE were confusing and challenging It has taken a US Army general to explain why We should all be grateful Michael Clapp Commander Amphibious Task Force A timely book that explores the logistical challenges of projecting decisive combat power across transoceanic distances Marine Corps Gazette **Voices of Victory** Geraint Jones, 2025-04-24 Enthralling and enlightening A wonderful look into the personal experiences that heart and soul of the fighting soldier towards the end of the Second World War John Nichol Sunday Times bestselling author of *The Unknown Warrior* From the bestselling author of *D Day* *The Unheard Tapes* comes a revealing new history of the final bloody battles against Nazi Germany Published for the

80th anniversary of VE Day and based on audio interviews with those who fought their way to victory this is a compelling and immersive account of a crucial period in the Second World War February 1945 Eight months have passed since the D Day landings when the Allies gained their foothold in North West Europe Since then the British Army has fought near continuously against the German military Now they stand ready for their final test the battle for the German homeland Drawing on the sound archive of the Imperial War Museums and other personal accounts military historian Geraint Jones brings this often overlooked period of the war vividly to life in the words of British soldiers who were there from war weary men who have survived many months of combat to new recruits facing Hitler's fanatics for the first time In *Voices of Victory* we join the soldiers battling to break through the Siegfried Line and clear the Reichswald forest where fighting was from one tree to the next At the crossing of the Rhine we go into action with the commandos and jump behind enemy lines with the Paras We are taken into the horror of Belsen when the concentration camp is liberated hear from the witnesses of the forgotten battles of April and end the war deep in Germany with victory in Europe      **Up Close and Personal** David Lee, 2006-04-01 An in depth analysis of what it was really like to fight at the sharp end in every theater of the Second World War from the author of *Beachhead Assault* In 1947 US General S L A Marshall controversially wrote that out of every one hundred combat soldiers only fifteen to twenty five actually fired their weapons at the enemy because of the innate human reluctance to take another's life Others maintained the opposite view that soldiers enjoyed killing David Lee demonstrates that the situation was far more complex than either of these positions arguing that the crucial factor for a unit's success in battle was the type of training it received To illustrate this Lee covers actions from each theater of the war in depth and with comprehensive coverage of weapons and tactics First there is the story of what happened when a battalion of British soldiers trained in the traditional manner came up against the Waffen SS whose training was formidable and bore close resemblance to the Commandos The success of No 4 Commando at Dieppe is covered to show how this was put into effect For the desert war there is a detailed look at how a rifle battalion held the snipe position against overwhelming odds and how that same battalion was virtually wiped out when it later went to Italy For the Far East Lee explains how hatred of the Japanese Army gave impetus to British soldiers fighting at Kohima and American soldiers at Iwo Jima And finally there is the story of one US infantry regiment on D Day      *The Routledge Atlas of the Second World War* Martin Gilbert, 2014-03-05 In *The Routledge Atlas of the Second World War* Martin Gilbert graphically charts the war's political military economic and social history through 247 maps Each map has been specially drawn for this atlas many of them covering topics that have not previously been mapped The atlas covers all the major events from the German invasion of Poland in September 1939 to the defeat of Japan in August 1945 including the Blitz the Fall of France Pearl Harbor the naval Battles of the Atlantic the Indian Ocean and the Pacific Dieppe Stalingrad Midway the Normandy Landings the bombing of Warsaw London Coventry Hamburg Dresden Tokyo Hiroshima and Nagasaki the Burma Railway concentration camps and slave labour camps and prisoner of war
