The Alternative Sherlock Holmes Peter Ridgway Watt, Joseph Green, 2017-03-02 Between 1887 and 1927 Sir Arthur Conan Doyle wrote sixty Sherlock Holmes stories and his great Canon has become the most praised most studied and best known chapter in the history of detective fiction Over twenty thousand publications pertaining to the Sherlock Holmes phenomenon are known to have been published most of them historical and critical studies In addition however almost since the first stories appeared such was their uniqueness and extraordinary attraction that other authors began writing stories based on or derived from them A new genre had appeared pastiches parodies burlesques and stories that attempted to copy or rival the great detective himself As the field widened there was hardly a year in the twentieth century in which new short stories or novels did not appear Many hundreds are now known to have been published some of them written by authors well

known for their work in other literary fields The non canonical Sherlock Holmes literature not only constitutes a literary field of considerable historical interest but includes many stories that are both enjoyable and fascinating in their own right Although a large bibliography on these stories exists and a few limited anthologies have been published no attempt has previously been made to collect them all and discuss them comprehensively The Alternative Sherlock Holmes does so it provides a new and valuable approach to the Sherlock Holmes literature as well as making available many works that have for years remained forgotten Presented as an entertaining narrative of interest to both the aficionado and the scholar it provides full bibliographic data on virtually all the known stories in the field

Somewhere in the vaults of the bank of Cox and Co at Charing Cross there is a travel worn and battered tin dispatch box with my name John H Watson M D Late Indian Army painted upon the lid It is crammed with papers nearly all of which are records of cases to illustrate the curious problems which Mr Sherlock Holmes had at various times to examine Dr John H Watson So wrote Dr Watson in The Problem of Thor Bridge and ever since Sherlockians have been bringing us new adventures from this legendary tin dispatch box While his original Literary Agent only edited the pitifully few sixty stories that make up the original Canon there have since been literally thousands of traditional adventures about the true Sherlock Holmes and there will never be enough Throughout the original Holmes Canon there were hints and teases of other intriguing cases The Giant Rat of Sumatra The Abernethy Tragedy The Manor House Case Watson mentions well over one

hundred of these which have collectively come to be known as The Untold Cases Now the latest MX anthologies present thirty four of those adventures in two simultaneously published volumes with all royalties going to support the Stepping Stones School at Undershaw one of Sir Arthur Conan Doyle s former homes Join us as we return to Baker Street and discover more authentic adventures of Sherlock Holmes described by the estimable Dr Watson as the best and wisest whom I have ever known Each volume contains forwards by Lyndsay Faye Roger Johnson Melissa Grigsby Steve Emecz and David Marcum

The Mammoth Book of New Sherlock Holmes Adventures Mike Ashley,2009-05-28 The biggest collection of new Sherlock Holmes stories since Sir Arthur Conan Doyle laid down his pen nearly 200 000 words of superb fiction featuring the Great Detective by masters of historical crime including Stephen Baxter H R F Keating Michael Moorcock and Amy Myers Almost all the stories here are specially written the cases presented in the order in which Holmes solved them The result is a new life of Sherlock Holmes with a continuous narrative alongside the stories that identifies the gaps in the canon and places the new and hitherto unrecorded cases in sequence Plus an invaluable complete Holmes chronology **The MX Book of New Sherlock Holmes Stories - Part XII** David Marcum,2021-05-11 Part XII 1894 1902 features contributions from C H Dye David Marcum Thomas Fortenberry Daniel D Victor Nik Morton Craig Janacek S Subramanian Jim French Robert Stapleton Nick Cardillo Paul D Gilbert Mike Hogan Derrick Belanger John Linwood Grant Mark Mower Jane Rubino and Arthur Hall and a poem by Anon 34 new traditional Holmes adventures in two simultaneously published volumes Somewhere in the vaults of the bank of Cox and Co at Charing Cross there is a travel worn and battered tin dispatch box with my name John H Watson M D Late Indian Army painted upon the lid It is crammed with papers nearly all of which are records of cases to illustrate the curious problems which Mr Sherlock Holmes had at various times to examine Dr John H Watson So wrote Dr Watson in The Problem of Thor Bridge and ever since Sherlockians have been bringing us new adventures from this legendary tin dispatch box While his original Literary Agent only edited the pitifully few sixty stories that make up the original Canon there have since been literally thousands of traditional adventures about the true Sherlock Holmes and there will never be enough Throughout the original Holmes Canon there were hints and teases of other intriguing cases The Giant Rat of Sumatra The Abernethy Tragedy The Manor House Case Watson mentions well over one hundred of these which have collectively come to be known as The Untold Cases Now the latest MX anthologies present thirty four of those adventures in two simultaneously published volumes with all royalties going to support the Stepping Stones School at Undershaw one of Sir Arthur Conan Doyle s former homes Join us as we return to Baker Street and discover more authentic adventures of Sherlock Holmes described by the estimable Dr Watson as the best and wisest whom I have ever known Each volume contains forwards by Lyndsay Faye Roger Johnson Melissa Grigsby Steve Emecz and David Marcum **Sherlock Holmes Handbook** Christopher Redmond,2009-09-28 Here in one convenient volume is everything needed for the enjoyment of Holmes canon Sherlock Holmes - Tangled Skeins David Marcum,2015-05-20 Sherlock Holmes s investigations were not

always the neat and self contained stories that were presented for publication As Watson writes in his Foreword Holmes s cases overlapped one another considerably often with the next beginning while the current was still in motion Some moved linearly from start to finish without interruption while others stretched a piece here and a piece there across weeks months or even years and decades There are cases from the past that resonated into the present or times when Holmes s path was detoured from the middle of one case into a completely different matter without warning A few never reached any conclusion at all Sometimes Holmes would find himself surrounded by the returning ripples of a matter that he had believed to be concluded years earlier with the guilty miscreant supposedly far behind him Watson chose the stories in this collection to represent this tangled skein Join us as we ascend the seventeen steps to the sitting room at 221b Baker Street discovering cases that range from Holmes s earliest days in practice to his activities during his supposed retirement on the South Downs of Sussex The game is afoot
