Greek: An Essential Grammar of the Modern Language David Holton, Peter Mackridge, Irene Philippaki-Warbuton, 2016-04-14 Greek An Essential Grammar is a concise and user friendly reference guide to modern Greek It presents a fresh and accessible description of the language in short readable sections Explanations are clear and supported by examples throughout This new edition has been revised and updated to present an accurate and accessible description of the most important aspects of modern Greek Features include clear and up to date examples special attention to those points which often cause problems to English speaking learners Greek English comparisons and contrasts highlighted throughout Greek An Essential Grammar is ideal for learners involved in independent study and for students in schools colleges universities and adult classes of all types Levels CEFR scale A1 B2 and ACTFL level Low Intermediate to Advanced

Standard Languages and Language Standards - Greek, Past and Present Dr Alexandra Georgakopoulou, Professor Michael Silk, 2013-06-28 Standard Languages and Language Standards Greek Past and Present is a collection of essays with a distinctive focus and an unusual range It brings together scholars from different disciplines with a variety of perspectives linguistic and literary historical and social to address issues of control prescription planning and perceptions of value over the long history of the Greek language from the age of Homer to the present day Under particular scrutiny are the processes of establishing a standard and the practices and ideologies of standardization The diverse points of reference include the Hellenistic koine and the literary classics of modern Greece lexicography in late antiquity and today Byzantine Greek Pontic Greek and cyber Greek contested educational initiatives and competing understandings of the Greek language the relation of linguistic study to standardization and the logic of a standard language The aim of this ambitious project is not a comprehensive chronological survey or an exhaustive analysis Rather the editors have set out to provide a series of informed overviews and snapshots of telling cases that both illuminate the history of the Greek language and

explore the nature of language standardization itself The volume will be important for students and scholars of the Greek language past and present and beyond the Greek example for sociolinguists historians and social scientists with interests in the role of language in the construction of identities Standard Languages and Language Standards – Greek, Past and Present Michael Silk, 2016-04-01 Standard Languages and Language Standards Greek Past and Present is a collection of essays with a distinctive focus and an unusual range It brings together scholars from different disciplines with a variety of perspectives linguistic and literary historical and social to address issues of control prescription planning and perceptions of value over the long history of the Greek language from the age of Homer to the present day Under particular scrutiny are the processes of establishing a standard and the practices and ideologies of standardization The diverse points of reference include the Hellenistic koine and the literary classics of modern Greece lexicography in late antiquity and today Byzantine Greek Pontic Greek and cyber Greek contested educational initiatives and competing understandings of the Greek language the relation of linguistic study to standardization and the logic of a standard language The aim of this ambitious project is not a comprehensive chronological survey or an exhaustive analysis Rather the editors have set out to provide a series of informed overviews and snapshots of telling cases that both illuminate the history of the Greek language and explore the nature of language standardization itself The volume will be important for students and scholars of the Greek language past and present and beyond the Greek example for sociolinguists historians and social scientists with interests in the role of language in the construction of identities The Cambridge Grammar of Medieval and Early Modern Greek David Holton, Geoffrey Horrocks, Marjolijne Janssen, Tina Lendari, Io Manolessou, Notis Toufexis, 2019-04-18 The Greek language has a written history of more than 3 000 years While the classical Hellenistic and modern periods of the language are well researched the intermediate stages are much less well known but of great interest to those curious to know how a language changes over time The geographical area where Greek has been spoken stretches from the Aegean Islands to the Black Sea and from Southern Italy and Sicily to the Middle East largely corresponding to former territories of the Byzantine Empire and its successor states This Grammar draws on a comprehensive corpus of literary and non literary texts written in various forms of the vernacular to document the processes of change between the eleventh and eighteenth centuries processes which can be seen as broadly comparable to the emergence of the Romance languages from Medieval Latin Regional and dialectal variation in phonology and morphology are treated in detail **Coptic Interference in the Syntax of Greek Letters from Egypt** Victoria Beatrix Maria Fendel, 2022-08-22 Egypt in the early Byzantine period was a bilingual country where Greek and Egyptian Coptic were used alongside each other Historical studies along with linguistic studies of the phonology and lexicon of early Byzantine Greek in Egypt testify to this situation In order to describe the linguistic traces that the language contact situation left behind in individuals linguistic output Coptic Interference in the Syntax of Greek Letters from Egypt analyses the syntax of early Byzantine Greek texts from Egypt The primary object of interest is bilingual interference in the

syntax of verbs adverbial phrases clause linkage as well as in semi formulaic expressions and formulaic frames The study is based on a corpus of Greek and Coptic private letters on papyrus which date from the fourth to mid seventh centuries originate from Egypt and belong to bilingual Greek Coptic papyrus archives

Verbal Syntax in the Greek Pentateuch Trevor Vivian Evans, 2001 Addressing the entire Greek Pentateuch this study of the Greek verb investigates the value of these translations evidence for the history of the Greek language The nature and influence from the underlying Hebrew are comprehensively analysed

Medieval Oral Literature Karl Reichl, 2011-11-30 Medieval literature is to a large degree shaped by orality not only with regard to performance but also to transmission and composition Although problems of orality have been much discussed by medievalists there is to date no comprehensive handbook on this topic Medieval Oral Literature a volume in the De Gruyter Lexikon series was written by an international team of twenty five scholars and offers a thorough discussion of theoretical approaches as well as detailed presentations of individual traditions and genres In addition to chapters on the oral formulaic theory on the interplay of orality and writing in the Early Middle Ages on performance and performers on oral poetics and on ritual aspects of orality there are chapters on the Older Germanic Romance Middle High German Middle English Celtic Greek Byzantine Russian Hebrew Arabic Persian and Turkish traditions of oral literature There is a special focus on epic and lyric genres that are also discussed in separate chapters with additional chapters on the ballad and on drama

Development of Verb Inflection in First Language Acquisition Dagmar Bittner, Wolfgang U. Dressler, Marianne Kilani-Schoch, 2011-06-24 The volume deals with the emergence of verb morphology in children during their second and early third year of life from a cross linguistic perspective It covers 15 contributions each analyzing one single language based on parallel longitudinal investigations of children with parallel methodology and macrostructure in representation The main question addressed is How do children detect morphology and construct first subsystems of verbal inflection The focus lies on the transition from a premorphological phase to a protomorphological phase The main proposal consists in the concept of miniparadigms and of their relation to morpho syntactic developments in early first language acquisition

Exploring the Turkish Linguistic Landscape Mine Güven, Didar Akar, Balkız Öztürk, Meltem Keleş, 2016-06-14 Exploring the Turkish Linguistic Landscape provides in depth analyses of different aspects of Turkish in the domains of phonology morphology and syntax discourse and language acquisition relevant to recent theoretical discussions While some of the papers in the volume offer new analyses to known linguistic puzzles others raise new questions which have not been addressed in the literature before This collection of original articles written by colleagues and students of Prof Eser Erguvanl Taylan honoring her contribution to the field of linguistics features articles on vowel reduction consonant clusters negation conditionals voice morphology evidentiality acquisition of irregular morphology complementation and subordination in varieties of Turkish It will be of interest to a wide audience ranging from theoreticians to typologists and is expected to generate further research on Turkish as well as to contribute to the cross linguistic

literature on the issues addressed in the volume **Grammatical Gender in Interaction** Angeliki Alvanoudi, 2014-11-06 In *Grammatical Gender in Interaction Cultural and Cognitive Aspects* Angeliki Alvanoudi explores the relation between grammatical gender in person reference culture and cognition in Modern Greek conversation The author investigates the cultural and cognitive aspects of grammatical gender by drawing on feminist sociolinguistic and non linguistic approaches cognitive linguistics research on linguistic relativity studies on person reference in interaction and conversation analysis The study presented in this book shows that the use of grammatical gender contributes to the routine achievement of sociocultural gender in interaction and that grammatical gender guides speakers thinking of referents as female or male at the time of speaking

Irony in Action James Fernandez, Mary Taylor Huber, 2001-06-20 Irony today extends beyond its classification as a figure of speech and is increasingly recognized as one of the major modes of human experience This idea of irony as an integral force in social life is at the center of this provocative book The result of a meeting where anthropologists were invited to explore the politics of irony and the moral responsibilities that accompany its recognition this book is one of the first to lend an anthropological perspective to this contemporary phenomenon The first group of essays explores the limits to irony s liberating qualities from the constrained use of irony in congressional hearings to its reactive presence amid widening disparities of wealth despite decades of world development The second section presents irony s more positive dimensions through an array of examples such as the use of irony by Chinese writers and Irish humorists Framed by the editors theoretical introduction to the issues posed by irony and responses to the essays by two literary scholars *Irony in Action* is a timely contribution in the contemporary reinvention of anthropology

Voice and Inversion T. Givón, 1994-05-30 This collection aims first to establish a structure independent language independent definition of pragmatic voice and more specifically then a universal functional definition of inverse The grammar and pragmatic function of the four major voice constructions direct active inverse passive antipassive are surveyed using narrative texts from 14 languages Koyukon Athabascan Plains Cree Algonquian Chepang Tibeto Burman Squamish and Bella Coola Salish Sahaptin Sahaptian Kutenai isolate Surinam Carib Carib Spanish and Greek Indo European Korean Maasai Nilotic Cebuano and Karao Philippine The comparative quantified study of pragmatic voice functions tests the validity of a universal functional definition of voice and in particular of inverse The cross language comparison of grammatical structures that code the various voice functions then lays down the foundation for a non trivial cross language typology of inverse

The Language of the Papyri T. V. Evans, D. D. Obbink, 2010 A collection of essays by leading scholars on the linguistic significance of Greek and Latin papyri from Egypt The *Language of the Papyri* charts a range of productive approaches to this material and offers new methodologies suitable for its analysis

The Unaccusativity Puzzle Artemis Alexiadou, Elena Anagnostopoulou, Martin Everaert, 2004 The phenomenon of unaccusativity is a central focus for the study of the complex properties of verb classes This book combines contemporary approaches to the subject with several papers that have achieved a significant status even

though formally unpublished *The Typology and Dialectology of Romani* Yaron Matras, Peter Bakker, Khristo Ki?u?chukov, 1997-01-01 Contributions to this collection focus on the unity and diversity of the language of the Roma Gypsies the only Indic language spoken exclusively in Europe Properties discussed include the distinct inflectional and derivational patterns applied to Asian and European lexical layers the distribution of inflectional agglutinative and analytic formation among syntactic categories regularities in the ongoing shift from inflectional to analytic case formation suppletion aspects of syntactic convergence and patterns of morphological transitivization and de transitivization causatives and passives These phenomena are considered in the light of contemporary discussions on language universals with reference to a variety of different approaches including Prague School Typology Functional Sentence Perspective Functional Grammar functional pragmatic typology and general grammaticalization theory Chapters partly adopt a comparative approach covering all major dialects of the language and are partly devoted to single dialect corpuses Special attention is given to the Czech Slovak and Hungarian varieties to previously undescribed dialects from Bulgaria and Turkey to codified varieties in Macedonia and to the variety of dialects discussed in the popular works of the Victorian author George Borrow An extensive Introduction outlines the principal morphosyntactic features of the language and provides a classification of Romani dialects including an overview of those mentioned in the volume **Encyclopedia of Greece and the Hellenic Tradition** Graham Speake, 2021-01-31 Hellenism is the living culture of the Greek speaking peoples and has a continuing history of more than 3 500 years The Encyclopedia of Greece and the Hellenic Tradition contains approximately 900 entries devoted to people places periods events and themes examining every aspect of that culture from the Bronze Age to the present day The focus throughout is on the Greeks themselves and the continuities within their own cultural tradition Language and religion are perhaps the most obvious vehicles of continuity but there have been many others law taxation gardens music magic education shipping and countless other elements have all played their part in maintaining this unique culture Today Greek arts have blossomed again Greece has taken its place in the European Union Greeks control a substantial proportion of the world s merchant marine and Greek communities in the United States Australia and South Africa have carried the Hellenic tradition throughout the world This is the first reference work to embrace all aspects of that tradition in every period of its existence **Background to Contemporary Greece** Marion Saraphē, 1990 Indispensable for all serious students of modern Greece and essential reading for anyone interested in Greek politics economy foreign relations and culture The contributors from four different countries combine empathy and objectivity in their studies of modern Greek literature the development of a genuine national language the Greek **Tense and Aspect in the Languages of Europe** Östen Dahl, 2008-08-22 No detailed description available for Tense and Aspect in the Languages of Europe
