Modern Object Lessons John Henry Sargent, 1974      **Modern Object Lessons** John H. Sargent, 1940      *Object Lessons* Sarah Anne Carter, 2018-07-12 *Object Lessons* How Nineteenth Century Americans Learned to Make Sense of the Material World examines the ways material things objects and pictures were used to reason about issues of morality race citizenship and capitalism as well as reality and representation in the nineteenth century United States For modern scholars an object lesson is simply a timeworn metaphor used to describe any sort of reasoning from concrete to abstract But in the 1860s object lessons were classroom exercises popular across the country Object lessons helped children to learn about the world through their senses touching and seeing rather than memorizing and repeating leading to new modes of classifying and comprehending material evidence drawn from the close study of objects pictures and even people In this book Sarah Carter argues that object lessons taught Americans how to find and comprehend the information in things from a type metal fragment to a whalebone sample Featuring over fifty images and a full color insert this book offers the object lesson as a new tool for contemporary scholars to interpret the meanings of nineteenth century material cultural and intellectual life

**Object Lessons** E. L. McCallum, 1999-01-01 An important contribution to our understanding and interpretation of fetishism and of what fetishism can teach us about sexuality gender belief and knowledge      Museum Object Lessons for the Digital Age Haidy Geismar, 2018-05-14 *Museum Object Lessons for the Digital Age* explores the nature of digital objects in museums asking us to question our assumptions about the material social and political foundations of digital practices Through four wide ranging chapters each focused on a single object a box pen effigy and cloak this short accessible book explores the legacies of earlier museum practices of collection older forms of media from dioramas to photography and theories of how knowledge is produced in museums on a wide range of digital projects Swooping from Ethnographic to Decorative Arts Collections from the Google Art Project to bespoke digital experiments Haidy Geismar explores the object lessons contained in digital form and asks what they can tell us about both the past and the future Drawing on the author's extensive experience working with collections across the world Geismar argues for an understanding of digital media as material rather than immaterial and advocates for a more nuanced ethnographic and historicised view of museum digitisation projects than those usually adopted in the celebratory accounts of new media in museums By locating the digital as part of a longer history of material engagements transformations and processes of translation this book broadens our understanding of the reality effects that digital technologies create and of how digital media can be mobilised in different parts of the world to very different effects      **Object Lessons** Tom Love, 1993 In this usable guide to developing and managing OO software projects well respected consultant and OOP pioneer Tom Love reveals the absolute do's and don'ts in adopting and managing object oriented technology *Object Lessons* is filled with applicable advice and practical suggestions for large scale commercial software projects Written in a personable yet concise style this dependable guidebook reveals trade secrets and
