Models Of Revelation:

Models of Revelation Avery Robert Dulles, 1985 Faith Seeking Understanding Daniel L. Migliore, 2004-06-14 Daniel Migliore's *Faith Seeking Understanding* has been a standard introduction to Christian theology for more than a decade. The book's presentation of traditional doctrine in freshly contemporary ways, its concern to hear and critically engage new voices in theology, and its creative and accessible style have kept it one of the most stimulating, balanced, and readable guides to theology available. This second edition of *Faith Seeking Understanding* features improvements from cover to cover. Besides updating and expanding the entire text of the book, Migliore has added two completely new chapters. The first, *Confessing Jesus Christ in Context*, explores the unique contributions to Christian theology made by recent theologians working in the African American, Asian American, Latin American, Hispanic, feminist, womanist, and *mujerista* traditions. The second new chapter, *The Finality of Jesus Christ and Religious Pluralism*, addresses the growing interest in the relationship of Christianity to other religions and their adherents. Migliore's three delightful theological dialogues are followed by a new appendix, an extensive glossary of theological terms, making the book even more useful to students seeking to understand the history, themes, and challenges of Christian belief.

Models of Revelation Avery Dulles, 1992. Explores the doctrine at the very centre of Christianity: that Christianity is based on the word of God as given to the Church. Dulles then derives five models of the character of this theme: of revelation, as doctrine, as history, as inner experience, as dialectical presence, and as new awareness.

Models of Revelation Avery Dulles, 1983 **Christian Theology** Alister E. McGrath, 2011-01-14 Alister McGrath's *Christian Theology: An Introduction* is one of the most internationally acclaimed and popular Christian theology textbooks in use today. Fully updated 5th edition of the bestselling textbook incorporating expanded material, numerous student features, and new illustrations. Features new sections on Copernicanism and Darwinism. Includes extended discussions of Augustine's doctrine of creation, Trinitarian theologies of religion, and the relation of Christianity to other faiths. May be used as a stand-alone volume or alongside the *Christian Theology Reader* 4th edition for a complete overview of the subject. Retains the chapter structure of the 4th edition, ensuring comparability with earlier editions and courses based on these. Accompanied by a revised instructor's website featuring expanded resources, including study questions and answers. Visit www.wiley.com/go/mcgrath for more details and to register for access.

Models for Scripture John Goldingay, 2004. Looks at the task of interpreting Scripture as witnessing tradition, authoritative canon, inspired word, and experienced revelation.

Papal Infallibility Mark E. Powell, 2009-01-27. The dogma of papal infallibility has become increasingly problematic for Roman Catholics, and it is a major point of division in Christian ecumenical dialogue. Education in a Mediatized World Ilona Nord, Hanna Zipernovszky, 2017-05-10 In religious education digitization and mediatization processes result in the transformation of conventional media formats This leads to the development of new media formats which in turn necessitates a redefinition of the relationship between religious education and the media Keeping this in mind this volume first examines the importance of media for specific theological disciplines and then discusses current media pedagogical and media didactic approaches Later in the book the authors develop didactic perspectives on various methods these include internet based archive work and the use of digital teaching materials They also deal with current questions regarding religious education such as inclusion and cyber bullying etc Finally they identify some of the main didactic challenges for religious instruction in a mediatized world This volume is a plea for a wider understanding of education and is based in part on a German Swedish teaching and research cooperation Following this example it focuses on a future oriented networking of plural forms of education This resource is designed for students of theology and religious sciences as well as for religious education teachers **T&T Clark Handbook of Colin Gunton** Andrew Picard, Murray Rae, Myk Habets, 2021-01-14 The T T Clark Handbook of Colin Gunton is a theological companion to the study of Gunton's theology and a resource for thinking about Gunton's importance in modern theology Each of the essays brings Gunton's depth to a broad range of contemporary theological concerns The volume unveils cutting edge Gunton scholarship for a new generation and at the same time enables readers to see the timely significance of Gunton today Each of the essays not only introduces readers to key themes in the Gunton corpus but also provides readers with fresh interpretations that are fully conversant with the contemporary theological problems facing the church Designed as both a guide for students and a reference point for scholars the companion seeks both to outline the frameworks of key Gunton debates while at all times pushing forward fresh interpretative strategies concerning his thought **Light in a Dark Place** John S. Feinberg, 2018-04-30 What we believe about the Bible is foundational to every part of life Scripture is the very Word of God the final authority for all of theology the governing source of all other doctrines In the latest volume of the Foundations of Evangelical Theology series theology professor John S Feinberg has written a landmark work on the doctrine of Scripture offering a robust serious treatment of topics such as revelation the canon inerrancy infallibility sufficiency preservation and more all with the goal of helping readers cherish obey and be transformed by what God has spoken in his Word **Teaching with Authority** Richard R. Gaillardetz, 1997 This book faithfully represents the teaching of Roman Catholicism on the Church's doctrinal authority while pointing to areas where there remains a gap between an ecclesiological vision of the Church informed by Vatican II and the popular understanding and concrete exercise of that authority in the life of the Church today **Divine Discourse** Nicholas Wolterstorff, 1995-10-05 Prominent in the canonical texts and traditions of Judaism Christianity and Islam is the claim that God speaks Nicholas Wolterstorff argues that contemporary speech action theory when appropriately expanded offers us a fascinating way of interpreting this claim and showing its intelligibility He develops an innovative theory of double

hermeneutics along the way opposing the current near consensus led by Ricoeur and Derrida that there is something wrong headed about interpreting a text to find out what its author said Wolterstorff argues that at least some of us are entitled to believe that God has spoken Philosophers have never before in any sustained fashion reflected on these matters mainly because they have mistakenly treated speech as revelation

Forming the Church in the Modern World Thomas A. Baima, 2019 This book examines and comments on various aspects of the theology of Avery Cardinal Dulles SJ It demonstrates how important his ideas were in forming our current understanding of church and theology René Girard, Unlikely Apologist Grant Kaplan, 2016-08-20 Since the late 1970s theologians have been attempting to integrate mimetic theory into different fields of theology yet a distrust of mimetic theory persists in some theological camps In Ren Girard Unlikely Apologist Mimetic Theory and Fundamental Theology Grant Kaplan brings mimetic theory into conversation with theology both to elucidate the relevance of mimetic theory for the discipline of fundamental theology and to understand the work of Ren Girard within a theological framework Rather than focus on Christology or atonement theory as the locus of interaction between Girard and theology Kaplan centers his discussion on the apologetic quality of mimetic theory and the impact of mimetic theory on fundamental theology the subdiscipline that grew to replace apologetics His book explores the relation between Girard and fundamental theology in several keys In one it understands mimetic theory as a heuristic device that allows theological narratives and positions to become more intelligible and by so doing makes theology more persuasive In another key Kaplan shows how mimetic theory when placed in dialogue with particular theologians can advance theological discussion in areas where mimetic theory has seldom been invoked On this level the book performs a dialogue with theology that both revisits earlier theological efforts and also demonstrates how mimetic theory brings valuable dimensions to questions of fundamental theology
