volumes were published as volumes 50 and 51. Since it is the fortieth year of publication we decided to look back on the changes that have occurred since Volume 1 of *Advances in computers* appeared in 1960. We looked at the six chapters of that initial volume and decided that an appropriate anniversary volume for this series would be a collection of papers on the same topics that appeared in 1960. What has happened to those technologies? Are we making the progress we thought we would or are events moving more slowly? Business computing, Numerical weather prediction, Spoken language, Language understanding, Microprocessor design, Computer games.
