Organizing Against Democracy Antonis A. Ellinas, 2020-01-30 Organizing Against Democracy investigates some of the most important challenges modern democracies face filling a distinctive gap in the literature both empirically and theoretically Ellinas examines the attempts of three of the most extreme European far right parties to establish roots in local societies and the responses of democratic actors He offers a theory of local party development to analyze the many factors affecting the evolution of far right parties at the subnational level Using extraordinarily rich data the author examines the lives of local far right party organizations in Greece Germany and Slovakia studying thousands of party activities and interviewing dozens of party leaders and functionaries and antifascists He goes on to explore how and why extreme parties succeed in some local settings while in others they fail This book broadens our understanding of right wing extremism illuminating the factors limiting its corrosiveness Emergency Department Trends from the Drug Abuse Warning Network, 2003 Drug Abuse Warning Network IMS America Ltd, 1977 **The Fellowship** Roy Williams, 2022-07-01 Where s the glory Mum Where s that perfect world for us your kids Children of the Windrush generation sisters Dawn and Marcia Adams grew up in 1980s London and were activists on the front line against the multiple injustices of that time Decades on they find they have little in common beyond family Dawn struggles to care for their dying mother whilst her one surviving son is drifting away from her Meanwhile high flying lawyer Marcia s affair with a married politician might be about to explode and destroy her career Can the Adams sisters navigate the turmoil that lies ahead leave the past behind and seize the future with the bond between them still intact This edition was published to coincide with the world premiere directed by Paulette Randall at London s Hampstead Theatre and is by turns an electrifying hilarious gripping tale set in modern Britain

Our Separate Ways, With a New Preface and Epilogue Ella Bell Smith, Stella M. Nkomo, 2021-08-10 Named to the shortlist for the 2021 Outstanding Works of Literature OWL Award in the Women in Business Category Addressing gender alone won t help women rise to the top Although women come from widely diverse backgrounds they share a common assumption upon entering the workforce I have a chance Along the way however they discover that people question their authority challenge their intelligence and discount their ideas And while gender is a common denominator among these women race and class are often wedges between them In *Our Separate Ways* Ella Bell Smith and Stella M Nkomo take an unflinching look at the surprising differences between Black and White women s trials and triumphs on their way to the top Based on groundbreaking research the book compares and contrasts the experiences of 120 Black and White female managers in America Powerful stories bring to life the women s often difficult journeys from childhood to professional

success highlighting the roles that gender race and class played in their development Now with an updated preface and epilogue the book provides candid discussions of the continuing challenge of achieving race and gender equality in the midst of deep political and ideological divides You ll discover how White women have perhaps unwittingly aligned themselves more often with White men than with Black women and how systemic racism and biases still exist in organizations But you ll also learn what to do to leverage the talents of all women and eliminate systemic racism for good Whether you lead an organization or simply want to better understand the dynamics at play in business today you ll discover provocative ideas for creating a better workplace and encouraging equality for everyone

Star Matters David John West,2023-08-19

Many people on Earth think that we may have been visited by aliens Conspiracy theorists believe that governments are aware and refuse to make this information public These conspiracy theorists are correct In ages past the emerging human race on planet Earth came to the attention of race Dawn of Gaya for its spiritual awareness A small number of Guides were sent to Earth and have lived amongst humans ever since assisting with every significant technological and philosophical discovery in history Amily of race Dawn of Gaya is tasked with discreetly readying the human race on Earth for its promotion to join advanced human races across the galaxy Born of an Earthly baby and Gayan soul Amily and her fellow Travellers of Dawn must carefully develop selected academics and political leaders to achieve Gayan enlightenment Race Spargar are rivals to Dawn of Gaya in our galactic neighbourhood Spargar are only concerned with binding emerging human races that can be snared by their own computing and network technology The exponential rise of Information Technology and the subsequent birth of the Internet on planet Earth makes our world a prime target for Spargar annexation As their mission plays out on Earth and across the Galaxy the Travellers of Dawn tutor their specially chosen earthly contacts They must also counter the grim invasion plans of their Spargar rivals and avoid being hunted down by Spargar agents who pay little heed to the niceties of galactic peace treaties Let the Star Matters begin
