With full color illustrations. **New York Women of Wit in the Twentieth Century** Sabrina Fuchs Abrams, 2023-12-05 Seen as too smart, too sassy, too sexy, and too strident, female humorists have been resisted and overlooked. *New York Women of Wit in the Twentieth Century* corrects this tendency, focusing on the foremothers of women's humor in modern America who used satire, irony, and wit as indirect forms of social protest. This book focuses on the women who stood on the periphery of predominantly male New York intellectual circles in the twentieth century. Sabrina Fuchs Abrams argues that the advent of modernism, the women's suffrage movement, the emergence of the New Woman, and the New Negro Woman, and the growth of urban centers in the 1920s and 30s gave rise to a new voice of women's humor, one that was at once defiant and conflicted in defining female identity and the underlying assumptions about gender roles in American society. Her study gives special attention to the contributions of the satirists Edna St. Vincent Millay (pseudonym), Nancy Boyd, Tess Slesinger, Dorothy Parker, Jessie Redmon Fauset, Dawn Powell, and Mary McCarthy. Grounded in theories of

humor feminist and critical race theory and urban studies this book will find an audience among scholars and students interested in women writers feminist humor modern American literature and African American studies Quotable Women of the Twentieth Century Hearst Magazines For Women, Tracy Quinn, 1999-03-17 Women are in places that a hundred years ago would have been impossible dreams they are heads of countries Supreme Court justices astronauts and major forces in the entertainment industry The voices of women are more than just being heard now they are being heeded This is what Quotable Women of the Twentieth Century is about the incredible wisdom and insight of women in America and around the world who are shaping our planet's destiny In her foreword Cathleen Black president of Hearst Magazines describes why now is the time for this wonderful collection of wise and witty quotations from extraordinary women Here you'll find clever quips and intelligent insights on subjects including aging ambition beauty marriage patriotism work and more Humanitarians like Eleanor Roosevelt Mother Teresa and Princess Diana are featured as well as scientists and scholars like Marie Curie and Margaret Mead Artists writers and actresses such as Grandma Moses Anaïs Nin and Bette Davis weigh in with quotable comments If you're looking for just the right remark or need inspiration advice or even a bit of a laugh these are the women to turn to After all as Mary Pettibone Poole said in 1938 The next best thing to being clever is being able to quote someone who is **Notable American Women** Barbara Sicherman, Carol Hurd Green, 1980 Modeled on the Dictionary of American Biography this set stands alone but is a good complement to that set which contained only 700 women of 15 000 entries The preparation of the first set of Notable American Women was supported by Radcliffe College It includes women from 1607 to those who died before the end of 1950 only 5 women included were born after 1900 Arranged throughout the volumes alphabetically entries are from 400 to 7 000 words and have bibliographies There is a good introductory essay and a classified list of entries in volume three Violence Against Women in Kentucky Carol E.
