Fickle Peter Manus,2017-01-17 This dark twisting work of digital age noir is a riveting mystery An incredibly daring novel and a complete success Booklist starred review On a winter night in Boston a man falls to his death in front of a train The sole witness a shaken young woman explains to the police how the man shoved her aside as he made his way to the tracks But when her blog turns up on the dead man s computer the cops begin to look for other connections between them This dark and intricate tale of obsession and deception is told in the form of a blog written by an elusive narrator known only by her online name l g fickel Deep into the night every night Fickel posts about Mr Suicide and the ensuing police investigation She is joined in her blog chats by a loyal group of commenters Is Fickel s tale that of an innocent woman frantically trying to figure out how her online activity has enmeshed her in a murder case or is she a manipulator playing an elaborate game as she grinds out her revenge on those she feels have betrayed her Noir fans should enjoy the twists and turns that echo such genre classics such as Double Indemnity and The Asphalt Jungle Publishers Weekly *Original Sin* S. C. Lang,2009-08 In the action packed thriller Original Sin a powerful and secret society of religious zealots have one mission to cleanse the world of impurity The group hires a female assassin to seek out and viciously purify adulterous married men Brandy s hunting ground is none other than an adult online chat room Brandy has no patience for the liars and cheaters who sin as adulterers After the men display their true intentions in the chat room with her she realizes they are deserving of everything she is going to do to them When Brandy s first victim is found in a ramshackle motel room filleted by a butcher knife with the word sinner crudely written in blood on his forehead newly promoted Chicago police detective Dallas Holden is called in to supervise the homicide investigation As the case progresses Dallas enters the fascinating and highly seductive realm of online chatting in order to find the killer Danger mounts as Holden finds himself entangled in an intricate web of love betrayal and power that inevitably leads to a confrontation with a trusted ally and the leader of the secret religious

society a showdown that will change Dallas Holden's life forever **Honeytrap** Crystal Green, 2015-02-17 Have you ever had a boyfriend cheat on you Did you call him out on it even if he's the hometown hero I did and managed to get my heart broken in the process Now back home in Aidan Falls for the summer all I want to do is keep my head down until next semester starts a hard prospect when my ex his ex and the whole damn town can't seem to let go of the past And that's not even mentioning Micah Wyatt the ludicrously hot new guy who seems to know all about my past and he isn't shy about wanting to trap me in a bet he's made to get the town pariah aka me under the sheets I know Micah is bad news but that doesn't make him any easier to resist After all I've had a taste of bad before and I'm not sure I want to go back to being the good girl Includes a preview of the second Aidan Falls novel Praise for the Novels of Crystal Green Green's Texas romance is full of humor including catchy kitschy quotes and it keeps the pages turning and the love story fresh sweet and funny RT Book Reviews 4 stars Top Pick Crystal Green is a RITA nominated romantic fiction author As Chris Marie Green she has written fantasy novels including the Vampire Babylon series and the Jensen Murphy Ghost for Hire series as well as the upcoming new adult SHE CODE books As Christine Cody she wrote the supernatural post apocalyptic western Bloodlands series **Chat Freak** Terry Brown, 2000-09-05 Meet Morgan Morgan Cross is out of line online Always caring and helpful Morgan hits every site that claims to stop hunger and house the poor Not only does she neglect her home responsibilities and her Today's Girls.com cyberpals Morgan becomes increasingly sad over all the world's injustices Her friends try to show her Christ is the only one to carry all the world's burdens she's just required to do her part Morgan finds power and strength in Jesus love and decides He is the God worth committing to and follow **Hybrid Approaches to Machine Translation** Marta R.

Costa-jussà, Reinhard Rapp, Patrik Lambert, Kurt Eberle, Rafael E. Banchs, Bogdan Babych, 2016-07-12 This volume provides an overview of the field of Hybrid Machine Translation MT and presents some of the latest research conducted by linguists and practitioners from different multidisciplinary areas Nowadays most important developments in MT are achieved by combining data driven and rule based techniques These combinations typically involve hybridization of different traditional paradigms such as the introduction of linguistic knowledge into statistical approaches to MT the incorporation of data driven components into rule based approaches or statistical and rule based pre and post processing for both types of MT architectures The book is of interest primarily to MT specialists but also in the wider fields of Computational Linguistics Machine Learning and Data Mining to translators and managers of translation companies and departments who are interested in recent developments concerning automated translation tools **Digital Model for Simulating Steady-state Ground-water and Heat Flow** J. E. Reed, 1985 **Evaluation of Electrochemical Impedance Techniques for Detecting Corrosion on Rebar in Reinforced Concrete**, 1991 **Radically Real** David C Weiss, 2002-07-20 As Christians how do we know for sure we're walking the talk living the example being the salt and light we're commanded to be in the Bible Do nonbelievers see the joy and authenticity in our lives Radically Real is a wakeup call to believers to look at

the way we live our lives and to return to biblical Christianity To be Fishers of Men we must leave judgment on the doorstep Instead of following legalistic rules we re charged by Jesus to reach out to those around us about our faith and meet them where they are just like our Lord did Radically Real reminds believers of the high price our Savior paid for us out of His great love gives guidance in keeping our swords sharp by staying in the Word and being the fire that burns brightly with the light of Christ in a dark world in need of the Gospel s message Christianity isn t a cold lifeless ruthless set of rules that believers must endure in order to get to Heaven To be a child of God is to have access to a vibrant exciting and fulfilling life if only we leave the middle of the road and make the choice to stand with our transforming Lord *Water-resources Investigations Report* ,1985

Handbook of Floating-Point Arithmetic Jean-Michel Muller,Nicolas Brunie,Florent de Dinechin,Claude-Pierre Jeannerod,Mioara Joldes,Vincent Lefèvre,Guillaume Melquiond,Nathalie Revol,Serge Torres,2018-05-02 Floating point arithmetic is the most widely used way of implementing real number arithmetic on modern computers However making such an arithmetic reliable and portable yet fast is a very difficult task As a result floating point arithmetic is far from being exploited to its full potential This handbook aims to provide a complete overview of modern floating point arithmetic So that the techniques presented can be put directly into practice in actual coding or design they are illustrated whenever possible by a corresponding program The handbook is designed for programmers of numerical applications compiler designers programmers of floating point algorithms designers of arithmetic operators and more generally students and researchers in numerical analysis who wish to better understand a tool used in their daily work and research

Variational Methods For Strongly Indefinite Problems Yanheng Ding,2007-07-30 This unique book focuses on critical point theory for strongly indefinite functionals in order to deal with nonlinear variational problems in areas such as physics mechanics and economics With the original ingredients of Lipschitz partitions of unity of gage spaces nonmetrizable spaces Lipschitz normality and sufficient conditions for the normality as well as existence uniqueness of flow of ODE on gage spaces the book presents for the first time a deformation theory in locally convex topological vector spaces It also offers satisfying variational settings for homoclinic type solutions to Hamiltonian systems Schr dinger equations Dirac equations

and diffusion systems and describes recent developments in studying these problems. The concepts and methods used open up new topics worthy of in depth exploration and link the subject with other branches of mathematics such as topology and geometry providing a perspective for further studies in these areas. The analytical framework can be used to handle more infinite dimensional Hamiltonian systems.
