Woodward, 2001-07-10 Woodward offers an intellectually rich look at the five great religions foundational miracles and those of the later sages and saints Miracles and the Venerable Bede William David McCready, Pontifical

Institute of Mediaeval Studies,1994 The subject of this book is the concept of miracles in the thought of the Venerable Bede Its specific focus is Bede s understanding of the miracles of modern saints miracles of the sort that he himself describes for us in his Ecclesiastical History      **Saintly Miracles** Nakoa Rainfall,AI,2025-02-27 Saintly Miracles explores the captivating world of Christian miracles attributed to saints and their profound impact on religious history and devotion The book examines these miracles not to verify their authenticity but to understand their reception interpretation and influence on believers throughout time One intriguing aspect is how miracles whether seen as divine acts or through a sociological lens have shaped religious practices and theological doctrines Another is the role of canonization the process by which the Church recognizes individuals as saints often based on reported miracles The book traces the evolution of sainthood and miracles from the early Church to the present day considering societal changes theological debates and political landscapes this historical context allows readers to see how these concepts are shaped Approaching the topic with accessibility in mind the book is divided into three sections introducing core concepts examining historical periods with case studies and exploring the lasting impact on religious devotion and popular culture The analysis draws on hagiographies historical chronicles and other sources to show the power dynamics inherent in miraculous narratives      **Modern-Day Miracles** Duane McKey,2025-05 Modern Day Miracles is a collection of true stories gathered from the global ministry of Adventist World Radio These accounts ranging from quiet moments of providence to dramatic life altering events offer a glimpse into how God is still at work in the lives of people today often in the most unexpected places      *Miracles Are for Today* Troy Edwards,2010-11 For centuries the place of miracles in the church has been debated This controversy remains in our day Numerous views and theological positions are advocated in defense or rejection of miracles for today There are some who believe they are for today some who outright deny their validity for today and some who remain unsure Even among those who believe that God has never ceased working miracles there are a number of perspectives ranging from the idea that they are rare that they are spontaneous and happen only at God s sovereign whim and then there are those who believe that a faith filled group of Christians who believe God s promises can experience them frequently In his book *Miracles Are For Today* Pastor Troy J Edwards refutes the idea that God s miracles are only for a past generation and explains from Scripture how God s people can experience frequent miracles in their corporate worship as well as within their personal lives Get ready to believe God for a miracle today      **The Rationalization of Miracles** Paolo Parigi,2012-05-14 During the Counter Reformation in southern Europe Catholic Church officials developed rules to legitimize miracles performed by candidates to sainthood The Rationalization of Miracles uncovers a tacit understanding between central religious officials and local religious activists Each group had a vested interest in declaring miracles Catholic Church leaders sought legitimacy in the wake of the crisis of faith created by the Protestant Schism and religious acolytes needed Church approval to secure a flow of resources to their movements The Church s new procedure of deeming miracles true when there were witnesses of different

statuses and the acts occurred in the presence of a candidate's acolyte served the needs of both parties. And by developing rules and procedures for evaluating miracles the Church rationalized the magic at the root of the miracles thereby propelling the institution out of a period of institutional political and social uncertainty and forming the basis of modern sainthood.

*Miracle as Modern Conundrum in South Asian Religious Traditions* Corinne G. Dempsey, Selva J. Raj, 2009-01-07. Claims of the miraculous are foundational to faith and skepticism making and breaking religious careers and movements in their wake. Drawing on a variety of South Asian religious traditions Hinduism Buddhism Islam Christianity this book revolves around the theme of conundrum demonstrating how miracles offer divine proof, tenacious embarrassment and in many cases both. The contributors explore not only how modern miracles are conundrums themselves but also how they make conundrums out of assumed divides between scientific and supernatural realms, modernity and tradition, the West and the rest, and ethnographer and native. Book jacket.

Activating Miracles Chris Mikkelsen, 2024-02-06. God has an amazing plan for you in which He will use you to do great and mighty things, says international evangelist Chris Mikkelsen. Mikkelsen has held meetings for millions and seen a multitude of healings and changed lives. I believe God is bringing forth a new generation of people like you who will stand in faith, trust completely in His holy Word, confront the fears that paralyze us and defeat the enemy of our souls. You are part of that generation of believers God wants to use to reach our world with boldness and miraculous power. Belief in God and His power is the key that opens the supernatural to us, and Mikkelsen explains that a spiritual war is raging to weaken our faith and stop us from activating miracles. We are being attacked by fears, uncertainties and challenges to our trust in God. But we can enter into a new dimension of supernatural faith and power that is without limits because it comes directly from God to accomplish His purposes through us. *Activating Miracles* is filled with faith building teachings and inspiring stories that demonstrate the miraculous events taking place today from the United States to so-called closed nations including Pakistan where God is working in an unprecedented way. Prepare to move in a realm of faith that unlocks miracles in your life, enables you to overcome difficult obstacles and allows you to move into a higher level of ministry to many others who need healing and deliverance. Prepare to activate the miraculous.
