Ouiver Javid Akhtar.2001 Ghazals 1-59 and Other Poems Sheila E. Murphy, Michelle Greenblatt, 2017-04-01 Including the complete collaborative poems of Sheila E Murphy and the late Michelle Greenblatt three free verse poems and 59 American ghazals With a Foreword by Vincent A Cellucci **Quiver** Susan B. A. Somers-Willett, 2009 At the crossroads of science mathematics and art lives Quiver a stunning collection of poems that seeks to reconcile the empirical truths of science with the emotional truths of human experience Through an ambitious set of poetic series and sequences Somers Willett reinvents the love poem rendering an exquisite world where the graph of a mathematical equation can become the image of love's witness running with its arms open all the way home With a deft meditative sense of music Quiver reveals a relationship between science and human sentiment that is as surprising as it is profound The Idea of Justice Amartya Sen, 2011-05-31 More than a matter of intellectual discourse the idea of justice plays a real role in how and how well people live Here Amartya Sen offers a powerful critique of the theory of social justice that in its grip on social and political thinking The 1970s and its Legacies in India's Cinemas Priya Joshi, Rajinder has long left practical realities far behind Dudrah, 2016-05-06 The 1970s was a pivotal decade in the Indian social cultural political and economic landscape the global oil crisis wars with China and Pakistan in the previous decade the Bangladesh war of 1971 labour and food shortages widespread political corruption and the declaration of the state of Emergency Amidst this backdrop Indian cinema in both its popular and art parallel film forms flourished This exciting new collection brings together original research from across the arts and humanities disciplines that examine the legacies of the 1970s in India's cinemas offering an invaluable insight into this important period The authors argue that the historical processes underway in the 1970s are important even today and can be deciphered in the aural and visual medium of Indian cinema. The book explores two central themes first the popular cinema's role in helping to construct the decade's public culture and second the powerful and under studied archive of the decade as present in India's popular cinemas This book is based on a special issue of South Asian Popular Culture The Palgrave Handbook of Literature and the City Jeremy Tambling, 2017-02-17 This book is about the impact of literature upon cities world wide and cities upon literature It examines why the city matters so much to contemporary critical theory and why it has inspired so many forms of writing which have attempted to deal with its challenges to think about it and to represent it Gathering together 40 contributors who look at different modes of writing and film making in throughout the world this handbook asks how the modern city has engendered so much theoretical consideration and looks at cities and their literature from China to Peru from New York to Paris from London to Kinshasa It looks at some of the ways in which modern cities whether capitals shanty towns industrial or rust belt have forced themselves on people s ways of thinking and writing
