Mother-Texts Julie Kelso, Marie Porter, 2010-07-12 Every day human beings tell and are told stories sometimes in obvious ways sometimes not Most of our communication with each other direct or indirect involves narrative production and reception Narrative is constitutive of human being However whose narratives are heard Feminists argue that the relations between language knowledge gender and power particularly the question as to whether man made and controlled language is a material fit to receive and convey woman s stories are critical issues because historically patriarchy has worked to silence women s dialogue Male knowledge unsurprisingly created and continues to create unrepresentative maternal narratives which lead to unreal expectations of mothers and motherwork It is therefore disconcertingly significant for mothers that neither mothers nor their motherwork have been considered worthy of historical record nor are historical records usually written from a mother s perspective Hence the narrative research in this book which gives recognition to motherhood mothers and or the work they do is valuable It adds to the rapidly accumulating maternal research research that is now available for the historical record Mothers are speaking up developing a canon of literature research narrated in maternal language and claiming maternal knowledge and power

The Autofictional Alexandra Effe, Hannie Lawlor, 2022-01-03 This open access book offers innovative and wide ranging responses to the continuously flourishing literary phenomenon of autofiction The book shows the insights that are gained in the shift from the genre descriptor to the adjective and from a broad application of the autofictional as a theoretical lens and aesthetic strategy In three sections on Approaches Affordances and Forms the volume proposes new theoretical approaches for the study of autofiction and the autofictional offers fresh perspectives on many of the prominent authors in the discussion draws them into a dialogue with autofictional practice from across the globe and brings into view texts forms and media that have not traditionally been considered for their autofictional dimensions The book in sum expands the parameters of research on autofiction to date to allow new voices and viewpoints to emerge

this book will be a revelation to its readers **The End of Transgression in Japanese Women's Writing** David S. Holloway, 2024-12-31 This book argues for a new articulation of the ways in which transgression is theorized in contemporary literature by Japanese women Exploring the rhetorical and discursive mechanics of literary bad girls from fiction produced during the millennial turn 1990 2010 the book contends that women writers today deploy truant unruly restless and aggressive female protagonists not to challenge the status quo but rather to reaffirm it While Japanese women's fiction has long been invested in cultivating an uncomfortable politics of opposition through unladylike themes such as sex sexuality and violence the book argues that today authors turn to such acts of defiance to quietly advocate for the primacy of Japanese social order Showing how transgression has not only lost its political and disruptive valence in contemporary women's fiction this book further reveals how discourses of dissent can be retooled to promote a conservative worldview A fascinating literary analysis which reads Japanese literature in relation to the receding value of rebellion today this book will be of huge interest to students and scholars of Japanese literature gender and cultural studies The Mountain is Moving Patricia Morley, 1999 In Imperial times in Japan women were subservient inferiors in theory they were liberated by the democratic constitution imposed by the US after World War II but in real life Japan change is glacially slow Here that slow changing reality is juxtaposed with the fast moving aspirations of Japanese women The author achieves this through wide ranging interviews with Japanese women and by using a range of contemporary Japanese literature *The Postwar Developments of Japanese Studies in the United States* Helen Hardacre, 1998 This volume of twelve essays with useful bibliographies in the fields of history art religion literature anthropology political science and law documents the history of United States scholarship on Japan since 1945 The Columbia Companion to Modern East Asian Literature Joshua S. Mostow, 2003-07-10 This extraordinary one volume guide to the modern literatures of China Japan and Korea is the definitive reference work on the subject in the English language With more than one hundred articles that show how a host of authors and literary movements have contributed to the general literary development of their respective countries this companion is an essential starting point for the study of East Asian literatures Comprehensive thematic essays introduce each geographical section with historical overviews and surveys of persistent themes in the literature examined including nationalism gender family relations and sexuality Following the thematic essays are the individual entries over forty for China over fifty for Japan and almost thirty for Korea featuring everything from detailed analyses of the works of Tanizaki Jun ichiro and Murakami Haruki to far ranging explorations of avant garde fiction in China and postwar novels in Korea Arrayed chronologically each entry is self contained though extensive cross referencing affords readers the opportunity to gain a more synoptic view of the work author or movement The unrivaled opportunities for comparative analysis alone make this unique companion an indispensable reference for anyone interested in the burgeoning field of Asian literature Although the literatures of China Japan and Korea are each allotted separate sections the editors constantly kept an eye open to those writers works and

movements that transcend national boundaries This includes for example Chinese authors who lived and wrote in Japan Japanese authors who wrote in classical Chinese and Korean authors who write in Japanese whether under the colonial occupation or because they are resident in Japan The waves of modernization can be seen as reaching each of these countries in a staggered fashion with eddies and back flows between them then complicating the picture further This volume provides a vivid sense of this dynamic interplay

Lost Leaves Rebecca L. Copeland, 2000-06-01 Most Japanese literary historians have suggested that the Meiji Period 1868-1912 was devoid of women writers but for the brilliant exception of Higuchi Ichiyo 1872-1896 Rebecca Copeland challenges this claim by examining in detail the lives and literary careers of three of Ichiyo's peers each representative of the diversity and ingenuity of the period Miyake Kaho 1868-1944 Wakamatsu Shizuko 1864-1896 and Shimizu Shikin 1868-1933 In a carefully researched introduction Copeland establishes the context for the development of female literary expression She follows this with chapters on each of the women under consideration Miyake Kaho often regarded as the first woman writer of modern Japan offers readers a vision of the female vitality that is often overlooked when discussing the Meiji era Wakamatsu Shizuko the most prominent female translator of her time had a direct impact on the development of a modern written language for Japanese prose fiction Shimizu Shikin reminds readers of the struggle women endured in their efforts to balance their creative interests with their social roles Interspersed throughout are excerpts from works under discussion most never before translated offering an invaluable window into this forgotten world of women's writing

Historical Dictionary of Modern Japanese Literature and Theater J. Scott Miller, 2021-06-05 With the Meiji Restoration in 1868 Japan opened its doors to the West and underwent remarkable changes as it sought to become a modern nation

Accompanying the political changes that Western trade ushered in were widespread social and cultural changes. Newspapers, novels, poems, and plays from the Western world were soon adapted and translated into Japanese. The combination of the rich storytelling tradition of Japan with the realism and modernism of the West produced some of the greatest literature of the modern age. *Historical Dictionary of Modern Japanese Literature and Theater* Second Edition contains a chronology, an introduction, and an extensive bibliography. The dictionary section has more than 500 cross-referenced entries, authors, literary and historical developments, trends, genres, and concepts that played a central role in the evolution of modern Japanese literature.

A Long Rainy Season Leza Lowitz, Miyuki Aoyama, Akemi Tomioka, 1998-07-01 Winner of the 1995 Benjamin Franklin Award, this is a landmark anthology of traditional short verse. In haiku and tanka, fifteen Japanese women poets reveal universal female themes through the lens of a challenging spiritual and physical Japanese environment.

Be a Woman Joan E. Ericson, 1997-09-01 Joan Ericson's magnificent survey of writing by Japanese women significantly advances the current debate over the literary category of women's literature in modern Japan and demonstrates its significance in the life and work of twentieth-century Japan's most important woman writer, Hayashi Fumiko (1903-1951). Until the early 1980s, the literary category of women's literature (*joryu bungaku*) segregated most writing by modern Japanese women from the literary canon. Women's literature was viewed as a sentimental and impressionistic literary style that was popular but was critically disparaged. A close scrutiny of Hayashi Fumiko's work, in particular the two pieces masterfully translated here—the immensely popular novel *Horoki* and *Diary of a Vagabond*—and Suisen *Narcissus* shows the inadequacies of categorizing her writing as women's literature. Its originality and power are rooted in the clarity and immediacy with which Hayashi is able to convey the humanity of those occupying the underside of Japanese society, especially women.

Indian Summer Mieko Kanai, 2012-09-30 *Indian Summer* (*Koharu biyori*) is the title of a relatively short novel by Kanai Mieko (b. 1947), recognized by critics both inside and outside Japan as one of the most important Japanese writers of recent decades. The work brilliantly demonstrates Kanai's light-hearted wit in addition to her penchant for biting commentary on conservative elements in Japanese society. Kanai is also an acclaimed essayist, film critic, literary critic, and poet and has produced a steady output of high-quality material since making her literary debut in her teens.
