Environmental History of Modern Migrations Marco Armiero, Richard Tucker, 2017-05-12 In the age of climate change the possibility that dramatic environmental transformations might cause the dislocation of millions of people has become not only a matter for scientific speculation or science fiction narratives but the object of strategic planning and military analysis Environmental History of Modern Migrations offers a worldwide perspective on the history of migrations throughout the nineteenth and twentieth centuries and provides an opportunity to reflect on the global ecological transformations and developments which have occurred throughout the last few centuries With a primary focus on the environment migration nexus this book advocates that global environmental changes are not distinct from global social transformations Instead it offers a progressive method of combining environmental and social history which manages to both encompass and transcend current approaches to environmental justice issues This edited collection will be of great interest to students and practitioners of environmental history and migration studies as well as those with an interest in history and sociology **Hawaiian History** Richard Lightner, 2004-08-30 Hawaii has been referred to as the crossroads of the Pacific

This book illustrates how many world cultures and customs meet in the Hawaiian Islands providing a chronological overview highlighted by extracts from important works that express Hawaii s unique history This work starts with chronological chapters on general and ancient Hawaiian history and continues through early Western contact the 19th century and Hawaii s annexation to the United States Topics include politics religion social issues business ethnic groups and race relations
