77 Written reasons to stop looking at models who do video chat online C BORŞE ,2024-02-11 This book refers to the convictions of people convinced not to give up what they think is worth spending money on video chat models due to the desire for mental and physical satisfaction Those looking for video chat models do not know that they do not understand the unconsciousness of their mind which is full of fantasy and visual illusion The book s meaning is to show what he feels about through his thinking which is often anonymous in the minds of many people which leads and ends up entering step by step or instantly on a video chat site The term unknown is due to his beliefs because the desire to enter the video chat immediately appears in a person s mind and he does not ask himself why he has been doing that for a long time Even if he has an answer to this type of question he can t stop looking at the models doing video chat This booklet is written about the impulse habit and addiction formed due to the desire for instant gratification that comes to a man to enter a video chat site I wrote about the satisfaction that does not end in that person when he is in power during life for example in youth or years when he builds something in his life and has the power to do many things His unconscious dependence makes it harder for him in life or later to succumb mentally and physically This is not about the Matrix or artificial intelligence it s about everyone in their way how they understand and feel looking at a video chat site According to his beliefs what he chooses and how he behaves often causes him to do things he no longer wants and he cannot control himself and becomes frustrated Further if you want to know more about the reasons behind the desire to enter video chat it is written in the book s content about what can happen to the minds and bodies of people who spend their time on adult sites with models who do video chat Thanks to whom erotic video chat became an industry and why there are millions of users And what can be done if he wants to understand to give up to adult sites to stop looking at models who do video chat Suppose you are an adult and enter video chat In that case almost no one can prevent you from entering a video chat site but beware that this behaviour leads to addiction and possible severe depression in the future Don t be seduced by Tricky Kitties doing a video chat just for money Thank you
