The Routledge International Handbook of Disability Human Rights Hierarchies Stephen Meyers, Megan McCloskey, Gabor Petri, 2023-10-31 Disability is defined by hierarchy Regardless of culture or context persons with disabilities are almost always pushed to the bottom of the social hierarchy With the advent of the Convention on the Rights of Persons with Disabilities 2006 disability human rights seemingly provided a path forward for tearing down ableist social hierarchies and ensuring that all persons with disabilities everywhere were treated equally Despite important progress the disability human rights project not only remains incomplete but has often created new hierarchies among persons with disabilities themselves or across the human rights it promotes Certain groups of persons with disabilities have gained new

voices while others remain silenced and certain rights are prioritized over others depending on what states international organizations or advocates want rather than what those on the ground need most This volume was inspired both by the continued need to expose human rights violations against persons with disabilities but to also explore the nuanced role that hierarchies play in the spread implementation and protection of disability human rights The enjoyment of human rights is not equal nor is the recognition of specific individuals and groups rights In order to change this situation inequalities across the disability human rights movement must be explored Divided into five parts Who counts as disabled Political social and cultural context Which rights on top whose rights on bottom Pushed to the periphery in the disability rights movement Representations of disability and comprised of 34 newly written chapters including case studies from the Anglophone Caribbean Bangladesh Bosnia Herzegovina China Ghana Haiti Hungary India Israel Kenya Latin America Poland Russia Scotland Serbia and South Africa and other countries this book will be of interest to all scholars and students of disability studies sociology human rights law and social policy
