**Saul Bellow and the Struggle at the Center** Eugene Hollahan, 1996 Based upon the autumn 1984 issue of *Studies in the Literary Imagination* this volume retains some earlier essays and adds new examinations of the entire oeuvre of Bellow There are essays by recognized scholars as well as several by emerging Bellow scholars As a continuing examination of a living writer this collection will serve to address questions that the volume editor has determined are of most importance Eugene Hollahan has written wherever Bellow's philosophical development has led him we must look at his latest novel to discover that position **Bernard Malamud** Joel Salzberg, 1985

**DQR.**, 1972 *The Modes of Modern Writing* David Lodge, 2015-10-29 The *Modes of Modern Writing* tackles some of the fundamental questions we all encounter when studying or reading literature such as what is literature What is realism What is relationship between form and content And what dictates the shifts in literary fashions and tastes In answering these questions the book examines texts by a wide range of modern novelists and poets including James Joyce T S Eliot Ernest Hemingway George Orwell Virginia Woolf Samuel Beckett and Philip Larkin and draws on the work of literary theorists from Roman Jakobson to Roland Barthes Written in Lodge's typically accessible style this is essential reading for students and lovers of literature at any level The Bloomsbury Revelations edition includes a new Foreword Afterword by the author

character portraiture of James and Hawthorne **The Publishers Weekly** ,1972 New York Times Saturday Book Review Supplement ,1971 Social Formalism Dorothy J. Hale,1998 In recent decades literary critics have praised novel theory for abandoning its formalist roots and defining the novel as a vehicle of social discourse The old school of novel theory has long been associated with Henry James the new school allies itself with the Russian theorist Mikhail Bakhtin In this book the author argues that actually it was the compatibility of Bakhtin with James that prompted Anglo American theorists to embrace Bakhtin with such enthusiasm Far from rejecting James in other words recent novel theorists have only refined James s foundational recharacterization of the novel as the genre that does not simply represent identity through its content but actually instantiates it through its form Social Formalism demonstrates the persistence of James s theoretical assumptions from his writings and those of his disciple Percy Lubbock through the critique of Jamesian theory by Roland Barthes Wayne Booth and Gerard Genette to the current Anglo American assimilation of Bakhtin It also traces the expansion of James s influence as mediated by Bakhtin into cultural and literary theory Jamesian social formalism is shown to help determine the widely influential theories of minority identity expounded by such important cultural critics as Barbara Johnson and Henry Louis Gates Social Formalism thus explains why a tradition that began by defining novelistic value as the formal instantiation of identity ends by defining minority political empowerment as aestheticized self representation **Choice** ,1972
