**Contemporary Culture** Lisa Woolfork, 2010-10-01 This study explores contemporary novels films performances and reenactments that depict American slavery and its traumatic effects by invoking a time travel paradigm to produce a representational strategy of bodily epistemology Disrupting the prevailing view of traumatic knowledge that claims that traumatic events are irretrievable and accessible only through oblique reference these novels and films circumvent the notion of indirect reference by depicting a replaying of the past forcing present day protagonists to witness and participate in traumatic histories that for them are neither dead nor past Lisa Woolfork cogently analyzes how these works deploy a representational strategy that challenges the divide between past and present imparting to their recreations of American slavery a physical and emotional energy to counter America's apathetic or amnesiac attitude about the trauma of the slave past

Kirkbride Gurney who met President Abraham Lincoln in 1862 Their subsequent epistolary exchanges concerning conscientious objectors made such an impression on him that one of her letters was rumored to be in his pocket the night of his assassination Their exchanges and Gurney's own accounts of her transnational ministry in her memoir provide useful examples of how throughout history women rhetors have adopted and transformed typically underappreciated forms of rhetoric such as the epideictic for their particular purposes The final example focuses on the Gee's Bend quiltmakers a group of African American women living in rural Alabama who repurpose discarded work clothes and other cast off fabrics into the extraordinary quilts for which they are known By drawing on the means and materials at hand to create celebrated works of art in conditions of extreme poverty these women show how marginalized artisans can operate both within and outside the bounds of established aesthetic traditions and communicate the particulars of their experience across cultural and economic divides

This study shows how fiction that makes use of textiles as an essential element utilizes synaesthetic writing and synaesthetic metaphor to create an affective link to and response in the reader These links and responses are examined using affect theory from Silvan Tomkins and Brian Massumi and work on synaesthesia by Richard Cytowic Lawrence Marks and V S Ramachandran among others Synaesthetic writing including synaesthetic metaphors has been explored in poetry since the 1920s and more recently in fiction but these studies have been general in nature By narrowing the field of investigation to those novels that specifically employ three types of hand crafted textiles quilt making knitting and embroidery the book isolates how these textiles are used in fiction The combination of synaesthesia memory metaphor and particularly synaesthetic metaphor in fiction with textiles in the text of the case studies selected shows how these are used to create affect in readers enhancing their engagement in the story The work is framed within the context of the history of textile production and the use of textiles in fiction internationally but concentrates on Australian authors who have used textiles in their writing The decision to focus on Australian authors was taken in light of the quality and depth of the writing of textile fiction produced in Australia between 1980 and 2005 in the three categories of hand crafted textiles quilt making knitting and embroidery The texts chosen for intensive study are Kate Grenville s *The Idea of Perfection* 1999 quilting Marele Day s *Lambs of God* 1997 knitting and Anne Bartlett s *Knitting* 2005 knitting Jessica Anderson s *Tirra Lirra by the River* 1978 embroidery and Marion Halligan s *Spider Cup* 1990 embroidery      **Local/Global** Janice Helland,2017-07-05

M. Montgomery,1997-08-28

Since its publication in 1908 *Anne of Green Gables* has been a continuous international best seller enjoying successful television adaptations on PBS and The Disney Channel and captivating children and adults alike with the irresistible charms

of its remarkable heroine Anne Shirley This wildly imaginative red headed chatterbox tries to fit into the narrow confines of Victorian expectations but her exuberant spirit keeps leaping delightfully beyond the bounds Indeed when Maud Montgomery decided to reject the sermonizing formulas of the children s books of her day she brought to life a character much closer to Jane Eyre David Copperfield and Tom Sawyer also orphans like Anne than to the self sacrificing conformist heroines then in demand In doing so Montgomery subtly questioned the values of her society the stifling restraints of its religion and most especially its treatment of women while giving readers all the pleasures of her considerable story telling gifts Now in this first fully annotated edition of Anne of Green Gables readers will appreciate more clearly than ever before the scope and depth of this extraordinary novel Editors Margaret Anne Doody Mary Doody Jones and Wendy Barry provide a richly illustrated completely revised text along with hundreds of notes describing the real life characters and settings Anne encounters the autobiographical connections between Anne and Maud Montgomery and the book s astonishing range of literary biblical and mythological references Additional essays offer fascinating background information on such topics as the geography and settlement of Prince Edward Island where Anne takes place the education orphanages music and literature of Anne s time and the horticulture homemade artifacts and food preparation that are so prevalent in the story Margaret Anne Doody supplies a comprehensive introduction which situates the novel in its literary and social contexts explores those aspects of Montgomery s life most relevant to the story examines revisions in the manuscripts and provides an overall sense of both the impulses that drove Montgomery to write Anne of Green Gables and the larger concerns it dramatizes so compellingly This edition also contains a chronology of Montgomery s life an extensive bibliography songs and poems that appear in the text and a selection of original reviews of the book This wealth of material enables readers to grasp the marvelous multi layeredness of the novel and to understand more fully its place in both its own time and in ours Elegantly and beautifully designed with generous illustrations from previous editions photographs of the places the novel inhabits and explanatory drawings that reproduce the texture of Anne s world The Annotated Anne of Green Gables is a major event in the publishing history of one of the world s most charming stories

Fray Julia Bryan-Wilson,2021-02 In 1974 women in a feminist consciousness raising group in Eugene Oregon formed a mock organization called the Ladies Sewing Circle and Terrorist Society Emblazoning its logo onto t shirts the group wryly envisioned female collective textile making as a practice that could upend conventions threaten state structures and wreak political havoc Elaborating on this example as a prehistory to the more recent phenomenon of craftivism the politics and social practices associated with handmaking Fray explores textiles and their role at the forefront of debates about process materiality gender and race in times of economic upheaval Closely examining how amateurs and fine artists in the United States and Chile turned to sewing braiding knotting and quilting amid the rise of global manufacturing Julia Bryan Wilson argues that textiles unravel the high low divide and urges us to think flexibly about what the politics of textiles might be Her case studies from the 1970s through the 1990s including

the improvised costumes of the theater troupe the Cockettes the braided rag rugs of US artist Harmony Hammond the thread based sculptures of Chilean artist Cecilia Vicuña the small hand sewn tapestries depicting Pinochet's torture and the NAMES Project AIDS Memorial Quilt are often taken as evidence of the inherently progressive nature of handcrafted textiles Fray however shows that such methods are recruited to often ambivalent ends leaving textiles very much in the fray of debates about feminized labor protest cultures and queer identities the malleability of cloth and fiber means that textiles can be activated or stretched in many ideological directions The first contemporary art history book to discuss both fine art and amateur registers of handmaking at such an expansive scale Fray unveils crucial insights into how textiles inhabit the broad space between artistic and political poles high and low untrained and highly skilled conformist and disobedient craft and art

**Reclaiming Community in Contemporary African American Fiction** Philip Page, 2011-08-19 As a reaction against persistent black exclusion from white American society the novels of recent African American writers boldly celebrate the heritage of black culture They acclaim a people once dispersed by racism and humiliation but now restoring its legacy of rich community life For close examination of this theme Philip Page brings together five novelists who are in the forefront of contemporary fiction and shows how their voices combine for an ongoing dialogue on the importance of community to the African American world Gaining its special force through addressing national concerns and through never backing away from the truth in the face of stubborn opposition the fiction of Gaines Naylor Johnson Cade Bambara and Wideman contributes to postmodernist debates on race the repressed past and the contemporary American conscience

**Stranded in the Present** Peter Fritzsche, 2010-04-10 In this inventive book Peter Fritzsche explores how Europeans and Americans saw themselves in the drama of history how they took possession of a past thought to be slipping away and how they generated countless stories about the sorrowful eventful paths they chose to follow In the aftermath of the French Revolution contemporaries saw themselves as occupants of an utterly new period Increasingly disconnected from an irretrievable past worried about an unknown and dangerous future they described themselves as indisputably modern To be cast in the new time of the nineteenth century was to recognize the weird shapes of historical change to see landscapes scattered with ruins and to mourn the remains of a bygone era Tracing the scars of history writers and painters revolutionaries and exiles soldiers and widows and ordinary home dwellers took a passionate even flamboyant interest in the past They argued politics wrote diaries devoured memoirs and collected antiques all the time charting their private paths against the tremors of public life These nostalgic histories take place on battlefields trampled by Napoleon along bucolic English hedges against the fairytale silhouettes of the Grimms beloved Germany and in the newly constructed parlors of America's western territories This eloquent book takes a surprising completely original look at the modern age our possessions our heritage and our newly considered selves

**Queering the Subversive Stitch** Joseph McBrinn, 2021-04-08 The history of men's needlework has long been considered a taboo subject This is the first book ever published to document and critically interrogate a range of

needlework made by men It reveals that since medieval times men have threaded their own needles stitched and knitted woven lace handmade clothes as well as other kinds of textiles and generally delighted in the pleasures and possibilities offered by all sorts of needlework Only since the dawn of the modern age in the eighteenth and the nineteenth centuries did needlework become closely aligned with new ideologies of the feminine Since then men s needlework has been read not just as feminising but as queer In this groundbreaking study Joseph McBrinn argues that needlework by male artists as well as anonymous tailors sailors soldiers convalescents paupers prisoners hobbyists and a multitude of other men and boys deserves to be looked at again Drawing on a wealth of examples of men s needlework as well as visual representations of the male needleworker in museum collections from artist s papers and archives in forgotten magazines and specialist publications popular novels and children s literature and even in the history of photography film and television he surveys and analyses many of the instances in which needlemen have contested resisted and subverted the constrictive ideals of modern masculinity This audacious original carefully researched and often amusing study demonstrates the significance of needlework by men in understanding their feelings agency identity and history
