Matthew McMahon,2017-10-26 This book is about hearing the Word of God preached boldly plainly and faithfully It is particularly aimed at the Christian sitting in the pew who is required by God to hear the Word of God preached with spiritual profit to their soul However many pastors today would also do well to hear the contents of these chapters since their performance allows or not the ability for the Christian to accomplish the intended ends when they hear the Word preached If they are negligent in preaching the hearer can never do his commanded duty One might think that a book about preaching concerns hermeneutics or exegesis or more especially homiletics and not particularly directed towards the Christian This work however is neither about hermeneutics or homiletics per se It is primarily directed at the Christian hearer though much will be said about the minister and his pulpit ability Many good books have dealt with being called to the ministry or being faithful in study for preaching or for aid in sermon preparation Though this work may touch on all these things and much more it is really directed at what Christians ought to expect when the minister stands up to preach in the pulpit If the

minister is not fulfilling his office as it should be intended what is the final result What should the congregation see hear and expect in this regard biblically speaking Reader what do you expect NIV, Big Dreams Big Prayers Bible for Kids Zondervan,2016-01-26 The Big Dreams Big Prayers Bible for Kids NIV includes the complete New International Version NIV of the Bible along with devotions prayers and highlighted verses to help kids pray and listen for God s answers to their prayers Features include Presentation page for personalization and gift giving Devotions about people who prayed and listened to God such as Abraham Hannah and Job The Lord s Prayer explained for kids The hand prayer model to help kids remember to pray for others and themselves Highlighted verses great for memorization and meditation Book introductions explain what each book of the Bible is about Prayer journaling pages with space to record personal prayers and answers to prayer Reading plans Complete double column text of the New International Version NIV **Sister Freaks** Rebecca St. James,2008-11-15 Bestselling author and award winning singer Rebecca St James brings together a group of inspirational true stories about young women who gave their all for Jesus **Dear Child of Mine** Deirdre Tolhurst,2015-10-30 In Dear Child of Mine Deirdre Tolhurst finds the beauty in each day that passes from conception to birth Addressing the growth of the baby within and giving God the glory for each of His miraculous works is the mainstay of this powerful devotional To be read out loud each devotion begins with sweet words to the baby The baby is told every day that it is loved and wanted and the devotion notes what miracles are happening as the child grows Followed by a prayer the exciting changes inside the mother are spoken of with adoration of Gods kindness and miraculous ways A scripture completes the devotion always bringing the glory back to God This uniquely personal devotional has lines included each day so the mom can write the feelings and thoughts that captured her own heart at that stage of her pregnancy making this a beautiful heirloom for generations to enjoy Psalms for Devotion Jeanie Maxwell,2008 Even though Psalms was written thousands of years ago it is still an encouragement for us today In Psalms for Devotion Author Jeanie Maxwell has written a daily devotional book that will truly be a source of inspiration and encouragement to you throughout your day In this special book Jeanie has taken at least one verse from every one of the 150 chapters of Psalms to write a daily meditation for thought The One Year Devotions for Kids Children's Bible Hour,1995 A collection of devotions for each day of the calendar year including readings illustrative stories memory verses and questions to internalize the messages **Historical Perspectives on Infant Care and Development** Amanda Norman,2022-07-14 This book is the essential guide to understanding the historical influences that have shaped our ideas about infancy and infant care today It introduces the key theories themes and concepts that have shaped the history of infant care and invites readers to explore how events approaches traditions studies and stories have shaped modern day practice From foundlings to wetnurses community care and edu carers it introduces topics about family life professional roles and educational settings The book includes short vignettes imagery and case studies as well as extended reflective questions Each chapter introduces a different topic including pregnancy parental relationships
