**Lessons from the Black Working Class** Lori Latrice

Martin,Hayward Derrick Horton,Teresa A. Booker,2015-10-21 This book enables readers to better understand explain and predict the future of the nation s overall economic health through its examination of the black working class especially the experiences of black women and black working class residents outside of urban areas How have the experiences of black working class women and men residing in urban suburban and rural settings impacted U S labor relations and the broader American society This book asserts that a comprehensive and critical examination of the black working class can be used to forecast whether economic troubles are on the horizon It documents how the increasing incidence of attacks on unions the dwindling availability of working class jobs and the clamoring by the working class for a minimum wage hike is proof that the atmospheric pressure in America is rising and that efforts to prepare for the approaching financial storm require attention to the individuals and households who are often overlooked the black working class Presenting information of great importance to sociologists political scientists and economists the authors of this work explore the impact of the recent Great Recession on working class African Americans and argue that the intersections of race and class for this particular group uncover the state of equity and justice in America This book will also be of interest to public policymakers as well as students in graduate level courses in the areas of African American studies American society and labor labor relations labor and the Civil Rights Movement and studies on race class and gender

**Theory of Racelessness** Sheena Michele Mason,2022-05-27 This book

presents a skeptical eliminativist philosophy of race and the theory of racelessness a methodological and pedagogical framework for analyzing race and racism It explores the history of skeptical eliminativism and constructionist eliminativism within the history of African American philosophy and literary studies and its consistent connection with movements for civil rights Sheena M Mason considers how current anti racist efforts reflect naturalist conservationist and constructionist reconstructionist philosophies of race that prevent more people from fully confronting the problem of racism not race thereby

enabling racism to persist She then offers a three part solution for how scholars and people aspiring toward anti racism can avoid unintentionally upholding racism using literary studies as a case study to show how race often translates into racism itself The theory of racelessness helps more people undo racism by undoing the belief in race

**Racism and Anti-Racism in Probation** David Denney,2004-01-14 Racism and Anti Racism in Probation analyses the complex processes by which black people are treated differentially by the probation service Drawing on detailed ethnographic material David Denney shows how conventions used by probation officers can discriminate against black people He considers the implications of recent changes in penal policy on the development of probation work and considers how future developments may lead to an anti racist form of probation practice

**The Baptist Home Mission Monthly** ,1897 *Credit to the Community* Dan Immergluck,2016-07-08 This book provides the most comprehensive examination of community reinvestment and fair lending problems and policies currently available It outlines the history of lending discrimination and redlining in U S mortgage and small business lending markets and documents the persistence of such problems today The author explains the role that government has played in developing banking and credit markets in the United States from the creation of Alexander Hamilton s First Bank of the United States to the ongoing support government provides through the subsidization of secondary markets and through maintenance of critical regulatory infrastructure Immergluck takes issue with those calling for deregulation of financial services especially in the arena of fair lending and consumer protection and gives new voice to rationales for social contract policies such as the Community Reinvestment Act He provides new long term analysis of the failure of federal bank regulators to enforce the CRA and also shows how increased community activism and media attention have led to sporadic periods of stronger CRA enforcement Finally he recommends a number of policy changes that are needed to modernize the nation s fair lending and community reinvestment laws and make them more relevant for the 21st century
