*If Stilettos Could Speak* A. S. Kingly, 2019-06-01 In the small town of Senoia Georgia where everything is a skip hop or short bus ride away what could possibly go wrong Aging Detective Garrett Sandoval stumbles upon strange events that result in a missing person's case Details of the crime send him down memory lane back to a time when his career was just beginning Years ago women went missing in nightclubs Now their cases are reopened as a copycat shows up and more women disappear Witnesses mention flickering lights and a popping sound before women vanish All they leave behind are fancy high heeled shoes The case escalates however when the culprit leaves a note that says I'm back Maybe Sandoval doesn't deal with a copycat but the original villain An unlikely team comes together to solve this mystery including several detectives a burlesque dancer and a writer all following clues that lead down a dark and twisted path Sandoval gets closer and closer to his old nemesis while balancing on the metaphorical point of a stiletto with the past nipping at his heels

*Foodscapes, Foodfields, and Identities in the Yucatán* Steffan Igor Ayora-Diaz, 2012-01-01 The state of Yucatán has its own distinct culinary tradition and local people are constantly thinking and talking about food They use it as a vehicle for social relations but also to distinguish themselves from Mexicans This book examines the politics surrounding regional cuisine as the author argues that Yucatecan gastronomy has been created and promoted in an effort to affirm the identity of a regional people and to oppose the hegemonic force of central Mexican cultural icons and forms In particular Yucatecan gastronomy counters the homogenizing drive of a national cuisine based on dominant central Mexican appetencies and defies the image of Mexican national cuisine

as rooted in indigenous traditions Drawing on post structural and postcolonial theory the author proposes that Yucatecan gastronomy having successfully gained a reputation as distinct and distant from Mexican cuisine is a bifurcation from regional culinary practices However the author warns this leads to a double paradoxical situation that divides the nation while a national cuisine attempts to silence regional cultural diversity the fissures in the project of a homogeneous regional identity are revealed
