## **Modern British Statesmen 1867 1945:**

*Modern British Statesmen, 1867-1945* Richard N. Kelly, John Cantrell, 1997 Offers compact biographies of 12 British statesmen of the period including Churchill Asquith Lloyd George and Disraeli especially for high school seniors and beginning undergraduates Biographies follow a similar format with material organized in sections on early life entry into public life career highlights and each personalities influence on later events and politicians plus bandw photos An introduction looks at the growth of state intervention and social democratic political culture during the period Includes lists of office holders and party leaders statistics on taxes and elections and 40 biographical summaries Distributed by St Martin s Annotation copyrighted by Book News Inc Portland OR [Access to History: Britain 1900-57 Second Edition](#) Michael Lynch, 2015-10-09 Exam Board AQA Edexcel OCR WJEC Level A level Subject History First Teaching September 2015 First Exam June 2016 Give your students the best chance of success with this tried and tested series combining in depth analysis engaging narrative and accessibility Access to History is the most popular trusted and wide ranging series for A level History students This title Supports the content and assessment requirements of the 2015 A level History specifications Contains authoritative and engaging content Includes thought provoking key debates that examine the opposing views and approaches of historians Provides exam style questions and guidance for each relevant specification to help students understand how to apply what they have learnt This title is suitable for a variety of courses including AQA Wars and Welfare Britain in Transition 1906 1957 OCR Britain 1900 1951 *British Political Parties Today* Robert Garner, Richard Kelly, 1998-06-15 This important new book one of the first to reflect the 1997 election result and its effects reassesses the major political parties in Britain their ideals organizations finances electoral prospects and the effect they have upon British society The authors begin by clarifying the functions of political parties before examining their policies and the extent to which there is a consensus in modern British politics The shifting nature of Britain s party system is then dissected before a much closer look is taken at the structure leadership and membership of Britain s three major parties A separate chapter also inspects the parties of Scotland Wales and Northern Ireland offering a fresh perspective on their priorities and internal organization Although the book has a strong historical content it also takes a sharp look at British politics under the new Labor government while considering the state of the Tory party under William Hague The likely effect of a more intrusive European Union is also embraced *Attlee's War* Robert Crowcroft, 2011-07-30 As deputy prime minister of Britain s coalition government during World War II Clement Attlee became one of the most powerful figures in British politics and subsequently played a crucial role in the reshaping of the post war party political landscape The architect of Labour s entry into the wartime coalition Attlee came to straddle the workings of government to a unique degree Unmatched in his range of influence he dominated party politics directed a doctrinal struggle within the coalition and even sought to create the conditions for a cross party alliance to be maintained after the war His goal was to carve out a position of greater strength than Labour had ever

occupied before and he succeeded when he led his party to power in July 1945 Robert Crowcroft here examines the political leadership of the unsung architect behind the development of wartime politics and the rise of the Labour party Traditionally seen as a period of unprecedented cooperation between the Labour and Conservative parties Crowcroft argues that in fact Attlee's influence facilitated a significant shift towards Labour which sowed the seeds for his party's post war victory Attlee's War mounts a challenge to the popular image of Attlee as a reticent collegiate and unravels his elusive path to power Shedding new light on an often misunderstood figure this book will appeal to all those interested in modern British history and the leadership of major political figures *The Conservatives in crisis* Mark Garnett, Philip Lynch, 2018-07-30 This electronic version has been made available under a Creative Commons BY NC ND open access license The Conservative Party's survival as a significant political force was now open to serious question for the first time since the crisis over the Corn Laws The Labour Party has commanded a fairly consistent level of attention whether in office or in opposition But it seems that the Conservatives are fated to be regarded either as unavoidable or irrelevant This book presents an analysis that suggests that the party leader plays a less important role in Conservative recoveries than a distinctive policy programme and an effective party organization It examines the Conservative position on a series of key issues highlighting the difficult dilemmas which confronted the party after 1997 notably on economic policy New Labour's acceptance of much of the main thrust of Thatcherite economic policy threw the Conservatives off balance The pragmatism of this new position and the In Europe not run by Europe platform masked a significant move towards Euro skepticism The book also traces how the Scottish Conservative and Unionist Parties adapted to the creation of the Scottish Parliament exploring the re organisation of the Scottish party its electoral fortunes and political prospects in the new Scottish politics It examines issues of identity and nationhood in Conservative politics in the 1997 2001 period focusing on the English Question and the politics of race The predictable results of the Conservatives failure to develop an attractive consistent narrative are then analysed Right wing populist parties with charismatic leaders enjoyed some electoral success under the proportional representation systems in 2002 *Neo-Tories* Bernhard Dietz, 2018-05-31 The danger to British democracy in the interwar period came from a different source to that which has thus far been assumed It came from a network of radical conservatives who challenged the political system and sought to replace it with an authoritarian corporate state In this book Bernhard Dietz provides the first systematic analysis of this network and its members which are called Neo Tories With strong links to the European right yet a minority back home this group of British conservatives are all the more fascinating today because it is on their ultimate failure that the success of British democracy rested *Richard Congreve, Positivist Politics, the Victorian Press, and the British Empire* Matthew Wilson, 2025-04-08 This book is about the life and times of Richard Congreve This polemicist was the first thinker to gain instant infamy for publishing cogent critiques of imperialism in Victorian Britain As the foremost British acolyte of Auguste Comte Congreve sought to employ the philosopher's new science of sociology to dismantle the British

Empire With an aim to realise in its place Comte's global vision of utopian socialist republican city states the former Oxford don and ex Anglican minister launched his Church of Humanity in 1859 Over the next forty years Congreve engaged in some of the most pressing foreign and domestic controversies of his day despite facing fierce personal attacks in the Victorian press Congreve made overlooked contributions to the history of science political economy and secular ethics In this book Matthew Wilson argues that Congreve's polemics in the name of Humanity served as the devotional practices of his Positivist church

Portrait of a Party Stuart Ball, 2013-04-25 The Conservative Party is the least investigated and understood of British political parties Using an original approach and an unparalleled range of sources Stuart Ball analyses the nature and working of the Conservative Party during one of the most significant and successful periods in its history

Lives of Victorian Political Figures, Part I, Volume 3 Nancy LoPatin-Lumms, Michael Partridge, Richard Gaunt, 2021-03-24 Aims to bring alive through the eyes of their contemporaries three of the greatest political figures of the Victorian era Henry third Viscount Palmerston Benjamin Disraeli and William Gladstone This four volume set draws together various documents including journals and diaries pamphlets correspondence and other ephemeral literature Volume 3 covers the political life of Benjamin Disraeli Part II and William Ewart Gladstone Part I

**Lives of Victorian Political Figures, Part I** Michael Partridge, 2021-05-19 Aims to bring alive through the eyes of their contemporaries three of the greatest political figures of the Victorian era Henry third Viscount Palmerston Benjamin Disraeli and William Gladstone This four volume set draws together various documents including journals and diaries pamphlets correspondence and other ephemeral literature

*Lloyd George* Richard Wilkinson, 2018-01-30 David Lloyd George left a profound political legacy despite being described by the wife of his successor Herbert Asquith as a gambler without foresight He is of course best known as the Prime Minister who led Britain to victory in World War I but his contribution to domestic politics was similarly impressive As Chancellor of the Exchequer he introduced pensions and national insurance against sickness and unemployment while as Prime Minister he extended democracy by giving votes to women Yet Lloyd George was compromised by his flaws as a human being Vain cruel capricious and dishonest at times his notoriously corrupt nature threatened to damage the British political system Providing a unique new perspective on one of the most phenomenally talented but also one of the most phenomenally flawed of British Prime Ministers this book will be essential reading for anyone interested in modern British politics and history

The Neville Chamberlain Diary Letters Robert Self, 2017-07-05 As a primary source of historical evidence and insight it is difficult to overstate the value and importance of Neville Chamberlain's diary letters to his sisters They represent the most complete and illuminating insider record of British politics between the wars yet to be published From 1915 Chamberlain wrote detailed weekly epistles to his sisters until his death in 1940 a confidential account of events covering the quarter of a century during which he stood at the very centre of Conservative and national politics Beyond the fascination of the historical record of people and events these letters are extremely valuable for the remarkable light they throw upon the personality and

character of the private man lurking behind the austere forbidding public persona

### **The Politics of the Revised**

**Version** Alan Cadwallader, 2018-12-13 Alan Cadwallader explores the intricate tensions and conflicts that infused the work of revision of the Authorised Version of the Bible between 1870 and 1885 The Promethean aspirations of the venture actually generated one of the most bitter instances of the political manoeuvres involved in the translation of a sacred book Cadwallader reveals how the public avowal of unity and fraternal harmony that accompanied the public release and marketing of the New Testament revision in 1881 and the Old Testament revision in 1885 masks fraught historical realities that threatened the realization of the project from the beginning Through a thorough examination of private correspondence notebooks kept by various members of the New Testament Revision Companies in England and the United States and other previously unstudied primary sources Cadwallader examines and presents the complexities of the political situation surrounding the translation He exposes the competing interests of an imperial sovereign nation and a seriously divided Established Church floundering over its continued relevance the ambitions and significance of Nonconformity in a nation's highly contested religious environment the agonistic conflicts that erupted from assertions of national and international prestige and responsibilities and the ultimate control exercised by publishing houses that fundamentally flawed the process of revision and the public acceptance of the final product

### **Charles Stewart Parnell and His Times** N. C. Fleming, Alan

O'Day, 2011-07-06 Charles Stewart Parnell 1846 1891 wrote remarkably little about himself but he has attracted the attention of many writers politicians and scholars both during his lifetime and ever since His controversial and provocative role in Irish and British affairs had him vilified as a murderer in The Times and afterwards dramatically vindicated by the Westminster Parliament It cast him as a romantic hero to the young James Joyce and a self serving opportunist to the journalists of the Nation Parnell has been the subject of court cases parliamentary enquiries and debates journalism plays poems literary analysis and historical studies For the first time all these have been collected catalogued and cross referenced in one volume an invaluable resource for scholars of late nineteenth century Ireland and Britain Divided into fifteen chapters including a biographical sketch the volume contains information on manuscript and archival collections printed primary sources Parnell's writing Parnell's speeches in the House of Commons and outside Parliament contemporary journalism contemporary writing and contemporary illustrations on Irish affairs and a substantial list of scholarly work including biographies books articles chapters and theses This volume offers readers a clear record of the substantial material already available on Parnell and in doing so offers resources to future research in this area

### **When God was King** Martyn Whittock, 2018-04-20

Islam is not the only religion that has sought to take political power or believed that it should be possible to create a theocracy In the 17th century Christians in the British Isles and North America attempted to follow the examples of 16th century European radicals of contrasting types while attempting to learn from their mistakes first in Scotland and then Cromwell tried to impose just such a rule in the rest of the country At the same time millenarian groups planned a religious political and social

revolution to usher in the return of Christ while others argued for something akin to communism And even after the Restoration of the monarchy in 1660 there were sects such as the Quakers whose faith had a radical impact on their politics Nor is Christian political radicalism dead today it has influenced politicians ever since and can be seen in recent political developments in the USA in the twenty first century This book is a fascinating study of the ideas and actions of these political radicals and the kind of societies and life experiences that produced them **The Triumph of the Dark** Zara Steiner,2011-03-31 In this magisterial narrative Zara Steiner traces the twisted road to war that began with Hitler s assumption of power in Germany Covering a wide geographical canvas from America to the Far East Steiner provides an indispensable reassessment of the most disputed events of these tumultuous years Steiner underlines the far reaching consequences of the Great Depression which shifted the initiative in international affairs from those who upheld the status quo to those who were intent on destroying it In Europe the 1930s were Hitler s years He moved the major chess pieces on the board forcing the others to respond From the start Steiner argues he intended war and he repeatedly gambled on Germany s future to acquire the necessary resources to fulfil his continental ambitions Only war could have stopped him an unwelcome message for most of Europe Misperception miscomprehension and misjudgment on the part of the other Great Powers leaders opened the way for Hitler s repeated diplomatic successes It is ideology that distinguished the Hitler era from previous struggles for the mastery of Europe Ideological presumptions created false images and raised barriers to understanding that even good intelligence could not penetrate Only when the leaders of Britain and France realized the scale of Hitler s ambition and the challenge Germany posed to their Great Power status did they finally declare war **Gladstone** Michael Partridge,2003-09-02 Gladstone is one of the most important political figures in modern British history He held the office of Prime Minister four times during a turbulent and changing time in Britain s history Michael Partridge provides a new survey of Gladstone s life and career placing him firmly in the context of nineteenth century Britain and covering both his intriguing private life and his public career Surveying a broad range of source material Partridge begins by looking at Gladstone s early life education and entry to Parliament before looking at his marriage and service with Peel He goes on to look in detail at Gladstone s terms as prime minister concluding with his fourth ministry when Gladstone by now in his eighties returned to power He tried and failed to resolve the problems of Ireland which had become his great obsession for the last time and eventually retired from politics in 1894 and died a few years later **History** Michael Scaife,2004 These New editions of the successful highly illustrated study revision guides have been fully updated to meet the latest specification changes Written by experienced examiners they contain in depth coverage of the key information plus hints tips and guidance about how to achieve top grades in the A2 exams **The Wealth of (Some) Nations** Zak Cope,2019-03-20 In this provocative new study Zak Cope makes the case that capitalism is empirically inseparable from imperialism historically and today Using a rigorous political economic framework he lays bare the vast ongoing transfer of wealth from the poorest to

the richest countries through the mechanisms of monopoly rent unequal exchange and colonial tribute The result is a polarised international class structure with a relatively rich Global North and an impoverished exploited Global South Cope makes the controversial claim that it is because of these conditions that workers in rich countries benefit from higher incomes and welfare systems with public health education pensions and social security As a result the internationalism of populations in the Global North is weakened and transnational solidarity is compromised The only way forward Cope argues is through a renewed anti imperialist politics rooted in a firm commitment to a radical labour internationalism **Books in Print** ,1991

## The Enigmatic Realm of **Modern British Statesmen 1867 1945**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing lacking extraordinary. Within the captivating pages of **Modern British Statesmen 1867 1945** a literary masterpiece penned by a renowned author, readers embark on a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting affect the hearts and minds of those that partake in its reading experience.
