 Freedman,Benjamin J. Sadock,1980 *Wylie Churchill-Davidson's A Practice of Anesthesia 7th Edition* Thomas EJ  
 Healy,Paul R Knight,2003-10-31 The new edition of this popular text has been extensively revised and updated throughout It  
 will continue to provide the trainee or practising anesthetist with all the information both background and practical that will  
 be needed in the busy clinical setting or during revision for qualifying examinations Major changes for the new edition  
 include increased international relevance made possible by the extensive input of a new American co editor and the selection  
 of well known contributing authors from around the world The content is thus applicable to all trainees studying for and  
 passing the variety of different certifying examinations for practising anesthesia in a wide range of locales The book presents  
 both the basic science underlying modern anesthetic practice and up to date clinical anesthetic management techniques in a  
 comprehensive but concise and accessible style Reviews are well referenced throughout to guide the reader towards  
 additional information beyond the scope of this text The book will continue to provide in a single volume all the information  
 relevant to the physician in training and serve as a convenient and reliable reference for the anaesthetist to use after training
