

THE ROYALIST WAR EFFORT 1642-1646

Ronald Hutton

Royalist War Effort 1642 1646

Ian Frederick William Beckett

Royalist War Effort 1642 1646:

The Royalist War Effort 1642-1646 Ronald Hutton, 2012-10-12 The English Civil War remains the most prolonged and traumatic example of internal violence in the history of the state The Royalist War Effort 1642 1646 shows the build up to the outbreak of the war detailing how the war was fought and how ultimately it was won and lost In his new introduction to this second edition Ronald Hutton places his vivid account of the Royalist war effort into modern historical context bringing the reader up to date with recent developments in the study of the English civil war He analyses the influences which affected his own interpretation of events ensuring that The Royalist War Effort 1642 1646 remains the most informative and compelling account of the Royalist experience in the English civil war

Cavaliers John Barratt, 2000 This important new book offers the first history of the Royalist armies and their role in the Civil War for over a quarter of a century Divided into two sections the first part of the book describes and analyses the organisation recruitment training arms equipment tactics and performance of the Royalist armies The second part takes a look at some of the engagements and accidents of the Civil War and examines the reality behind the legend by looking at actual cases in their proper contexts

Royalists at War in Scotland and Ireland, 1638-1650 Barry Robertson, 2016-04-08 Analysing the make up and workings of the Royalist party in Scotland and Ireland during the civil wars of the mid seventeenth century Royalists at War is the first major study to explore who Royalists were in these two countries and why they gave their support to the Stuart kings It compares and contrasts the actions motivations and situations of key Scottish and Irish Royalists paying particular attention to concepts such as honour allegiance and loyalty as well as practical considerations such as military capability levels of debt religious tensions and political geography It also shows how and why allegiances changed over time and how this impacted on the royal war effort Alongside this is an investigation into why the Royalist cause failed in Scotland and Ireland and the implications this had for crown strategy within a wider British context It also examines the extent to which Royalism in Scotland and Ireland differed from their English counterpart which in turn allows an assessment to be made as to what constituted core elements of British and Irish Royalism

The Amateur Military Tradition, 1558-1945 Ian Frederick William Beckett, 1991

A/AS Level

History for AQA The English Revolution, 1625-1660 Student Book Tom Wheeley, 2015-12-03 A new series of bespoke full coverage resources developed for the AQA 2015 A AS Level History Written for the AQA A AS Level History specifications for first teaching from 2015 this print Student Book covers The English Revolution 1625 1660 Depth component Completely matched to the new AQA specification this full colour Student Book provides valuable background information to contextualise the period of study Supporting students in developing their critical thinking research and written communication skills it also encourages them to make links between different time periods topics and historical themes

The Routledge Companion to the Stuart Age, 1603-1714 John Wroughton, 2013-02-01 Here is an invaluable user friendly and compact compendium packed with facts and figures on the seventeenth century one of the most tumultuous and complex

periods in British history From James I to Queen Anne this Companion includes detailed information on political religious and cultural developments as well as military activity foreign affairs and colonial expansion Chronologies biographies documents maps and genealogies and an extensive bibliography navigate the reader through this fascinating and formative epoch as the book details the key events and themes of the era including the English Civil War and its military campaigns the Gunpowder Plot Catholic persecution and the influence of Puritanism imperial adventures in America Asia Africa and the Caribbean Scotland and the Act of Union 1707 the Irish Confederate wars and the Cromwellian conquest of Ireland the Great Fire of 1666 and the rebuilding of London biographies of key figures including women artists architects writers and scientists the Restoration and the revival of drama With complete lists of offices of state an extensive glossary of key constitutional political and religious terminology and up to date thematic annotated bibliographies to aid further research this student friendly reference guide is essential for all those interested in the Stuart Age

John Poyer, the Civil Wars in Pembrokeshire and the British Revolutions Lloyd Bowen, 2020-10-01 This is the first book length treatment of the turncoat John Poyer the man who initiated the Second Civil War through his rebellion in south Wales in 1648 The volume charts Poyer's rise from a humble glover in Pembroke to become parliament's most significant supporter in Wales during the First Civil War 1642-6 and argues that he was a more complex and significant individual than most commentators have realised Poyer's involvement in the poisonous factional politics of the post war period 1646-8 is examined and newly discovered material demonstrates how his career offers fresh insights into the relationship between national and local politics in the 1640s the use of print and publicity by provincial interest groups and the importance of local factionalism in understanding the course of the civil war in south Wales The volume also offers a substantial analysis of Poyer's posthumous reputation after his execution by firing squad in April 1649

The National Covenant in Scotland, 1638-1689 Chris R. Langley, 2020 This edited collection assesses how people interacted with the National Covenant's infamously ambiguous text the political and religious changes that it provoked and the legacy that it left behind

The Polar Star John Scally, 2024-04-03 The 1st duke of Hamilton played an important role in the politics and life of Britain in the first half of the seventeenth century Born in 1606 into the Scottish ancient noble family of Hamilton who enjoyed a blood connection with the royal Stuarts he was well placed to take full advantage of the union of the crowns in 1603 which opened up substantial opportunities in England and Ireland The centre of that new world was the recently established Stuart court in London Following his father Hamilton entered that courtly world in 1620 at the age of fourteen and was executed on a scaffold outside Whitehall Palace in March 1649 During that period he was involved in some of the most momentous events in British history the wars of the three kingdoms and the collapse of the Stuart monarchy His story casts a distinctive light on the period and allows a fresh account of the slowly unfolding crisis that saw an anointed king put on trial and publicly executed The book is structured in three parts Part one is a cluster of five studies concentrating on events in Scotland England Ireland and mainland Europe prior to 1638 Part two

presents three chapters on Hamilton's role in the three kingdom crisis between 1637-1643. Part three covers the remarkable final phase in Hamilton's life detailing the Engagement defeat at Preston and his execution in London. This biography of the 1st duke cuts a unique and distinctive path through one of the most heavily researched periods in the history of Britain. In a period of kingly personal rule, Hamilton stood at the shoulder of the king, cajoling, persuading and ultimately failing to steer him away from civil war in his kingdoms. The main source for this account is the Hamilton Papers brought into the public domain in the last few decades and used extensively for the first time. The British Confederate Allan I. MacInnes, 2011-03-01. The interplay of roles of the Marquess of Argyll as clan chief, Scottish magnate and influential British statesman make him a worthy counterpoint to Cromwell. This book reviews Argyll's formative influence in shaping British frontier policy during the period 1607-38 and his radical, financially creative and highly partial leadership of the Covenanting Movement in Scotland 1638-45 when Covenanters rather than Royalists or Parliamentarians directed the political agenda in Britain. It examines his role as reluctant but calculated revolutionary in pursuing confessional confederation throughout the British Isles and in restoring Scotland's international relations particularly with France. His ambivalent role as a military leader is contrasted with that of his genius as a political operator 1646-51. Reappraising his trial and execution as a scapegoat for reputedly collaborating with Oliver Cromwell and the regicides who executed Charles I in the 1650s, it rehabilitates Argyll's reputation as a tarnished Covenanting hero rather than an unalloyed Royalist villain. The book is firmly grounded in public and private archival sources in the UK, the USA and Scandinavia and draws especially on privileged access to archives in Inveraray Castle, Argyllshire. It should appeal to those interested in clanship, civil war and British state formation. The Irish and British Wars, 1637-1654 James Scott Wheeler, 2003-10-03. With numerous maps and illustrations, James Scott Wheeler connects the strategic and tactical levels of war with political actions and reactions and discusses how Britain and Ireland became battlegrounds in the war of three kingdoms. The various stages of this period of turmoil are clearly demonstrated right through to the execution of Charles I, the conquest of Catholic Ireland and the eventual death of the English Republic and provide students of history with an excellent addition to their studies. Constitutional Royalism and the Search for Settlement, C.1640-1649 David L. Smith, 2002-05-02. An investigation into the Constitutional royalists and their role in the English Revolution. **Revolution in the Development of Capitalism** Mark Gould, 2023-11-15. This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach and impact. Drawing on a backlist dating to 1893, Voices Revived makes high quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1978. *Novelty and Change* Charles Singleton, 2024-08-25. The 2023 Century of the Soldier Conference discusses Novelty and Change through diverse papers on overlooked research impacted by the pandemic. The 2023 Century of the Soldier Conference was held at the University of Worcester on the banks of the River Severn in the

historic city of Worcester The theme of the conference was Novelty and Change and had a range of papers covering a variety of topics The conference focused on new research and ideas that in some cases might have been overlooked in the disruption caused by the global coronavirus pandemic

Women, Royalisms and Exiles 1640-1669 Sonya Cronin, 2022-03-21 This book examines a range of royalist women's cultural responses to war dislocation diaspora and exile through a rich variety of media across multiple geographies of the archipelago of the British Isles and as far as The Hague and Antwerp on the Continent thereby uniquely documenting comparative links between women's cultural production types of exile and political allegiance Offering the first full length study to theorize the royalist condition as one of diaspora it chronologically charts a series of ruptures beginning with initial displacement and dispersal due to civil war in the early 1640s and concludes with examination of the homecoming for royalist exiles after the restoration in 1660 As it retrieves its subjects varied experiences of exile and documents how these politically conscious women produce contrasting yet continuous forms of cultural personal and political identities it challenges conventional paradigms which all too neatly categorize royalism and exile during this seminal period in British and European history

King Charles I Pauline Gregg, 1984-01-01 A biography of the British monarch examines his upbringing personality and the events that led to his downfall

Cromwell at War Martyn Bennett, 2017-06-30 Martyn Bennett here provides the first military biography of Cromwell in the context of the seventeenth century Military Revolution After commanding a small troop in 1643 and without prior military experience Cromwell rose to lead the cavalry regiments of the Eastern Association Army and the New Model Army to final victory at Worcester in 1651 and sealed the victory of the Parliamentary forces in Ireland and Scotland becoming Lord General in 1650 Martyn Bennett analyses Cromwell's military talents and generalship in addition to his well attested powerful and even brutal discipline and religious fervour He examines the controversial Irish campaigns as well as modern accusations of genocide In providing new perspectives on Cromwell's military career Bennett adds to our understanding of England's only non royal head of state

The British Civil War Trevor Royle, 2004 The entirety of the British Civil War has never been covered in a single volume until now While it is usually seen as an English conflict Royle paints the picture on a large canvas to show that it engulfed the entirety of Great Britain While the war began as the result of the Scots unwillingness to accept Charles I's prayer book their obstinacy inspired the Irish Catholics to rise against their English and Scot oppressors with the result that fourteen years internecine fighting was to be the norm for these islands This is grand narrative military history at its best and a monumental achievement

Protestant War Robert Armstrong, Robert Matthew Armstrong, 2005 The Protestants of Ireland are a missing piece in the puzzle of the wars of the three kingdoms of the 1640s This book provides a rich narrative of the struggles and dilemmas of that community and its place in the wider conflict throughout Britain and Ireland New light is shed upon the aims and aspirations of parliamentarians royalists and covenanters in civil war England and the formation of Protestant and British identities in seventeenth century Ireland

The English Revolution and the Wars in the Three Kingdoms, 1638-1652 I.J.

Gentles,2014-06-06 Ian Gentles provides a riveting in depth analysis of the battles and sieges as well as the political and religious struggles that underpinned them Based on extensive archival and secondary research he undertakes the first sustained attempt to arrive at global estimates of the human and economic cost of the wars The many actors in the drama are appraised with subtlety Charles I while partly the author of his own misfortune is shown to have been at moments an inspirational leader The English Revolution and the Wars in the Three Kingdoms is a sophisticated comprehensive exciting account of the sixteen years that were the hinge of British and Irish history It encompasses politics and war personalities and ideas embedding them all in a coherent and absorbing narrative

The Enigmatic Realm of **Royalist War Effort 1642 1646**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing short of extraordinary.
