Mormon History Ronald Warren Walker, David J. Whittaker, James B. Allen, 2001 *Making Space on the Western Frontier* W. Paul Reeve, 2010-10-01 Until recently most scholarly work on Chinese music in both Chinese and Western languages has focused on genres musical structure and general history and concepts rather than on the musicians themselves This volume breaks new ground by focusing on individual musicians active in different amateur and professional music scenes in mainland China Hong Kong and Chinese communities in Europe Using biography to deepen understanding of Chinese music contributors present contextualized portraits of rural folk singers urban opera singers literati and musicians on both geographic and cultural frontiers Contributors are Nimrod Baranovitch Rachel Harris Frank Kouwenhoven Tong Soon Lee Peter Micic Helen Rees Antoinet Schimmelpenninck Shao Binsun Jonathan P J Stock and Bell Yung **Utah**

Historians and the Reconstruction of Western History Gary Topping, 2003 Among historians of Utah and the American West few names have greater resonance than Bernard DeVoto Dale Morgan Juanita Brooks Wallace Stegner and Fawn Brodie Each of these writers made enduring contributions not only to our knowledge of the American West but also to our view of the region and its history In many ways their writing set the standard for scholarship and interpretation and their influence is still felt today Yet they were not flawless As Gary Topping explains in this the first comprehensive appraisal of their work each had serious shortcomings DeVoto and Stegner master storytellers distorted their histories with excessive use of literary and artistic techniques Morgan the thorough researcher failed to see larger contexts and interpretive possibilities Brooks courageous in finding damning new information on the Mountain Meadows massacre stopped short of drawing conclusions that might alienate her from her fellow Mormons and Brodie psychobiographer extraordinaire nonetheless succumbed to reading too much into the lives of her subjects based on her own emotions and conflicts All five writers experienced Mormon Utah in the formative stages of their lives and whether they wanted to or not fashioned their work on the American West under that indelible influence Topping shows ultimately how despite weaknesses each created exemplary models of diligent research and narrative elegance while establishing new traditions in western historical scholarship **Quicksand and Cactus** Juanita Brooks, 1992 Juanita Brooks became one of the best known historians of Mormon and Utah history Her autobiography is a valuable source of information on early southern Utah and Mormon history *Mormonism in Transition* Thomas G. Alexander, 1996 [Mormon Women's History](#) Rachel Cope, Amy Easton-Flake, Keith A. Erikson, Lisa Olsen Tait, 2017-11-29 Mormon Women s History Beyond Biography demonstrates that the history and experience of Mormon women is central to the history of Mormonism and to histories of American religion politics and culture Yet the study of Mormon women has mostly been confined to biographies family histories and women s periodicals The contributors to

Mormon Women's History engage the vast breadth of sources left by Mormon women: journals, diaries, letters, family histories, and periodicals, as well as art, poetry, material culture, theological treatises, and genealogical records. To read between the lines, reconstruct connections, recover voices, reveal meanings, and recast stories, Mormon Women's History presents women as incredibly interconnected. Familial ties of kinship are multiplied and stretched through the practice and memory of polygamy; social ties of community are overlaid with ancestral ethnic connections and local congregational assignments; fictive ties are woven through shared interests and collective memories of violence and trauma. Conversion to a new faith community unites and exposes the differences among Native Americans, Yankees, and Scandinavians. Lived experiences of marriage, motherhood, death, mourning, and widowhood are played out within contexts of expulsion and exile, rape and violence, transnational immigration, establishing civilization in a wilderness, and missionizing both to new neighbors and far away peoples. Gender defines limits and opens opportunities for private expression, public discourse, and popular culture. Cultural prejudices collide with doctrinal imperatives against backdrops of changing social norms, emerging professional identities, and developing ritualization and sacralization of lived religion. The stories, experiences, and examples explored in Mormon Women's History are neither comprehensive nor conclusive but rather suggestive of the ways that Mormon women's history can move beyond individual lives to enhance and inform larger historical narratives.

Mormon Studies Ronald Helfrich, Jr., 2021-12-30

Mormonism arose in early 19th century New York and has fired the imaginations of its devotees, critics, and students ever since. Some intellectuals and academics read Mormonism as the product of economic change wrought by the Erie Canal in the Burned over District of western New York State and upper north eastern Ohio. Others read Mormonism as an authoritarian reaction to Jacksonian democracy. Finally, some including most of those who became Mormons in the early 19th century and most of those who are believing Mormons today read Mormonism as the intervention of God in human history. This book engages with Mormon Studies from its beginnings in the early nineteenth century to the end of the 20th century. It covers those who fought over Mormonism's truth or falsity, on those who tried to understand Mormonism as a religious and sociological phenomenon, and on those who explored the history of Mormonism from a more dispassionate perspective. It concludes with an exploration of the culture war that erupted as Mormon Studies professionalized, particularly after the 1960s.

Mormon Women Have Their Say Sherrie L. M. Gavin, Elizabeth J. Mott, Allison Keeney, Susan Woster, Pamela Lindsay Everson, Susan Robison, Lisa Thomas Clayton, Elisa Eastwood Pulido, Amy Hoyt, Taunalyn Ford Rutherford, David Golding, Anna Terry Rolapp, 2013-03-01. The Claremont Women's Oral History Project has collected hundreds of interviews with Mormon women of various ages, experiences, and levels of activity. These interviews record the experiences of these women in their homes and family life, their church life, and their work life in their roles as homemakers, students, missionaries, career women, single women, converts, and disaffected members. Their stories feed into and illuminate the broader narrative of LDS history and belief, filling in a large gap in Mormon history that has often neglected the lived experiences of women. This

project preserves and perpetuates their voices and memories allowing them to say share what has too often been left unspoken The silent majority speaks in these records This volume is the first to explore the riches of the collection in print A group of young scholars and others have used the interviews to better understand what Mormonism means to these women and what women mean for Mormonism They explore those interviews through the lenses of history doctrine mythology feminist theory personal experience and current events to help us understand what these women have to say about their own faith and lives *The A to Z of Mormonism* Davis Bitton, Thomas G.
