Palestine Jewry and the Arab Question, 1917-1925 Neil Caplan, 2012-11-12 An analysis of the Palestine Jewry's attitudes to the Arab question This book shows how the majority of the Palestinian Jews saw the experience of 1917 to 1925 as justifying the adoption of a firm solution to the conflict with the Arabs *Palestine Jewry and the Arab Question, 1917-1925* Neil Caplan, 2015 *Early Arab-Zionist Negotiation Attempts, 1913-1931* Neil Caplan, 2013-09-05 First Published in 2004 Routledge is an imprint of Taylor Francis an informa company **The Arab and Jewish Questions** Bashir Bashir, Leila Farsakh, 2020-12-15 Nineteenth century Europe turned the political status of its Jewish communities into the Jewish Question as both Christianity and rising forms of nationalism viewed Jews as the ultimate other With the onset of Zionism this question migrated to Palestine and intensified under British colonial rule and in the aftermath of the Holocaust Zionism's attempt to solve the Jewish Question created what came to be known as the Arab Question which concerned the presence and rights of the Arab population in Palestine For the most part however Jewish settlers denied or dismissed the question they created to the detriment of both Arabs and Jews in Palestine and elsewhere This book brings together leading scholars to consider how these two questions are entangled historically and in the present day It offers critical analyses of Arab engagements with the question of Jewish rights alongside Zionist and non Zionist Jewish considerations of Palestinian identity and political rights Together the essays show that the Arab and Jewish questions and the Israeli Palestinian conflict in which they have become subsumed belong to the same thorny history Despite their major differences the historical Jewish and Arab questions are about the political rights of oppressed groups and their inclusion within exclusionary political communities a question that continues to foment tensions in the Middle East Europe and the United States Shedding new light on the intricate relationships among Orientalism anti-Semitism Islamophobia colonialism and the impasse in the Israeli Palestinian conflict this book reveals the inseparability of Arab and Jewish struggles for self-determination and political equality Contributors include Gil Anidjar Brian Klug Amal Ghazal Ella Shohat Hakem Al Rustom Hillel Cohen Yuval Evri Derek Penslar Jacqueline Rose Moshe Behar Maram Masarwi and the editors Bashir Bashir and Leila Farsakh [Negotiating Arab-Israeli Peace](#) Laura Zittrain Eisenberg, Neil Caplan, 1998 In an innovative study two historians of the Arab Israeli conflict reflect on what their craft can contribute to peacemaking Middle East Quarterly A fine overview of the troubled Arab Israeli negotiations since Camp David filled with sound analysis and a wealth of documentary material Students and diplomats alike will benefit from this thoughtful study William B Quandt Byrd Professor of Government and Foreign Affairs University of Virginia This timely book will be invaluable for students of Middle East international relations and for policy makers who seek a mutually acceptable resolution of this protracted conflict Michael Brecher McGill University No matter where one stands on the issues this valuable work commends itself to students peace makers and anyone concerned about the Arab Israeli conflict and its peaceful resolution Philip Mattar Institute for Palestine Studies Eisenberg and Caplan offer the reader lessons of the past and

'the Jews' Tony Kushner,2017-05-15 Philosemitism Antisemitism and the Jews both honours and carries on the work of The Rev Dr James Parkes 1896 1981 a pioneer in the many different fields involving the study of Jewish non Jewish relations The collection is designed to examine both the specific and broader themes of Parkes life work in relation to tolerance and intolerance From antiquity to today Jews have often been defined as aliens these essays consider the effects of such legislative and socio cultural exclusion on the self definition of the dominant society Philosemitism Antisemitism and the Jews employs an interdisciplinary framework bringing together the work of scholars from both sides of the Atlantic and Israel who work in history theology political philosophy legal theory and literary studies Eminent historians and theorists of tolerance and intolerance including Gavin Langmuir David Theo Goldberg Norman Solomon and Tony Kushner are joined by younger scholars researching new developments in the field **Mussolini's Propaganda Abroad** Manuela Williams,2006-11-22

This is the first major study in English of Fascist Italy s overseas propaganda Using rare Italian and French captured documents this is also the first investigation into the relationship between Mussolini s regime and Arab nationalist movements This new account covers propaganda and subversive activities engineered by the Italian government in the Mediterranean and the Middle East from 1935 until 1940 when Italy entered the war It assesses the nature of the challenge brought by the Fascist regime to British security and colonial interests in the region Fascist propaganda in particular in the Arab Middle East must be regarded as an expression of Mussolini s foreign policy and his attempts to build an Italian empire that would stretch beyond the Mediterranean gaining control over the exits Gibraltar and Suez which were in the hands of the British and the French The activities of individual agents and organizations are carefully reconstructed and analyzed to highlight the seemingly contradictory objectives of the Italian government on the one hand Rome was courting the Arab nationalist movements in Egypt and Palestine which were seeking the support of external forces capable of providing political financial and military backing needed to overthrow foreign rulers on the other the regime was promoting further territorial expansion in Africa These aspects build into an excellent picture of this fascinating period of modern history This book will be of great interest to all students and scholars of politics media Italian history and propaganda Futile

Diplomacy, Volume 1 Neil Caplan,2015-05-15 Most students of the history of Arab Jewish relations have come to take for granted the stubborn resistance of the continuing dispute to any form of lasting and reasonable solution This book first published in 1983 examines early Arab Zionist negotiating experience with the assumption that this has direct relevance to our understanding of the possible outcomes of diplomatic approaches to resolving the conflict Its main purpose is to assemble half of the book consists of original source documents and discuss some of the raw material which may help readers focus more clearly on the origins of the conflict and perhaps to eliminate some recurring fallacies about its development and the prospects for its resolution An examination of the period 1913 to 1931 reveals of wealth of previous negotiating experience which is today largely forgotten and indicates that there was little or no movement of any of the parties in the

direction of modifying its basic minimum demands and aspirations **From Empire to Empire** Abigail

Jacobson,2011-08-04 The history of Jerusalem as traditionally depicted is the quintessential history of conflict and strife of ethnic tension and of incompatible national narratives and visions It is also a history of dramatic changes and moments one of the most radical ones being the replacement of the Ottoman regime with British rule in December 1917 From Empire to Empire challenges these two major dichotomies ethnic and temporal which shaped the history of Jerusalem and its inhabitants It links the experiences of two ethnic communities living in Palestine Jews and Arabs as well as bridging two historical periods the Ottoman and British administrations Drawing upon a variety of sources Jacobson demonstrates how political and social alliances are dynamic context dependent and purpose driven She also highlights the critical role of foreign intervention governmental and nongovernmental in forming local political alliances and in shaping the political reality of Palestine during the crisis of World War I and the transition between regimes From Empire to Empire offers a vital new perspective on the way World War I has been traditionally studied in the Palestinian context It also examines the effects of war on the socioeconomic sphere of a mixed city in crisis and looks into the ways the war as well as Ottoman policies and administrators affected the ways people perceived the Ottoman Empire and their location within it From Empire to Empire illuminates the complex and delicate relations between ethnic and national groups and offers a different lens through which the history of Jerusalem can be seen it proposes not only a story of conflict but also of intercommunal contacts and cooperation **King Hussein and the Evolution of Jordan's Perception of a Political Settlement with Israel,**

1967-1988 Joseph Nevo,2006-08-16 Throughout the decade that predated the 1967 war Jordan s declared views regarding Israel and the Arab Israeli conflict were not basically different from those of the Arab consensus namely rejection of Israel s legitimacy This work talks about this conflict *The Roots of Separatism in Palestine* Barbara J. Smith,1993-07-01 A thorough analysis of the economic development of Palestine during the first years of British mandatory rule and in particular of the British government s preferential policy regarding Jewish settlement and enterprise sets the tone for this groundbreaking study Using a wealth of previously unpublished documentation the author proves that British mandatory policy provided the perfect environment for the growth of a largest and more homogeneous Zionist enclave which in turn led to the inevitable split in Palestine s economy **History of the Jews in Modern Times** Lloyd P. Gartner,2001 Lloyd

Gartner presents in chronologically arranged chapters the story of the changing fortunes of the Jewish communities of the Old World in Europe and the Middle East and beyond and their gradual expansion into the New World of the Americas The book starts in 1650 when there were no more than one and a quarter million Jews in the world less than a sixth of the number at the start of the Christian era Gartner leads us through the traditions religious laws communities and their interactions with their neighbours through the Enlightenment the French Revolution and into Emancipation the dark shadows of anti Semitism the impact of World War II bringing us up to the twentieth century through Zionism and the

foundation of Israel Throughout the story is powerful and engrossing enlivened by curious detail and vivid insights Gartner an expert guide and scholar on the subject writing from within the Jewish community remains objective and effective whilst being careful to introduce and explain Jewish terminology and Jewish institutions as they appear in the text This is a superb introductory account authoritative in control lively of the central threads in one of the greatest historical tapestries of modern times Zionism, Palestinian Nationalism and the Law Steven E. Zipperstein, 2021-11-29 During the last decade of the British Mandate for Palestine 1939-1948 Arabs and Jews used the law as a resource to gain leverage against each other and to influence international opinion The parties invoked transformational legal framing to portray the essentially political religious conflict as a legal dispute involving claims of justice injustice and victimisation and giving rise to legal equitable remedies Employing this form of narrative and framing in multiple trials during the first 15 years of the Mandate the parties continued the practice during the last and most crucial decade of the Mandate The term trial provides an appropriate typology for understanding the adversarial proceedings during those years in which judges lawyers witnesses cross examination and legal argumentation played a key role in the conflict The four trials between 1939 and 1947 produced three different outcomes the one state solution in favour of the Palestinian Arabs the no state solution and the two state solution embodied in the United Nations November 1947 partition resolution culminating in Israel's independence in May 1948 This study analyses the role of the law during the last decade of the British Mandate for Palestine making an essential contribution to the literature on lawfare framing and narrative and the Arab Israeli Conflict **Israel** Anita

Like All the Nations? William M. Brinner, Moses Rischin, 1987-01-01 This is the first study to examine the career of one of the most prominent American Zionists Intellectually brilliant socially and religiously committed Judah Magnes was an inspiring speaker reformer and organizer Sixteen leading American and Israeli scholars here focus their critical attention on the social cultural political and theological themes central to Magnes' life Contributors chronicle Magnes' life from his birth in California in 1877 to his death in 1948 the year of the founding of the State of Israel focusing successively on his youth and education his seminal years on New York's Lower East Side his place among the pioneers of American Zionism his role as a founder of the first Hebrew University and his relentless efforts to unite Arabs and Jews Magnes was deeply committed to a Jewish renaissance but did not see the prospering of Israel in isolation from its Arab peoples In this insistence he was constant and often unique It is particularly in retrospect that we now realize the importance of Magnes' insistence that the Arab problem must be solved in order to establish a viable Israeli state Both through the range of his involvements and the integrity of his quest Magnes has left his mark on Jewish history The contributors to this volume who include two of the most diligent scholars of the man and of his times Paul Mendes Flohr and Arthur Goren help illuminate the life work and legacy of Judah L Magnes The Palestinian People Baruch Kimmerling, 2009-07-01 In a timely reminder of how the past informs the

present Baruch Kimmerling and Joel Migdal offer an authoritative account of the history of the Palestinian people from their modern origins to the Oslo peace process and beyond Palestinians struggled to create themselves as a people from the first revolt of the Arabs in Palestine in 1834 through the British Mandate to the impact of Zionism and the founding of Israel Their relationship with the Jewish people and the State of Israel has been fundamental in shaping that identity and today Palestinians find themselves again at a critical juncture In the 1990s cornerstones for peace were laid for eventual Palestinian Israeli coexistence including mutual acceptance the renunciation of violence as a permanent strategy and the establishment for the first time of Palestinian self government But the dawn of the twenty first century saw a reversion to unmitigated hatred and mutual demonization By mid 2002 the brutal violence of the Intifada had crippled Palestine s fledgling political institutions and threatened the fragile social cohesion painstakingly constructed after 1967 Kimmerling and Migdal unravel what went right and what went wrong in the Oslo peace process and what lessons we can draw about the forces that help to shape a people The authors present a balanced insightful and sobering look at the realities of creating peace in the Middle East
