Political Leadership In The Soviet Union:

Political Leadership in the Soviet Union Archie Brown, 1989-10-13 The central leadership of the Soviet political system in Moscow is analyzed by a group of Western political researchers The text covers the entire Soviet period from 1917 to the present day but special emphasis is placed on the post Stalin years and new developments of the 1980s Collective Leadership in Soviet Politics Graeme Gill, 2018-03-21 This book studies the way in which the top leadership in the Soviet Union changed over time from 1917 until the collapse of the country in 1991 Its principal focus is the tension between individual leadership and collective rule and it charts how this played out over the life of the regime The strategies used by the most prominent leader in each period Lenin Stalin Khrushchev Brezhnev and Gorbachev to acquire and retain power are counterposed to the strategies used by the other oligarchs to protect themselves and sustain their positions This is analyzed against the backdrop of the emergence of norms designed to structure oligarch politics The book will appeal to students and scholars interested in the fields of political leadership Soviet politics and Soviet history *Soviet Politics* Richard Sakwa, 2012-11-12 Soviet Politics in Perspective is a new edition of Richard Sakwa's successful textbook Soviet Politics an introduction Thoroughly revised and updated it builds on the previous editions comprehensive and accessible exploration of the Soviet system from its rise in 1919 to its collapse in 1991 The book is divided into five parts which focus on key aspects of Soviet politics They are historical perspectives beginning with the Tsarist regime on the eve of Revolution the rise and development of Stalinism through to the decline of the regime under Brezhnev and his successors and Gorbachev's attempts to revive the system institutions of Government such as the Communist Party security apparatus the military the justice system local government and participation theoretical approaches to Soviet politics including class and gender politics the role of ideology and the shift from dissent to pluralism key policy areas the command economy and reform nationality politics and foreign and defence policy an evaluation of Soviet rule and reasons for its collapse Providing key texts and bibliographies this book offers the complete history and politics of the Soviet period in a single volume It will be indispensable to students of Soviet and post Soviet politics as well as the interested general reader *Gorbachev and Yeltsin as Leaders* George W. Breslauer, 2002 Gorbachev and Yeltsin as Leaders also compares these men with Khrushchev and Brezhnev yielding new insight into the nature of Soviet and post Soviet politics and into the dynamics of transformational leadership more generally The book is an important contribution to the analysis and evaluation of political leadership It is well written and accessible to the nonspecialist Jacket *Global Political Leadership* Małgorzata Zachara-Szymańska, 2022-01-01 Global Political Leadership explores contemporary shifts in leadership and the related leadership crisis in the global world Globalization is now perceived as a threatening and hostile force with many of its advocates and political supporters turning away from it but its processes cannot be reversed New powers emerge old ones re emerge and uncertainty about the future global order is increasing This book tells the inside stories of global power games and asks important questions about the leadership crisis

in the western world The author provides an interpretative framework for contemporary shifts within the western political sphere based on the concept of global leadership This framework presents the nature of the transformation caused by global processes as part of which force and coercion have ceased to be the main *modus operandi* of the international realm The issue of global political leadership has often been neglected in international relations literature while being widely exploited by managerial and organizational studies However all social organizations have gone global within the last several decades they are more interconnected and more dependent on global processes so the question of effective leadership strategies matching these new realities is highly necessary even or especially at a time when globalization is no longer seen as a leading political programme This book will be of great interest to students and scholars of global affairs politics and international relations leadership and development and diplomatic studies The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

Russian Studies, Political Science, and the Philosophy of Technology Guoli Liu, Joanna Drzewieniecki, 2022-04-18 This volume presents state of the art creative scholarship in political science and area studies with an emphasis on Russia The contributors all well known in their specialties share the conviction that advancement in the social sciences can only be achieved through plural methodological approaches and interaction with various disciplines Their work in this collection provides critical analyses of key issues in Russian and post Soviet studies It explores the most fruitful ways of studying Russia with particular emphasis on the federal system politics in the era of Putin challenges of Russian foreign policy and Russian attitudes toward democracy The vagaries of democracy are also explored in articles on Georgia and Turkey Additionally this book examines the philosophy of technology with an emphasis on critical theory eco domination and engineering ethics

A

Psychoanalytic Study of Political Leadership in the United States and Russia Karyne E. Messina, 2024-05-20 A Psychoanalytic Study of Political Leadership in the United States and Russia Searching for Truth provides psychoanalytic insight into the motives of this complex and contradictory figure The contributors from different professional and academic backgrounds use a range of methods including quantitative research and literary analysis to shed light on Putin's background outlook and current actions Reflecting a range of perspectives on how Putin's background may have informed his beliefs and his actions particularly with respect to the invasion of Ukraine the book brings together diverse viewpoints A Psychoanalytic Study of Political Leadership in the United States and Russia will be of great interest to psychoanalysts and to readers seeking to understand the complex dynamics of populist leadership
