## **Modern Mauritius The Politics Of Decolonization:**

*Modern Mauritius* Adele Simmons, Modern Mauritius Adele Simmons, 1982 Study of the political development of Mauritius under colonialism 1936 1968 and the impact of interethnic relations and role of UK outlines the historical background partic The sugar plantation economy and ethnic groups describes the 1930s working class and small planters labour movement incl role of ILO trade unionism 1944 1948 constitutional reform 1938 1948 emergence of ethnic political partys and Hindu domination choice between independence or association with UK the 1967 election and racial conflict Maps references statistical tables **The Anthropology of Elites** J. Abbink, T. Salverda, 2012-12-28 Offering insightful anthropological historical contributions to the understanding of elites worldwide this book helps us grasp their ways of life and role in times of contested global inequalities Case studies include the Polish gentry the white former colonial elite of Mauritius professional elites and transnational financial elites **Ethnic Groups in Conflict, Updated Edition With a New Preface** Donald L. Horowitz, 2001-04-09 Drawing material from dozens of divided societies Donald L Horowitz constructs his theory of ethnic conflict relating ethnic affiliations to kinship and intergroup relations to the fear of domination A groundbreaking work when it was published in 1985 the book remains an original and powerfully argued comparative analysis of one of the most important forces in the contemporary world **Elites and the Politics of Accountability in Africa** Wale Adebani, Rogers Orock, 2021-05-24 Elites and the Politics of Accountability in Africa examines the ways that accountability offers an effective interpretive lens to the social cultural and institutional struggles of both the elites and ordinary citizens in Africa Each chapter investigates questions of power its public deliberation and its negotiation in Africa by studying elites through the framework of accountability The book enters conversations about political subjectivity and agency especially from ongoing struggles around identities and belonging as well as representation and legitimacy Who speaks to whom And on whose behalf do they speak The contributors to this volume offer careful analyses of how such concerns are embedded in wider forms of cultural social and institutional discussions about transparency collective responsibility community and public decision making processes These concerns affect prospects for democratic oversight as well as questions of alienation exclusivity privilege and democratic deficit The book situates our understanding of the emergence meaning and conceptual relevance of elite accountability to study political practices in Africa It then juxtaposes this contextualization of accountability in relation to the practices of African elites Elites and the Politics of Accountability in Africa offers fresh dynamic and multifarious accounts of elites and their practices of accountability and locally plausible self legitimization as well as illuminating accounts of contemporary African elites in relation to their socially and historically situated outcomes of contingency composition negotiation and compromise *Indentured Muslims in the Diaspora* Maurits S. Hassankhan, Goolam Vahed, Lomarsh Roopnarine, 2016-11-10 The focus of most studies on Indian indenture has been almost exclusively on Hindu religion and culture even though an estimated seventeen percent of migrants

were Muslims This book thus fills an important gap in the indentured historiography both to understand that past as well as to make sense of the present when Muslim identities are undergoing rapid changes in response to both local and global realities The book includes a chapter on the experiences of Muslim indentured immigrants of Indonesian descent who settled in Suriname Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka      Development and Sustainable Growth of Mauritius Vanessa T. Holden, 2018-11-27 This edited volume analyzes the Mauritius economy and highlights what conditions and policies have contributed to the development of the country The project gives a historical and economic analysis of Mauritius and provides comparative approaches looking at other developing states in Africa and Asia This book is intended for a broad audience consisting of not only economists with quantitative expertise but also other social scientists policymakers and scholars interested in the intellectually fascinating exploration of Mauritius's rapid rise and sustained growth performance

*Currencies of the Indian Ocean World* Steven Serels, Gwyn Campbell, 2019-08-24 This book is the first to trace the unique monetary history of the Indian Ocean World Long distance trade across the region was facilitated by a highly complex multi currency system undergirded by shared ideas that transcended ethno linguistic religious and class divisions Currencies also occupied key roles in local spiritual aesthetic and affective practices Foregrounding these tensions between the global universalistic and the local particularistic the volume shows how this traditional currency system remained in place until the middle of the twentieth century and how aspects of the system continue to inform monetary practices throughout the region With case studies covering China India the Arabian Sea the Red Sea East Africa Zanzibar Madagascar and Mauritius from the thirteenth to the twenty first centuries this volume explores the central role currencies played in economic exchange as well as in establishing communal bonds defining state power and expressing religious sentiments      **India and the World**

Claude Markovits, 2021-03-25 In this pioneering history of modern India Claude Markovits offers a new interpretation of events of world importance focusing on the multiplicity of connections between India and the world Beginning with an examination of India's evolving role in the world economy he deals successively with the movement of people out of and into India the role played by Indian soldiers in a series of conflicts from the mid eighteenth to the late twentieth century the place of India in the global circulation of ideas and cultural productions and the relationships established between Indians and others both abroad and at home Challenging dominant state centred histories by focusing on the lived experiences of people Markovits demonstrates that the multiple connections established between India and other lands did not necessarily result in mutual knowledge but were often marked by misunderstanding      **Security And Nationalism In The Indian Ocean** Philip M Allen, 2019-06-04 I thank Peter Duignan for suggesting that the book be done and The Hoover Institution on War Peace and Revolution for a grant that facilitated the early stages of research Other grant funds were generously provided by the National Endowment for the Humanities and by Johnson State College which also allowed me to run off with the stipend on

**Religion and the State** Scott A. Merriman, 2009-07-14

This timely and authoritative resource combines both topical and country by country coverage to help readers understand the coexistence of church and state in nations around the world today At a time when faith based groups have become more politically active in the United States and with religious conflicts at the epicenter of many of the world's most dangerous hotspots Religion and the State An International Analysis of Roles and Relationships could not be more welcomed or timely Country by country faith by faith it unravels the historic underpinnings and long range effects of the relationship between religious principles and the operations of government in its many guises worldwide The work combines topical essays on significant developments in the confluence of religion and law throughout the world with short descriptions of each country's current treatment of religion Readers can investigate specific nations compare situations across nations and explore key issues in the pervasive often controversial relationship between religion and government

Voice and Power in Africa's Democracy Said Adejumo, 2017-08-16 Africa has made notable progress in its nascent democracy but with uneven

performance across countries However across the board challenges abound Central to Africa's checkered democratic narrative is the weakness of its democratic institutions participatory mechanisms and accountability platforms This book interrogates these elements with the role and capacity of the parliament political parties media freedom of information law trade union movements gender empowerment mechanisms and accountability methods and processes all under examination The weakness of democratic institutions has had a corrosive effect on political accountability and limits the scope for popular participation in governance In many countries innovative practices and new social and political encounters are emerging that challenge old institutional cultures promote reforms and demand accountability from the governing elite The book captures these varied innovative patterns of democratic change With first hand knowledge and expertise of the continent the contributors analyze the issues trends problems and challenges in these critical areas of Africa's democratic growth The conclusion is that strengthening democratic institutions opening up the political space for enhanced political participation and ensuring political accountability will determine the course prospects and quality of Africa's budding democracy

### **Coalition Strategies of Marxist Parties**

Trond Gilberg, 1989 During the early part of this decade many individuals both policy makers and scholars wondered about the new look of some communist parties as they billed themselves as potential participants in the pluralistic game of politics in many parts of the world This image was certainly different from the old notion of dedicated revolutionaries who scornfully rejected the existing order and plotted its overflow How genuine was the new look Were the communists sincere when they discussed interaction with other elements of political order in which they operated What were their tactical policies in pursuit of these strategic goals Some of us began to examine these questions more systematically We ran a panel at an academic conference enjoyed the feedback from our colleagues and began the process of writing this book Now several years later it is a finished product after many full scale revisions and updates The topic is still very relevant and that shows the enduring importance of the questions asked a number of years ago Scholars will need to return to this question in the future perhaps the best strategy is a continuous examination of this crucial subject

### *Capital Cities around the World* Roman

Adrian Cybriwsky, 2013-05-23 This informative resource is a fascinating compilation of the history politics and culture of every capital city from around the world making this the only singular reference on the subject of its kind Every country even the world's youngest nations has a capital city a centralized location which houses the seat of government and acts as the hub of culture and history But what role do capital cities play in the global arena Which factors have influenced the selection of a municipal center for each nation This interesting encyclopedia explores the topic in great depth providing an overview of each country's capital its history and early inhabitants ascension to prominence infrastructure within the government and influence on the world around them The author considers the culture and society of the area discussing the ethnic and religious groups among those who live there the major issues the residents face and other interesting cultural facts Capital

Cities around the World An Encyclopedia of Geography History and Culture features the capital cities of 200 countries across the globe Organized in alphabetical order by country each profile combines social studies geography anthropology world history and political science to offer a fascinating survey of each location      **The Mauritian Paradox** Ramtohol, Ramola,Eriksen, Thomas Hylland,2018-04-12 Speaking of Mauritius as an economic miracle has become a cliché and with good reason Its development since Independence in 1968 can easily be narrated as a rags to riches story In addition it is a stable democracy capable of containing the conflict potential inherent in its complex ethnic and religious demography This book brings together some of the finest scholarship domestic as well as foreign on contemporary Mauritius offering perspectives from constitutional law cultural studies sociology archaeology economics social anthropology and more While celebrating the indisputable and impressive achievements of the Mauritian nation on its fiftieth birthday this book is far from toothless Looking back inevitably implies looking ahead and in order to do so critical self scrutiny is essential to be able to learn from the mistakes of the past The contributors raise fundamental questions concerning a broad range of issues from the dilemmas of multiculturalism to the marginal role of women in public life from the question of constitutional reform and the continued problem of corruption to the slow destruction of Mauritius joy and pride namely the beauty and purity of its natural scenery Taking stock of the first fifty years this book also looks ahead to the next fifty years giving some cues as to where Mauritius can and should aim in the next decades      *Handbook of Civil Society and Social Movements in Small States* Lino Briguglio,Michael Briguglio,Sheila Bunwaree,Claire Slatter,2023-02-22 This volume is unique because of its focus on small states There are many studies on civil society and social movements but none that specifically deal with this category of countries As is well known small states have particular characteristics including a limited ability to reap the benefits of economies of scale a high degree of exposure to forces outside their control and the proximity of politicians to the voters often leading to clientelistic relationships and patronage networks The small island developing states have the additional problem of high environmental vulnerability with some also dealing with disproportionate ecological footprints These factors have a bearing on the organization and performance of civil society organizations and social movements as explained in several chapters of this book The volume is organized in three parts dealing with aspects of civil society and social movements in small states in the political social and environmental spheres respectively Various definitions of civil society are proposed in the chapters but most authors associate the term with organized groups operating in the interest of citizens independently of government and commercial business including various forms of non governmental organizations NGOs Civil society also encompasses social movements which are considered to be loosely organized collective campaigns in pursuit of social goals These two terms are sometimes used interchangeably however some authors argue that social movements tend to engage in contentious politics including protests while NGOs engage through more organized and institutional routes      Encountering Difference Robin Cohen,Olivia Sheringham,2017-09-05 In the face of the destructive possibilities of resurgent nationalisms

unyielding ethnicities and fundamentalist religious affinities there is hardly a more urgent task than understanding how humans can learn to live alongside one another This fascinating book shows how people from various societies learn to live with social diversity and cultural difference and considers how the concepts of identity formation diaspora and creolization shed light on the processes and geographies of encounter Robin Cohen and Olivia Sheringham reveal how early historical encounters created colonial hierarchies but also how conflict has been creatively resisted through shared social practices in particular contact zones including islands port cities and the super diverse cities formed by enhanced international migration and globalization Drawing on research experience from across the world including new fieldwork in Louisiana Martinique Mauritius and Cape Verde their account provides a balance between rich description and insightful analysis showing in particular how identities emerge and merge from below Moving seamlessly between social and political theory history cultural anthropology sociology and human geography the authors point to important new ways of understanding and living with difference surely one of the key challenges of the twenty first century     Connecting Continents Krish

Seetah,2018-06-07 In recent decades the vast and culturally diverse Indian Ocean region has increasingly attracted the attention of anthropologists historians political scientists sociologists and other researchers Largely missing from this growing body of scholarship however are significant contributions by archaeologists and consciously interdisciplinary approaches to studying the region s past and present Connecting Continents addresses two important issues how best to promote collaborative research on the Indian Ocean world and how to shape the research agenda for a region that has only recently begun to attract serious interest from historical archaeologists The archaeologists historians and other scholars who have contributed to this volume tackle important topics such as the nature and dynamics of migration colonization and cultural syncretism that are central to understanding the human experience in the Indian Ocean basin This groundbreaking work also deepens our understanding of topics of increasing scholarly and popular interest such as the ways in which people construct and understand their heritage and can make use of exciting new technologies like DNA and environmental analysis Because it adopts such an explicitly comparative approach to the Indian Ocean Connecting Continents provides a compelling model for multidisciplinary approaches to studying other parts of the globe Contributors Richard B Allen Edward A Alpers Atholl Anderson Nicole Boivin Diego Calaon Aaron Camens Sa a aval Geoffrey Clark Alison Crowther Corinne Forest Simon Haberle Diana Heise Mark Horton Paul Lane Martin Mhando and Alistair Patterson     **Historical Dictionary of the**

**British Empire** Kenneth J. Panton,2015-05-07 For much of the nineteenth and early twentieth centuries Britain was the dominant world power its strength based in large part on its command of an Empire that in the years immediately after World War I encompassed almost one quarter of the earth s land surface and one fifth of its population Writers boasted that the sun never set on British possessions which provided raw materials that processed in British factories could be re exported as manufactured products to expanding colonial markets The commercial and political might was not based on any

grand strategic plan of territorial acquisition however The Empire grew piecemeal shaped by the diplomatic economic and military circumstances of the times and its speedy dismemberment in the mid twentieth century was similarly a reaction to the realities of geopolitics in post World War II conditions Today the Empire has gone but it has left a legacy that remains of great significance in the modern world The Historical Dictionary of the British Empire covers its history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Britain
