Tobin, Raymond G. Dobard, 2011-05-25 The fascinating story of a friendship a lost

tradition and an incredible discovery revealing how enslaved men and women made encoded quilts and then used them to navigate their escape on the Underground Railroad In Hidden in Plain View historian Jacqueline Tobin and scholar Raymond Dobard offer the first proof that certain quilt patterns including a prominent one called the Charleston Code were in fact essential tools for escape along the Underground Railroad In 1993 historian Jacqueline Tobin met African American quilter Ozella Williams amid piles of beautiful handmade quilts in the Old Market Building of Charleston South Carolina With the admonition to write this down Williams began to describe how slaves made coded quilts and used them to navigate their escape on the Underground Railroad But just as quickly as she started Williams stopped informing Tobin that she would learn the rest when she was ready During the three years it took for Williams s narrative to unfold and as the friendship and trust between the two women grew Tobin enlisted Raymond Dobard Ph D an art history professor and well known African American quilter to help unravel the mystery Part adventure and part history Hidden in Plain View traces the origin of the Charleston Code from Africa to the Carolinas from the low country island Gullah peoples to free blacks living in the cities of the North and shows how three people from completely different backgrounds pieced together one amazing American story With a new afterword Illustrations and photographs throughout including a full color photo insert *The Quilt in the Short Story "Everyday Use" by Alice Walker as a Symbol for the Appreciation of the Heritage of African-American People* Nina Schütze, 2018-08-27 Essay from the year 2017 in the subject English Language and Literature Studies Literature grade Bielefeld University Fakultät für Linguistik und Literaturwissenschaft language English abstract This essay deals with the short story Everyday Use by Alice Walker which was first published in 1973 as a part of the short story collection In Love and Trouble The short story contains many symbols one of them a handmade quilt which the two sisters Maggie and Dee or Wangero as she calls herself both want to have but for different reasons In this essay I am going to show that the handmade quilt as a family heritage both symbolises the appreciation of the history of the family and the history of the African American people I will also argue that the two sisters who both want to have the quilt represent different ideas of how to appreciate the family s heritage and their origin While Maggie sees the quilt as an everyday object and wants to maintain the traditions Dee wants to keep it as a piece of art to depict it as an artefact of a past life which is no longer reality for her and the African American people
