Myth, Origins, Magic Andrew James Stubbs,1993 Myth Origins Magic is an examination of Eli Mandel s work from early poems to the Family Romance *Encyclopedia of Post-Colonial Literatures in English* Eugene Benson,L.W. Conolly,2004-11-30 Post Colonial Literatures in English together with English Literature and American Literature form one of the three major groupings of literature in English and as such are widely studied around the world Their significance derives from the richness and variety of experience which they reflect In three volumes this Encyclopedia documents the history and development of this body of work and includes original research relating to the literatures of some 50 countries and territories In more than 1 600 entries written by more than 600 internationally recognized scholars it explores the effect of the colonial and post colonial experience on literatures in English worldwide *The Politics of Art* ,2022-06-08 **The Literary History of Saskatchewan: Volume 1** David Carpenter,2013-02-01 Saskatchewan s literary history is both colourful and complex It is also mature enough to deserve a critical investigation of its roots and origins its salient features and its prominent players This collection of scholarly essays conceptualized and compiled by well known Saskatchewan novelist essayist and scholar David Carpenter examines the Saskatchewan literary scene from its early Aboriginal storytellers on through to the decades to the burgeoning 1970s The dozen essays preceded by a David Carpenter introduction include such topics as Our New Storytellers Cree Literature in Saskatchewan The Literary Construction of Saskatchewan before 1905 Narratives of Trade Rebellion and Settlement and The New Generation The Seventies Remembered Also included are special topics among them Playwriting in Saskatchewan Feral Muse Angelic Muse The Poetry of Anne Szumigalski and tribute pieces to John V Hicks R D Symons Terrence Heath and Alex Karras Contributing scholars include the likes of Kristina Fagan Jenny Kerber Susan Gingell Ken Mitchell and Martin Winquist *The Oxford Companion to Modern Poetry in English* Jeremy Noel-Tod,Ian Hamilton,2013-05-23 This impressive volume provides over 1 700 biographical entries on poets writing in English from 1910 to the present day including T S Eliot Dylan Thomas and Carol Ann Duffy Authoritative and accessible it is a must have for students of English and creative writing as well as for anyone with an interest in poetry **New Contexts of Canadian Criticism** Ajay Heble,Donna Palmateer Pennee,J.R. Struthers,1997-04-18 Times change lives change and the terms we need to describe our literature or society or condition what Raymond Williams calls keywords change with them Perhaps the most significant development in the quarter century since Eli Mandel edited his anthology Contexts of Canadian Criticism has been the growing recognition that not only do different people need different terms but the same terms have different meanings for different people and in different contexts Nation history culture art identity the positions we take discussing these and other issues can lead to conflict but also hold the promise of a new sort of community Speaking of First Nations people and their literature Beth Brant observes that Our connections are like the threads of a weaving While the colour and beauty of each thread is unique and important together they make a communal material of strength and durability

New Contexts of Canadian Criticism is designed to be read to work in much the same manner **Toward Defining the Prairies** Robert Wardhaugh,2001-04-30 New ways of thinking about literature and history have radically changed how we think about or even define a region like the Prairie West In fact the very concept of defining has come into question by new theoretical approaches and it may now seem a hopeless endeavour But the process of defining can be just as important as the actual production of a definition Toward Defining the Prairies highlights recent approaches to thinking about the Prairie West Bounded by pieces from well known historian Gerald Friesen and Governor General s Award winning writer Robert Kroetsch these 13 essays are as diverse as the region itself In their examination of different aspects of Prairie history literature climate society culture and identity they help to provide a new understanding of this place and of the complexities of its definition *Canadian Books in Print. Author and Title Index* ,1975 **Holocaust Literature: Lerner to Zychlinsky, index** S. Lillian Kremer,2003 Review This encyclopedia offers an authoritative and comprehensive survey of the important writers and works that form the literature about the Holocaust and its consequences The collection is alphabetically arranged and consists of high quality biocritical essays on 309 writers who are first second and third generation survivors or important thinkers and spokespersons on the Holocaust An essential literary reference work this publication is an important addition to the genre and a solid value for public and academic libraries The Top 20 Reference Titles of the Year American Libraries May 2004 *University of Toronto Quarterly* University of Toronto,1994
