The Greenwood Encyclopedia of African American Literature: U-Z Hans A. Ostrom, J. David Macey, 2005 Designed to meet the needs of high school students undergraduates and general readers this encyclopedia is the most comprehensive reference available on African American literature from its origins to the present Other works include many brief entries or offer extended biographical sketches of a limited selection of writers This encyclopedia surpasses existing references by offering full and current coverage of a vast range of authors and topics While most of the entries are on individual authors the encyclopedia gathers together information about the genres and geographical and cultural environments in which these writers have worked and the social political and aesthetic movements in which they have participated Thus the encyclopedia gives special attention to the historical and cultural forces that have shaped African American writing Publisher

Correspondence and American Literature, 1770-1865 Elizabeth Hewitt, 2004-11-25 Elizabeth Hewitt uncovers the centrality of letter writing to antebellum American literature She argues that many canonical American authors turned to the epistolary form as an idealised genre through which to consider the challenges of American democracy before the Civil War The letter was the vital technology of social intercourse in the nineteenth century and was adopted as an exemplary genre in which authors from Crèvecoeur and Adams through Jefferson to Emerson Melville Dickinson and Whitman could theorise the social and political themes that were so crucial to their respective literary projects They interrogated the political possibilities of social intercourse through the practice and analysis of correspondence Hewitt argues that although correspondence is generally only conceived as a biographical archive it must instead be understood as a significant genre through which these early authors made sense of social and political relations in the nation Publishing Blackness George Hutchinson, John Young, 2018-05-09 The first of its kind this volume sets in dialogue African Americanist and textual scholarship exploring a wide range of African American textual history and work The Souls of Mixed Folk Michele Elam, 2011-02-21 The Souls of Mixed Folk examines representations of mixed race in literature and the arts that redefine new millennial aesthetics and politics Focusing on black white mixes Elam analyzes expressive works novels drama graphic narrative late night television art installations as artistic rejoinders to the perception that post Civil Rights politics are bereft and post Black art is apolitical Reorienting attention to the cultural invention of mixed race from the social sciences to the humanities Elam considers the creative work of Lezley Saar Aaron McGruder Nate Creekmore Danzy Senna Colson Whitehead Emily Raboteau Carl Hancock Rux and Dave Chappelle All these writers and artists address mixed race as both an aesthetic challenge and a social concern and together they gesture toward a poetics of social justice for the mulatto millennium The Souls of Mixed Folk seeks a middle way between competing hagiographic and apocalyptic impulses in mixed race scholarship between those who proselytize mixed race as the great hallelujah to the race problem and those who can

only hear the alarmist bells of civil rights destruction Both approaches can obscure some of the more critically astute engagements with new millennial iterations of mixed race by the multi generic cohort of contemporary writers artists and performers discussed in this book The Souls of Mixed Folk offers case studies of their creative work in an effort to expand the contemporary idiom about mixed race in the so called post race moment asking how might new millennial expressive forms suggest an aesthetics of mixed race And how might such an aesthetics productively reimagine the relations between race art and social equity in the twenty first century

Signatures of the Past Marc Maufort, Caroline De Wagter, 2008 In the last decades of the twentieth century North American drama has powerfully enacted the problematic notions of cultural memory and identity as the essays assembled in this critical anthology demonstrate Echoing Derrida's non essentialist interpretation of the term signature this collection provides an innovative focus on North American theatre and drama as a site of latent cultural memories In this volume the concept of cultural memory offers a privileged vantage point from which to redefine issues of diasporic identities exilic predicaments and multi ethnic subject positions at the dawn of a new century Playwrights examined here include noted Canadian and US artists such as Marie Clements Eva Ensler Lorraine Hansberry Tomson Highway Cherr e Moraga Djanet Sears Guillermo Verdecchia August Wilson and Chay Yew to cite but a few In the process of remembering North American dramatists develop new aesthetic modes in which the signatures of the past merge with the present and foreshadow an imagined future

The Cambridge Companion to James Baldwin Michele Elam, 2015-04-20 This Companion offers fresh insight into the art and politics of James Baldwin one of the most important writers and provocative cultural critics of the twentieth century Black gay and gifted he was hailed as a spokesman for the race although he personally and controversially eschewed titles and classifications of all kinds Individual essays examine his classic novels and nonfiction as well as his work across lesser examined domains poetry music theatre sermon photo text children's literature public media comedy and artistic collaboration In doing so The Cambridge Companion to James Baldwin captures the power and influence of his work during the civil rights era as well as his relevance in the post race transnational twenty first century when his prescient questioning of the boundaries of race sex love leadership and country assume new urgency

Vagabonds, Tramps, and Hobos Owen Clayton, 2023-08-10 The most enduring version of the hobo that has come down from the so called Golden Age of Tramping 1890s to 1940s is an American cultural icon signifying freedom from restraint and rebellion to the established order while reinforcing conservative messages about American exceptionalism individualism race and gender Vagabonds Tramps and Hobos shows that this pioneer hobo image is a misrepresentation by looking at works created by transient artists and thinkers including travel literature fiction memoir early feminist writing poetry sociology political journalism satire and music This book explores the diversity of meanings that accrue around the

hobo and the tramp It is the first analysis to frame transiency within a nineteenth century literary tradition of the vagabond a figure who attempts to travel without money This book provide new ways for scholars to think about the activity and representation of US transiency Minority Reports M. Borgstrom,2010-07-05 Through close readings of texts by African American and women authors Minority Reports offers a theoretical defense of the use of identity categories in American studies by examining how early American literature not only responds to the social stratification of the nineteenth century but also challenges modern historical conceptions of this era **Racial Discourse and Cosmopolitanism in Twentieth-Century African American Writing** Tania Friedel,2010-06-21 This book engages the critical mode of cosmopolitanism through racial discourse in the work of several major twentieth century African American authors such as W E B Du Bois Jean Toomer Jessie Fauset Langston Hughes and Albert Murray *Chaotic Justice* John Ernest,2010-05 What is African American about African American literature Why identify it as a distinct tradition John Ernest contends that too often scholars have relied on nave concepts of race superficial conceptions of African American history and the marginalization of important strains of black scholarship With this book he creates a new and just r *100 Black Women Who Shaped America* Glenn L. Starks,2024-06-27 This introductory text explores the lives of 100 Black women and their unique and meaningful legacies upon the history society and culture of the USA Today the names and remarkable achievements of Black women such as Maya Angelou Serena Williams Michelle Obama and Oprah Winfrey are well known to many Americans Yet throughout American history many lesser known Black women like them have made invaluable contributions to sports science the arts medicine politics and civil rights Josephine St Pierre Ruffin who published the first newspaper written for and by African American women championed the cause of women s suffrage Matilda Sissieretta Jones whose father was an enslaved person toured Europe and performed at the White House in front of four different presidents as one of the great sopranos of her generation Augusta Savage overcoming racism and sexism became one of the most celebrated sculptors in history This book serves as an important reminder that the story of America cannot be told without the Black women who with strength and determination have always pushed America forward even when others held them back The Oxford Handbook of American Literary Realism Keith Newlin,2019 The Oxford Handbook of American Literary Realism offers fresh interpretations of the artistic and political challenges of representing life accurately It is the first book to treat the subject topically and thematically in wide scope with essays that draw upon recent scholarship in literary and cultural studies to offer an authoritative and in depth reassessment of major and minor figures and the contexts that shaped their work **Cooking in Other Women's Kitchens, Enhanced Ebook** Rebecca Sharpless,2013-02-01 As African American women left the plantation economy behind many entered domestic service in southern cities and towns Cooking was one of the primary jobs they performed feeding generations of white families and in the process profoundly shaping southern foodways and culture In *Cooking in Other Women's Kitchens Domestic Workers in the South 1865-1960* Rebecca Sharpless argues that in the face

of discrimination long workdays and low wages African American cooks worked to assert measures of control over their own lives As employment opportunities expanded in the twentieth century most African American women chose to leave cooking for more lucrative and less oppressive manufacturing clerical or professional positions Through letters autobiography and oral history Sharpless evokes African American women s voices from slavery to the open economy examining their lives at work and at home The enhanced electronic version of the book includes twenty letters photographs first person narratives and other documents each embedded in the text where it will be most meaningful Featuring nearly 100 pages of new material the enhanced e book offers readers an intimate view into the lives of domestic workers while also illuminating the journey a historian takes in uncovering these stories *Encyclopedia of the American Short Story* Abby H. Werlock,2015-04-22 Two volume set that presents an introduction to American short fiction from the 19th century to the present *Like One of the Family* Fiona Mills,2016-06-22 Kathryn Stockett s 2009 best selling novel *The Help* and its subsequent 2011 film center on the experiences of African American domestic workers living in Jackson Mississippi Stockett s sanitized portrayal of life in the Deep South where black women were charged with rearing white children while concurrently barred from sharing toilets and common eating areas with their employers simultaneously enthralled and disturbed readers and viewers alike Notably it is not the domestics themselves who render their tales but rather Eugenia Phelan a white twenty something Mississippian with whom they hesitantly collaborate who ultimately voices their stories of life during the harrowing early days of the Civil Rights movement in the Deep South Essentially these stories are articulated through the voice of a white woman a fact that becomes even more complex when one acknowledges that this fictional tale of the inner life of black maids working in Jackson Mississippi one of the most notorious states in regards to racial atrocities suffered during the mid twentieth century is rendered through the words of a white southern writer Despite the book s positive public reception its sentimental portrait of the lives of African American domestic workers is troubling due to its heavy handed use of dialect and feel good message about the admirable interventions of a white protagonist intent on alleviating some suffering while glossing over the vicious attacks on African Americans during the Civil Rights era The issue of visibility invisibility is central in this text At its most basic level the text itself has lacked traditional critical visibility as currently there has been a dearth of academic books focusing on this specific novel although the novel and subsequent film received much attention in national newspapers and magazines as well as significant critical debate in a wide variety of online venues This collection considers why such sterilized versions of America s complex racial history resonate so deeply in our contemporary timeframe Essay topics range from examinations of the laboring black female body to the impact of domestic work on families both black and white to explorations of the connections between rhetoric writing and race Also included are several comparative pieces that draw connections between Stockett s work and that of 1940s cartoonist Jackie Ormes as well as filmic comparisons to *Imitation of Life* 1934 and 1959 and *Black Girl* 1966 by Senegalese filmmaker

Ousmane Semb ne With a Preface by Trudier Harris and the inclusion of several essays previously published in Southern Quarterly and Southern Cultures this volume represents the first text dedicated solely to Stockett s wildly popular novel and its subsequent film adaptation Richard Wright Keneth Kinnamon,2014-11-04 African American writer Richard Wright 1908 1960 was celebrated during the early 1940s for his searing autobiography Black Boy and fiction Native Son By 1947 he felt so unwelcome in his homeland that he exiled himself and his family in Paris But his writings changed American culture forever and today they are mainstays of literature and composition classes He and his works are also the subjects of numerous critical essays and commentaries by contemporary writers This volume presents a comprehensive annotated bibliography of those essays books and articles from 1983 through 2003 Arranged alphabetically by author within years are some 8 320 entries ranging from unpublished dissertations to book length studies of African American literature and literary criticism Also included as an appendix are addenda to the author s earlier bibliography covering the years from 1934 through 1982 This is the exhaustive reference for serious students of Richard Wright and his critics **Reclaiming Authorship** Susan S. Williams,2013-06-15 There was in the nineteenth century a distinction made between writers and authors Susan S Williams notes the former defined as those who composed primarily from mere experience or observation rather than from the unique genius or imagination of the latter If women were more often cast as writers than authors by the literary establishment there also emerged in magazines advice books fictional accounts and letters a specific model of female authorship one that valorized natural feminine traits such as observation and emphasis on detail while also representing the distance between amateur writing and professional authorship Attending to biographical and cultural contexts and offering fresh readings of literary works Reclaiming Authorship focuses on the complex ways writers such as Maria S Cummins Louisa May Alcott Elizabeth Keckley Mary Abigail Dodge Elizabeth Stuart Phelps and Constance Fenimore Woolson put this model of female authorship into practice Williams shows how it sometimes intersected with prevailing notions of male authorship and sometimes diverged from them and how it is often precisely those moments of divergence when authorship was reclaimed by women The current trend to examine women writers rather than authors marks a full rotation of the circle and writers can indeed be the more capacious term embracing producers of everything from letters and diaries to published books Yet certain nineteenth century women made particular efforts to claim the title author Williams demonstrates and we miss something of significance by ignoring their efforts *Clothed in Meaning* Sylvia Jenkins Cook,2020-08-25 The rise of both the empire of cotton and the empire of fashion in the nineteenth century brought new opportunities for sartorial self expression to millions of ordinary people who could now afford to dress in style and assert their physical presence Millions of laborers toiling in cotton fields and producing cotton cloth in industrial mills faced a brutal reality of exploitation servitude and regimentation yet they also had a profound desire to express their selfhood Another transformative force of this era the rise of literary publication and the radical extension of literacy to the working class opened an avenue for them to do so Cloth

and clothing provide potent tropes not only for physical but also for intellectual forms of self expression Drawing on sources ranging from fugitive slave narratives newspapers manifestos and mill workers magazines to fiction poetry and autobiographies *Clothed in Meaning* examines the significant part played by mill workers and formerly enslaved people many of whom still worked picking cotton in this revolution of literary self expression They created a new literature from their palpable daily intimacy with cotton cloth and clothing as well as from their encounters with grimly innovative modes of work In the materials of their labor they discovered vivid tropes for formulating their ideas and an exotic and expert language for articulating them The harsh conditions of their work helped foster in their writing a trenchant irony toward the demeaning reduction of human beings to hands whose minds were unworthy of interest Ultimately *Clothed in Meaning* provides an essential examination of the intimate connections between oppression and luxury as recorded in the many different voices of nineteenth century labor
