The Foundation of Nostell Priory, 1109-1153 Judith A. Frost, 2007

Angel in the Sun Gerald

Finley, 1999-03-10 Turner was deeply affected by the world in which he lived the sciences that explained it and the conflicts and accomplishments of his society He wove these strands into the dense fabric of the historical pictures he created pictures that were extremely varied complex original and controversial In *Angel in the Sun* Gerald Finley untangles the various thematic strands running through Turner's art including the intersection of private and public histories classical and biblical

history and contemporary events and science and religion and shows how Turner's use of light and colour played an important role in conveying these ideas *Angel in the Sun* includes over 130 illustrations in colour and black and white that reveal Turner's remarkable achievement as a painter of historical subjects Because of its interdisciplinary nature the book will appeal not only to art historians and landscape theorists but also to historians of science and literature *Law, Governance, and Justice*, 2013-01-14 How law is made how governance works and the response of the governed remain crucial modern questions whose roots in many parts of the world reach deep into the past of medieval England Scholars have long discussed these issues and new perspectives regularly emerge This volume brings together contemporary views from leaders in the field and from younger scholars both historians and literary critics Classic themes and incidents are creatively revisited and new avenues of approach are suggested

The Archaeology of Knowledge Traditions of the Indian Ocean World Himanshu Prabha Ray, 2020-11-18 This book examines knowledge traditions that held together the fluid and overlapping maritime worlds of the Indian Ocean in the premodern period as evident in the material and archaeological record It breaks new ground by shifting the focus from studying cross pollination of ideas from textual sources to identifying this exchange of ideas in archaeological and historical documentation The themes covered in the book include conceptualization of the seas and maritime landscapes in Sanskrit Arabic and Chinese narratives materiality of knowledge production as indicated in the archaeological record of communities where writing on stone first appears and anchoring the coasts not only through an understanding of littoral shrines and ritual landscapes but also by an analysis of religious imagery on coins more so at the time of the introduction of new religions such as Islam in the Indian Ocean around the eighth century This volume will be of great interest to researchers and scholars of archaeology anthropology museum and heritage studies Indian Ocean studies maritime studies South and Southeast Asian studies religious studies and cultural studies *Hengest, Gwrtheyrn and the Chronology of Post-Roman Britain* Flint F. Johnson, 2014-02-07 In this book the author makes use of the methodology he developed in *Origins of Arthurian Romances* McFarland 2012 in order to reevaluate the post Roman history of Britain He begins by delving into the historical contexts of the key traditional players of the fifth century Hengest and Gwrtheyrn A better understanding of these two characters allows for a reexamination of the persons and events of the fifth sixth and seventh centuries The text that follows entirely realigns how those centuries can be seen from a chronological as well as a military and political standpoint The fifth century was not a time of British and Germanic fragmentation as they separated from Rome but one of slow integration and the formation of kingships that were a result of the economic realities of surviving without the dying giant *The Real Diana* Lady Colin Campbell, 2013-08-06 When I met Diana at a mutual friend's house in 1990 I was astonished by her conduct Up to this point the Diana I had encountered was a princess who had behaved very much in keeping with the forms and traditions of royalty In social situations she was as circumspect as the rest of them as indeed all ladies are Now however she was the antithesis of circumspect Throwing caution and reserve to the

wind she said that she wanted me to write the truth about her life because I feel as if the whole fairy tale is crushing whatever's left of the real me If you'd just write about the real Diana it would make all the difference Lady Colin Campbell Who was the real Diana What was it like to be so privileged yet so anguished so beloved yet so self loathing so spoiled yet so despairing The Princess of Wales was all these things far more complicated conflicted and intriguing a person than the wildly disparate saint or lunatic she is frequently portrayed to be Royal insider Lady Colin Campbell sets the record straight on many of the most controversial aspects of Diana's turbulent life how Charles and Diana's engagement came to pass though it seemed ill advised to those closest to both of them what their honeymoon was really like the truth behind Diana's bulimia her widely reported suicide attempts and her obsession with Camilla Parker Bowles Diana's search for love and fulfillment with numerous men before during and after her marriage her brilliant manipulations of the press and her relationship with Dodi Fayed Lady Colin Campbell's New York Times bestselling biography *Diana in Private* was the first to expose the truth about Diana and her troubled marriage In *The Real Diana* she reveals that the reason she knew so much about what went on behind the palace gates was because Diana herself was the source Drawing upon these confidences as well as on conversations with countless people who knew Diana and with Diana herself in the final years of her life Lady Colin Campbell combines true insight with true compassion to bring us the most intimate and revealing portrait of the Princess of Wales that we will ever have

Heraldic Hierarchies Steven Thiry, Luc Duerloo, 2021-06-01 Early modern heraldry was far from a nostalgic remnant from a feudal past From the Reformation to the French Revolution aspiring men seized on these signs to position themselves in a changing society imbuing heraldic tradition with fresh meaning Whereas post medieval developments are all too often described in terms of decadence and stifling formality recent studies rightly stress the dynamic capacity of bearing arms *Heraldic Hierarchies* aims to correct former misconceptions Contributing authors rethink the influence of shifting notions of nobility on armorial display and expand this topic to heraldry's share in shaping and contesting status Moreover addressing a common thread the volume explores how emerging states turned the heraldic experience into an instrument of power and policy Contributing to debates on social and noble identity *Heraldic Hierarchies* uncovers a vital and surprising aspect of the pre modern hierarchical world

France in the Making 843-1180 Jean Dunbabin, 2000-02-03 Covering the centuries between the disintegration of the Carolingian empire and the rise of the French monarchy this book traces the long period of gestation that ended with the emergence of the kingdom of France as a recognizable political entity capable of inspiring the loyalty of its peoples The author describes the emergence in the late ninth and tenth centuries of principalities and lesser political units in which the personal qualities or resources of the rulers permitted them to command obedience In the eleventh century the threat of political fragmentation led princes to establish sounder theoretical foundations for their authority in legal and administrative procedures The twelfth century kings of France hitherto little more than princes of the Ile de France exploited the state building activities of their princes to re establish their own lordship over all the princes counts and bishops within their realm At the same time they contrived to identify themselves in their subjects imaginations with the dawning sense of French community By 1180 the kingdom of France was firmly established both on the map of Europe and in the minds of its inhabitants
