The Politics of Anxiety in Nineteenth-Century American Literature Justine S. Murison,2011-04-21 For much of the nineteenth century the nervous system was a medical mystery inspiring scientific studies and exciting great public interest Because of this widespread fascination the nerves came to explain the means by which mind and body related to each other By the 1830s the nervous system helped Americans express the consequences on the body and for society of major historical changes Literary writers including Nathaniel Hawthorne and Harriet Beecher Stowe used the nerves as a metaphor to re imagine the role of the self amidst political social and religious tumults including debates about slavery and the revivals of the Second Great Awakening Representing the romance of the nervous system and its cultural impact thoughtfully and at times critically the fictional experiments of this century helped construct and explore a neurological vision of the body and mind Murison explains the impact of neurological medicine on nineteenth century literature and culture *Abyss of Reason* Daniel Cottom,1991 A study from the American perspective of modern spiritualism which flourished in the mid 19th century and of surrealism a movement that produced a major following between the two World Wars The Telegraph's Answer to Rev.
