Thomas, 2016-07-26 Denmark has a millennium long continuous history and development from Viking times about 800 1050 AD to the modern welfare state The resilience of the Danish people is evident in the artistic golden age of the early 19th century despite national bankruptcy the agricultural revival during the final third

Plays August Strindberg, 1954 The Oxford Guide to Literature in English Translation Peter France, 2000 Translation has been a crucial process in world culture over the past two millennia and more In the English speaking cultures many of the most important texts are translations from Homer to Beckett the Bible to Freud Although recent years have seen a boom in translation studies there has been no comprehensive yet convenient guide to this essential element of literature in English Written by eminent scholars from many countries the Oxford Guide to Literature in English Translation meets this need and will be essential reading for all students of English and comparative literature It highlights the place of translation in our culture encouraging awareness of the issues raised making the translator more visible Concentrating on major writers and works it covers translations out of many languages from Greek to Korean from Swahili to Russian For some works e g Virgil's Aeneid which have been much translated the discussion is historical and critical showing how translation has evolved over the centuries and bringing out the differences between versions Elsewhere with less familiar literatures the Guide examines the extent to which translation has done justice to the range of work available The Guide is divided into two parts Part I contains substantial essays on theoretical questions a pioneering outline of the history of translation into English and discussions of the problems raised by specific types of text e g poetry oral literature The second much longer part consists of entries grouped by language of origin some are devoted to individual texts e g the Thousand and One Nights or writers e g Ibsen Proust but the majority offer a critical overview of a genre e g Chinese poetry Spanish Golden Age drama or of a national literature e g Hungarian Scottish Gaelic There is a selective bibliography for each entry and an index of authors and translators **Denmark and the New North Atlantic** Kirsten Thisted, Ann-Sofie N. Gremaud, 2020-10-01 This book investigates how the emergence of the Arctic as a new geopolitical arena affects and reshapes the area known as the North

Atlantic Greenland Iceland the Faroe Islands and coastal Norway The relationship between the center of the former Danish empire and its subordinates have rested on varying degrees of asymmetric power relations that are intertwined with political as well as emotional bonds With climate change a whole new reality is emerging in the Arctic and sub Arctic areas Power is moving north and new connections and partnerships are being developed As the North Atlantic countries share a history as being part of a Danish empire some of the hierarchies and mindsets inherited from the past still affect the present This calls for an in depth understanding of the cultural history of the North Atlantic as well as current relations What narratives make up the foundation for contemporary cooperation How are historical relations and narratives being reinterpreted today How do postcolonial relations affect decision making concerning natural resources How do North Atlantic communities envision the future A team of historians literary theorists art historians ethno graphers and culture and communication scholars with profound insight into the histories languages and cultures of the North Atlantic have collaborated on this study of the North Atlantic countries as an emerging new center in the North Foundations that made this publication possible Carlsberg Foundation

The Nordic Bible Marianne Bjelland Kartzow,Kasper Bro Larsen,Outi Lehtipuu,2023-09-05 The volume offers a new critical reflection on the use of the Bible in contemporary cultural and political debates in the Nordic countries In Nordic Lutheran societies the Bible has been perceived as a basis of religion and social cohesion Whereas such religious and confessional factors are well researched vis vis the historical genesis of the Nordic welfare states the focus here is on public use of the Bible in debates of today
