Comparative Hermeneutics of Rabbinic Judaism, The, Volume One Jacob Neusner, 2000 Systematic account of the

hermeneutics of comparison and contrast of Rabbinic Judaism **In the Aftermath of Catastrophe** Jacob Neusner, 2009 In this title Jacob Neusner continues his project of making clear the importance of the first six centuries of the Common Era in the history of Judaism The Hermeneutics of the Rabbinic Category-formations Jacob Neusner, 2001 This work sets forth a theory of how Rabbinic Halakhic category formations are articulated One can now reconstruct the processes of thought that yield for the Halakhic category formations the hermeneutics that govern the selection of data for a given category formation and determines how those data are to be interpreted Not only so but that theory encompasses three quite distinct sources for the definition and articulation of a given category formation Scripture a hermeneutics generic to all Halakhic category formations and a hermeneutics particular to the category formation at hand Presented in the shank of this book are sample studies that show how the distinction between generic and particular hermeneutics for a Halakhic category formation accounts for the character of the Halakhah as spelled out by the Mishnah Tosefta Yerushalmi Bavli which is to say the Halakhah in its initial and normative statement *Contours of Coherence in Rabbinic Judaism* Jacob Neusner, 2023-01-30 This book shows that the disputes that characterize Rabbinic writings in the formative age underscore the coherence of Rabbinic Judaism It is in three separate monographs The first shows that disagreements concern secondary and tertiary issues They therefore reinforce the primary norm by identifying as moot only trivial details The second demonstrates alternatively that Halakhic disputes articulate unresolved conflict over generative principles Sometimes in the presentation of topics of the law disputes not only indicate the range of consensus but bring to expression conflicting alternatives theories that claim equal validity but contradict one another Third in some presentations of the law and in all presentations of theology where disputes occur disputes simply gloss details in the application of accepted principles They form a part of the exercise of legal or theological exegesis filling in gaps with alternative facts The print edition is available as a set of two volumes 9789004142312
