Robert C. Cummins • Thomas D. Christiano

# Modern Moral And Political Philosophy

**Manuel Knoll, Barry Stocker**

## **Modern Moral And Political Philosophy:**

**Modern Moral and Political Philosophy** Robert Cummins, Thomas Christiano, 1999 A thorough update of the first edition this text clarifies the vast array of fire safety legislation regulations and standards applicable to the workplace It offers specific guidance on implementing and monitoring fire safety management including best practice techniques and is illustrated by checklists and recent case studies Advice on carrying out a fire risk assessment and guidance on active and passive fire precautions are provided Including analysis of the direct and indirect costs of fire to business it should be a useful toolkit for fire safety managers personnel and facilities managers health and safety professionals and their advisers

**Lectures on the History of Moral and Political Philosophy** Jonathan Wolff, Gerald A. Cohen, 2013-10-27 Previously unpublished writings from one of the most important political philosophers of recent times G A Cohen was one of the leading political philosophers of recent times He first came to wide attention in 1978 with the prize winning book *Karl Marx's Theory of History: A Defence* In subsequent decades his published writings largely turned away from the history of philosophy focusing instead on equality freedom and justice However throughout his career he regularly lectured on a wide range of moral and political philosophers of the past This volume collects these previously unpublished lectures Starting with a chapter centered on Plato but also discussing the pre Socratics as well as Aristotle the book moves to social contract theory as discussed by Hobbes Locke and Hume and then continues with chapters on Kant Hegel and Nietzsche The book also contains some previously published but uncollected papers on Marx Hobbes and Kant among other figures The collection concludes with a memoir of Cohen written by the volume editor Jonathan Wolff who was a student of Cohen's A hallmark of the lectures is Cohen's engagement with the thinkers he discusses Rather than simply trying to render their thought accessible to the modern reader he tests whether their arguments and positions are clear sound and free from contradiction Throughout he homes in on central issues and provides fresh approaches to the philosophers he examines Ultimately these lectures teach us not only about some of the great thinkers in the history of moral and political philosophy but also about one of the great thinkers of our time Cohen himself

**The Principles of Moral and Political Philosophy** William Paley, 1785

**Nietzsche as Political Philosopher** Manuel Knoll, Barry Stocker, 2014-08-27 This collection establishes Nietzsche's importance as a political philosopher It includes a substantial introduction and eighteen chapters by some of the most renowned Nietzsche scholars The book examines Nietzsche's connections with political thought since Plato major influences on him his methodology and his influence on subsequent thought The book includes extensive coverage of the debate between radical aristocratic readings of Nietzsche and more liberal or democratic readings Close readings of Nietzsche's texts are combined with a contextualising approach to build up a complete picture of his place in political philosophy Topics include the relevance of Bonapartism and classical liberalism Nietzsche on Christianity the cultural history of Germany the *bermensch* ethics and politics in Nietzsche and the controversial question of his political preferences and affinities Nietzsche

s political thought is compared with that of Humboldt Weber and Foucault The book is essential reading for anyone concerned with Nietzsche s thought political philosophy and the history of political ideas      **Political Authority and Obligation in Aristotle** Andres Rosler,2005-03-03 to follow      **Modern Freedom** Adriaan T Peperzak,2001-07-31 This book the result of 40 years of Hegel research gives an integral interpretation of G W F Hegel s mature practical philosophy as contained in his textbook *Grundlinien der Philosophie des Rechts* published in 1820 and the courses he gave on the same subject between 1817 and 1830      *Hobbesian Moral and Political Theory* Gregory S. Kavka,2021-01-12 In recent years serious attempts have been made to systematize and develop the moral and political themes of great philosophers of the past Kant Locke Marx and the classical utilitarians all have their current defenders and are taken seriously as expositors of sound moral and political views It is the aim of this book to introduce Hobbes into this select group by presenting a plausible moral and political theory inspired by *Leviathan* Using the techniques of analytic philosophy and elementary game theory the author develops a Hobbesian argument that justifies the liberal State and reconciles the rights and interests of rational individuals with their obligations Hobbes s case against anarchy based on his notorious claim that life outside the political State would be a war of all against all is analyzed in detail while his endorsement of the absolutist State is traced to certain false hypotheses about political sociology With these eliminated Hobbes s principles support a liberal redistributive or satisfactory State and a limited right of revolution Turning to normative issues the book explains Hobbes s account of morality based on enlightened self interest and shows how the Hobbesian version of social contract theory justifies the political obligations of citizens of satisfactory States      *Morality, Political Economy and American Constitutionalism* Timothy P. Roth,2007-01-01 The book goes on to explore and expound the Founders desire to promote respect for the moral law their appreciation of the reciprocal relationship between morality and law and their commitment to the promotion of justice in the sense of impartial institutions ideas which find expression in contractarian constitutional political economy      [Philosophy and Contemporary Politics of Communitarianism](#) Imad Salamey,Andrew T.W. Hung,2025-05-14 This erudite book delves into the philosophical underpinnings and practical implications of communitarianism in comparison to liberalism and other political theories Imad Salamey and Andrew Tsz Wan Hung explore how social perspectives that emphasize the importance of community can be applied to contemporary political challenges in the context of globalization This title contains one or more Open Access chapters      [The Oxford Handbook of Digital Ethics](#) Carissa Véliz,2024 This Handbook offers a lively authoritative up to date exploration of pressing ethical issues in our digital world An international team of philosophers give critical appraisals of research in the this fast growing field exploring novel approaches and arguments that will shape the agenda on digital ethics for years to come      **An African Philosophy of Personhood, Morality, and Politics** Motsamai Molefe,2019-04-02 This book explores the salient ethical idea of personhood in African philosophy It is a philosophical exposition that pursues the ethical and political consequences of the normative idea of personhood as a robust or even

foundational ethical category Personhood refers to the moral achievements of the moral agent usually captured in terms of a virtuous character which have consequences for both morality and politics The aim is not to argue for the plausibility of the ethical and political consequences of the idea of personhood Rather the book showcases some of the moral political content and consequences of the account it presents

**The Encyclopaedia Britannica: Edw to Fra** Hugh Chisholm,1910 This eleventh edition was developed during the encyclopaedia's transition from a British to an American publication Some of its articles were written by the best known scholars of the time and it is considered to be a landmark encyclopaedia for scholarship and literary style

Moral and Political Writings François de Salignac de La Mothe- Fénelon,2020 Fénelon is arguably one of the most neglected major philosophers of early modernity His political masterwork was the most read book in eighteenth century France after the Bible and yet today even specialists rarely engage his work directly This problem is particularly acute in the Anglophone world where only a small fraction of Fénelon's vast and influential corpus has appeared in modern English translation This collection of new translations of Fénelon's moral and political writings renders one of the leading voices of early modern philosophy accessible to English language audiences Reflecting the impressive breadth of Fénelon's thought the volume includes work on topics ranging from education to literature to religion and statecraft In the realm of political philosophy and ethics Fénelon was an uncompromising critic of Louis XIV and absolutism committed to reforming France's social political and economic institutions In the Enlightenment he came to be celebrated as a pioneering theorist of education and rhetoric a prescient student of economics and international relations and a key voice in the philosophical debates among the heirs of Descartes not to mention his fame as one of the seventeenth century's most preeminent theologians and spiritualists and masters of French prose With an extensive introduction to Fénelon's life and work this volume is a critical resource for students and scholars of French history political philosophy economics education literature and religion

*Freedom's Progress?* Gerard Casey,2021-10-04 In *Freedom's Progress* Gerard Casey argues that the progress of freedom has largely consisted in an intermittent and imperfect transition from tribalism to individualism from the primacy of the collective to the fragile centrality of the individual person and of freedom Such a transition is he argues neither automatic nor complete nor are relapses to tribalism impossible The reason for the fragility of freedom is simple the importance of individual freedom is simply not obvious to everyone Most people want security in this world not liberty Libertarians writes Max Eastman used to tell us that the love of freedom is the strongest of political motives but recent events have taught us the extravagance of this opinion The herd instinct and the yearning for paternal authority are often as strong Indeed the tendency of men to gang up under a leader and submit to his will is of all political traits the best attested by history The charm of the collective exercises a perennial magnetic attraction for the human spirit In the 20th century Fascism Bolshevism and National Socialism were Casey argues each of them a return to tribalism in one form or another and many aspects of our current Western welfare states continue to embody tribalist impulses Thinkers you would expect to

feature in a history of political thought feature in this book Plato Aristotle Machiavelli Locke Mill and Marx but you will also find thinkers treated in Freedom's Progress who don't usually show up in standard accounts Johannes Althusius Immanuel Kant William Godwin Max Stirner Joseph Proudhon Mikhail Bakunin Pyotr Kropotkin Josiah Warren Benjamin Tucker and Auberon Herbert Freedom's Progress also contains discussions of the broader social and cultural contexts in which politics takes its place with chapters on slavery Christianity the universities cities Feudalism law kingship the Reformation the English Revolution and what Casey calls Twentieth Century Tribalisms Bolshevism Fascism and National Socialism and an extensive chapter on human prehistory *The Defence of Natural Law* Charles Covell, 2016-07-27 The Defence of Natural Law comprises a study of the philosophies of law expounded by Lon L Fuller Michael Oakeshott F A Hayek Ronald Dworkin and John Finnis The work of these theorists is situated in relation to the modern tradition in legal philosophy In this way it is demonstrated that the theorists adhered closely to the natural law standpoint in legal philosophy while also defending the particular view of the proper functions of law and the state that distinguished the tradition of modern liberalism

Traditions of Natural Law in Medieval Philosophy Dominic Farrell, 2022-07-08 Reflection on natural law reaches a highpoint during the Middle Ages Not only do Christian thinkers work out the first systematic accounts of natural law and articulate the framework for subsequent reflection the Jewish and Islamic traditions also develop their own canonical statements on the moral authority of reason vis vis divine law In the view of some they thereby articulate their own theories of natural law These various traditions of medieval reflection on natural law and their interrelation merit further study particularly since they touch upon many current philosophical concerns They grapple with the problem of ethical and religious pluralism They consider whether universally valid standards of action and social life are accessible to those who rely on reason rather than divine law In so doing they develop sophisticated accounts of many central issues in metaethics action theory jurisprudence and the philosophy of religion However do they reach a consensus about natural law or do they end up defending incommensurable ethical frameworks Do they confirm the value of arguments based on natural law or do they cast doubt on it This collection brings together contributions from various expert scholars to explore these issues and the pluralism that exists within medieval reflection on natural law It is the first one to study the relation between the natural law theories of these various traditions of medieval philosophy Jewish Islamic Byzantine and Latin Each of the first four essays surveys the natural law theory of one of the religious traditions of medieval philosophy Jewish Islamic Byzantine and Latin and its relation to the others The next four essays explore some of the alternative accounts of natural law that arise within the Latin tradition They range over St Bonaventure Peter of Tarentaise Matthew of Aquasparta John Duns Scotus and Marsilius of Padua **What's Luck Got to Do with It?** Edward D. Kleinbard, 2021 The American dream of equal opportunity is in peril America's economic inequality is shocking poverty threatens to become a heritable condition and our healthcare system is crumbling despite ever increasing costs In this thought provoking book Edward D Kleinbard

demonstrates how the failure to acknowledge the force of brute luck in our material lives exacerbates these crises leading to warped policy choices that impede genuine equality of opportunity for many Americans What s Luck Got to Do with It combines insights from economics philosophy and social psychology to argue for government s proper role in addressing the inequity of brute luck Kleinbard shows how well designed public investment can blunt the worst effects of existential bad luck that private insurance cannot reach and mitigate inequality by sharing the costs across the entire risk pool which is to say all of us The benefits as Kleinbard shares in a wealth of data are economic as well as social a more inclusive economy higher national income and greater life satisfaction for millions of Americans Like it or not our lives and opportunities are determined largely by luck Kleinbard shows that while we can t undo every instance of misfortune we can offer a path to not just a fairer America but greater economic growth more broadly shared      *The Encyclopædia Britannica* ,1910      Second Catalogue of the Library of the Peabody Institute of the City of Baltimore George Peabody Library,1896      The Encyclopædia Britannica Hugh Chisholm,James Louis Garvin,1926

If you ally craving such a referred **Modern Moral And Political Philosophy** books that will have enough money you worth, get the agreed best seller from us currently from several preferred authors.
