Lords of the Earth Jules Loh,1971 An account of the Navajo Indians struggle to survive a history of oppression reveals the nature of the tribe and its culture **New Mexico Historical Review** Lansing Bartlett Bloom,Paul A. F. Walter,1993

Dine Bibliography to the 1990s Howard M. Bahr,1999-06 The Navajo are the largest tribe of Indians in the United States and due in part to a fascination with their relative isolation have been analyzed in numerous documentaries In this timely supplement to the Navajo Bibliography Howard M Bahr engages in a unique postmodern approach to his bibliography of the Navajo culture by combining health related artistic economic religious social scientific and other literature on the Navajo into one study The bibliography skillfully downplays disciplinary boundaries by unifying literature that has previously only offered separate classification and access The more than 6 300 entries are selectively annotated and cover Navajo literature from 1970 to 1990 as well as newly discovered literature including Franciscans literature that was not included in the original Navajo Bibliography This bibliography is not only the most comprehensive bibliography to date in its coverage of more than two decades of new material but the only source that supplements the professional literature with local and cultural works An exhaustive resource that effectively doubles the expanse of Navajo literature surveyed and indexed Din Bibliography to the 1990s is an invaluable tool that both highlights the literature already available and expands such data to include coverage of genres that have been previously underrepresented **A Genealogical and Heraldic History of the Landed Gentry of Great Britain** Bernard Burke,1900 *Exploring the Mesoamerican Subterranean Realm* James E. Brady,Cristina Verdugo,2025-09-01 Exploring the Mesoamerican Subterranean Realm brings together recent work and interpretations on the use of underground cavities by Mesoamerica s pre Columbian cultures demonstrating their invaluable cultural purpose Case studies from across the region investigate the ways in which these highly charged points in the sacred landscape were the focus of countless political and religious activities The volume expands the study of caves to focus on the broader realm of subterranean space introducing the concept of the constructed subterranean a space in which the Maya deliberately created sacred landmarks through excavation Chapters critically examine chultuns previously thought to be subterranean storage chambers and sascaberas previously considered mines demonstrating that the traditional archaeological models are deeply flawed A wealth of data on both features is used to envision a new sacred landscape filled with thousands of subterranean sacred landmarks Natural caves are also examined a survey conducted around the ancient site of Yaxchilan considers the obvious importance of large stalagmites set up in the site core as monuments Long distance pilgrimages to these caves fundamentally reevaluates the nature of pilgrimage and reveals an economic and political importance that structured settlement and activities around the pilgrimage sites Finally evidence is analyzed to show that the human bones recovered from Midnight Terror Cave Belize were the result of human sacrifice Dealing equally with the archaeology of both natural and constructed subterranean spaces Exploring the Mesoamerican Subterranean Realm

challenges preconceived notions of these spaces and their meanings dramatically shifting the field's focus and extending the understanding of the critical importance of this dark side of archaeology The Mexican American in American History Julian Nava, 1973 An anthology presenting the history and heritage of Mexican Americans from the early Indian cultures in Mexico to today's Chicano striving for an identity in an Anglo American society *The publishers weekly*, 1984 **The Hinduism Omnibus** Nirad C.
