The Los Angeles Riots Nathan Edward Cohen,1970 Literature and Race in Los Angeles Julian Murphet,2001-03-19
Los Angeles is both the most fragmented and the most minoritized metropolis in America and its most luridly abstract and aestheticized city With more than eighty five languages being spoken in its classrooms and one homogeneous visual language emanating from its entertainment industry LA radically challenges the prospects of that archaic representational medium literature In its investigation of the work of Bret Easton Ellis James Ellroy Anna Deveare Smith and others Literature and Race in Los Angeles articulates their aesthetic preoccupations with the structures of social space in the city Harnessing some of the theoretical insights of Henri Lefebvre and the LA school of geographers Murphet demonstrates the versatility of literary production in LA and speculates about the fortunes of literature in a predominantly visual culture *Civil Rights Digest* ,1971 The Limits of Community Policing Luis Daniel Gascón,Aaron Roussell,2019-07-23 A critical look at the realities of community policing in South Los Angeles The Limits of Community Policing addresses conflicts between police and communities Luis Daniel Gasc n and Aaron Roussell depart from traditional conceptions arguing that community policing popularized for decades as a racial panacea is not the solution it seems to be Tracing this policy back to its origins they focus on the Los Angeles Police Department which first introduced community policing after the high profile Rodney King riots Drawing on over sixty interviews with officers residents and stakeholders in South LA s Lakeside precinct they show how police tactics amplified rather than resolved racial tensions complicating partnership efforts crime response and prevention and accountability Gasc n and Roussell shine a new light on the residents of this neighborhood to address the enduring and frequently explosive conflicts between police and communities At a time when these issues have taken center stage this volume offers a critical understanding of how community policing really works *Racism and Resistance* Franziska Meister,2017-04-15 Even a cursory look at U S society today reveals that protests against racial discrimination are by no means a thing of the past What can we learn from past movements in order to understand the workings of racism and resistance In this book Franziska Meister revisits the Black Panther Party and offers a new perspective on the Party as a whole and its struggle for racial social justice She shows how the Panthers were engaged in exposing structural racism in the U S and depicts them as uniquely resourceful imaginative and subversive in the ways they challenged White Supremacy while at the same time revolutionizing both the self conception and the public image of black people Meister thus highlights an often marginalized aspect of the Panthers how they sought to reach a world beyond race by going through race A message
