W. Watson, R. F. Ellen, 1993-01-01 Witchcraft holds a perennial fascination for scholars and the public at large In Southeast Asia malign magic and sorcery are part of the routine experience of villagers and urban dwellers alike and stories appearing in the press from time to time bear witness to a persisting public concern The essays presented in this volume describe what people believe and what actions result from those beliefs Not surprisingly given the range and variety of cultures considerable differences exist in the region Among some cultures in Thailand and Indonesia for example sorcerers are said to possess spirits that empower them to cause illness and misfortune Elsewhere in Malaysia and Sumatra the power of the dukun derives from the accumulation of arcane knowledge and mystical practice Contributors describe the witches and sorcerers they have met and suggest both how their societies look upon them and how we in turn should regard them *Understanding Witchcraft and Sorcery in Southeast Asia* will appeal to scholars and students of social anthropology and comparative religion Its substantial contribution to theoretical and comparative issues in a Southeast Asian context provides a fresh perspective on a stimulating topic European Magic and Witchcraft Martha Rampton, 2018-01-01 Magic witches and demons have drawn interest and fear throughout human history In this comprehensive primary source reader Martha Rampton traces the history of our fascination with magic and witchcraft from the first through to the seventeenth century In over 80 readings presented chronologically Rampton demonstrates how understandings of and reactions toward magic changed and developed over time and how these ideas were influenced by various factors such as religion science and law The wide ranging texts emphasize social history and include early Merovingian law codes the *Picatrix* Lombard's Sentences *The Golden Legend* and *A Midsummer Night's Dream* By presenting a full spectrum of source types including hagiography law codes literature and handbooks this collection provides readers with a broad view of how magic was understood through the medieval and early modern eras Rampton's introduction to the volume is a passionate appeal to students to use tolerance imagination and empathy when travelling back in time The introductions to individual readings are deliberately minimal providing just enough context so that students can hear medieval voices for themselves *Narratives of Sorcery and Magic* Wright Thomas, 1901 Narratives of Sorcery and Magic, From the Most Authentic Sources Thomas 1810-1877 Wright, Harry Houdini Collection (Library of, McManus-Young Collection (Library of, 2025-05-22 *Narratives of Sorcery and Magic From the Most Authentic Sources* delves into historical accounts of magic and witchcraft Collected from various sources this book presents a fascinating look at the beliefs and practices surrounding sorcery throughout history Explore tales of witches wizards and supernatural occurrences as understood and documented in their time This volume offers a glimpse into the past revealing how societies perceived and

Folklore, Magic, and Witchcraft Marina Montesano,2021-08-19 This volume offers 18 studies linked together by a common focus on the circulation and reception of motifs and beliefs in the field of folklore magic and witchcraft The chapters traverse a broad spectrum both chronologically and thematically yet together their shared focus on cultural exchange and encounters emerges in an important way revealing a valuable methodology that goes beyond the pure comparativism that has dominated historiography in recent decades Several of the chapters touch on gender relations and contact between different religious

faiths using case studies to explore the variety of these encounters Whilst the essays focus geographically on Europe they prefer to investigate relationships over highlighting singular local traits In this way the collection aims to respond to the challenge set by recent debates in cultural studies for a global history that prioritises inclusivity moving beyond biased or learned attachments toward broader and broadening foci and methods With analysis of sources from manuscripts and archival documents to iconography and drawing on writings in Latin Hebrew Arabic and other languages this volume is essential reading for all students and scholars interested in cultural exchange and ideas about folklore magic and witchcraft in medieval and early modern Europe

Witchcraft Craig Hawkins, 1996-06-01 This introduction to contemporary witchcraft and neopaganism shows you what witches themselves say they believe what the Bible says about witchcraft and

philosophical holes in the worldview of witches Rethinking the Anthropology of Magic and Witchcraft Phillips Stevens, Jr., 2023-12-12 This book introduces students to the anthropology of magic and witchcraft terms widely used but with no widely accepted definitions It takes a new approach to this area within the anthropology of religion demonstrating that the bases for these beliefs and alleged practices are inherent in human cognition and psychology even instinctual and likely rooted in our evolutionary biology It shows how magic and magical thinking are regular elements in people s daily lives and that understanding the components of the witchcraft complex offers surprisingly important insights into patterns of thinking and social behavior The book reviews the many meanings of magic and witchcraft and introduces the best anthropological meanings of the terms The components of these beliefs are timeless and universal this fact and recent advances in the brain sciences suggest that the principles of magic are derived from basic processes of human thinking and the attributes of the witch derive from neurobiologically based fears and fantasies The propensity for such beliefs probably had adaptive significance in the evolutionary development of the human species they are inherently human This book is intended to focus anew on the core concepts of magic witchcraft and the supernatural while also serving as an introduction to the anthropology of religion for undergraduate and graduate level courses **Narratives of Sorcery and Magic, from the Most Authentic Sources** Thomas Wright, 1852
