McCallion, 2022-01-12 This book highlights for professional parish ministers the vital importance of the foundational or pre communal aspects that make a parish community healthy and strong It provides not a sociology of the parish but a sociology of the first ingredients that go into making a parish community It is not therefore a book explaining or analyzing the organizational dimensions or social structures that make up a parish such as the roles and statuses needed for a parish to function Rather the book examines the formation of relationships in the first place within the context of a parish and how such relationships might be maintained over time Upward social mobility is a deterrent to forming such relationships while social ritual practices such as eating together are a means for establishing and sustaining parish relationships The book is theoretically grounded in the work of Emile Durkheim who discusses in minute detail the ingredients of social solidarity and community life in his classic work *The Elementary Forms of Religious Life* **The Cumulative Book Index**, 1997 A world list of books in the English language **Forthcoming Books** Rose Arny, 2001-08 **From Ideology to Liturgy** Eric Caplan, 2022-11-01 In the 2002 edition of *From Ideology to Liturgy* Eric Caplan examined Reconstructionism s interpretation and adaptation of the traditional Jewish liturgy and its creation of new prayer texts to convey and express the movement s changing ideology Further insight into Reconstructionist liturgy was gained through comparing these prayerbooks to the contemporaneous liturgies of Reform and Conservative Judaism and to the work of Jewish Renewal In this new supplemented reprint edition Caplan offers an expansive study of liberal Jewish prayerbooks published in the decades since *From Ideology to Liturgy* first appeared and revisits his earlier conclusions in light of more recent expanded access to Mordecai Kaplan s diaries and archives
